

Councilmen Before Grand Jury

VERDICT OF \$2329.96

In Plain Street Grade Cross- ing Suit

But City is Liable for but 10 Per Cent. — Motion Overruled for New Trial in the Case of Lauzier vs. Lawrence Co. — Court Adjourns to Cambridge

The jury in the case of Davis et als (City Iron Foundry) vs. City of Lowell returned a scaled verdict this morning which when opened was for the plaintiff in the sum of \$2329.96. In this case the plaintiffs sued for an assessment of land damages as the result of the changing of the grade crossing at Plain street. No land was taken but the company sued because of the depreciation of its property on account of the proximity of the road and on account of an embankment which shut off light and air from their plant. Albert S. Howard appeared for the plaintiffs and the city solicitor and F. A. Farham for the defendants. The defendants were the Boston & Maine railroad, the N. Y. N. H. and H. railroad and the city. The damages are assessed as follows: City of Lowell, 10 per cent; the state 25 per cent; and the railroad 65 per cent, so that the city's liability is comparatively light.

In the case of Lauzier vs. Lawrence Mfg. Co., in which the plaintiff sued and recovered a verdict of \$1500 for the loss of a thumb, Frank E. Dunbar, counsel for the defendant company, today presented and argued upon a motion for a new trial. Albert S. Howard, counsel for the plaintiff, argued against the motion and it was overruled. Court adjourned to Cambridge this forenoon.

LOWELL OFFICIALS

Asked to Tell Grand Jury About Alleged Bribery

Four members of the Lowell common council went to East Cambridge today to appear before the grand jury. Summonses were served on the councilmen last night, and it is supposed that the matter has to do with the meeting of the common council last Tuesday night when charges of bribery were made.

It is known that the attention of District Attorney John J. Higgins was called to the charges made by the councilmen in open meeting last Tuesday night, and it was expected that he would investigate them.

The grand jury is in session and is said to be preparing its report on the county ring investigation, so called. This investigation has been going on for several months.

Assistant District Attorney Wier was seen by a representative for The Sun this afternoon and Mr. Wier said that if the district attorney was getting busy on the Lowell matter it was news to him. "I have not heard a word about it," said Mr. Wier.

President Herbert E. Elliott of the common council said he had not been notified of any action on the part of the district attorney and he allowed that as president of the common council he would be notified if any action were taken.

The Sun called the office of the district attorney at East Cambridge, by telephone, and while nothing definite was learned from that office the report that the four councilmen had been summoned to appear before the grand jury was not denied. Several citizens besides the councilmen also were before the grand jury.

Cause of Trouble

A motion offered by Councilman Chapman was responsible for the sensation at Tuesday night's meeting. Mr. Chapman moved that the elections of superintendent of streets, inspector of lands and buildings, city messenger and city solicitor be deferred to the last regular meeting of the year.

Four of the democrats appealed to the chair not to entertain the motion, as such action would be unfair, unjust and illegal.

"I rule that the motion is in order," said President Elliott, "and if you question my ruling you have the right to appeal."

"If this vote goes through," shouted Councilman Tracey, "I will take the matter up with District Attorney John J. Higgins tomorrow morning. I know there have been people in the corridor

offering something of value for votes, and if this thing goes any further there will be something doing."

Councilman Thomas Donohoe said: "There are men in this chamber who have received tips and I'll put some of them behind the bars. I'll go to Boston tomorrow and see the district attorney."

Councilman Chapman's motion was defeated.

HATTIE LEBLANC

Her Deposition in Glover Will Case Read in Court Today

CAMBRIDGE, April 28.—The deposition of Hattie Leblanc was read today to the jury in the supreme court, that is hearing the evidence in the contest of the will of Clarence Glover, the Waltham laundry proprietor who was murdered a year ago last November. Hattie Leblanc was freed after a sensational trial. The deposition was taken last week at St. John, N. B., counsel for the will and for the four brothers of Glover who are protesting against its allowance being present at the examination of the Leblanc girl.

The deposition is a lengthy document and it was anticipated that its reading would consume practically all of the day. During its reading, counsel for both sides entered innumerable exceptions to certain of the questions and answers. The deposition was read by Edward F. Barry, of counsel for the four Glover brothers who contest the will which left all of the property to Lillian M. Glover, the widow, and Seymour Glover, a brother of the testator.

During the early part of the forenoon there were frequent conferences between Justice Hammond and the counsel in the case. Later there was a conference between Justice Hammond and Judge Brewer, who was junior counsel for the Leblanc girl during the murder trial and Miss Alice Norrell, the stenographer who took Hattie's deposition at St. John. When court opened before 11 o'clock Attorney Jesse Gove of counsel for the contestants asked

that the deposition be read and Mr. Barry began the reading of questions and answers.

In the deposition the Leblanc girl told of her life in the Glover home at Waltham. She said that she was on friendly terms with both Clarence Glover and his wife. The couple, she said, quarreled frequently, when Mrs. Glover would call her husband vile names and he would reply in language of a similar character. She had never, she said, seen any evidences of fondness for each other exhibited by either of them.

"Mrs. Glover," she said, always spoke to and of her husband as "Glover," except when she quarreled with him, when she would apply some offensive epithet to him. One time, she testified, Glover and his wife did not speak to each other for three weeks.

"The Leblanc girl" said that she had heard Mrs. Glover make threats against her husband before a third party. Once the third person was Harold Gardner, another time it was Clarence Hill, and on a third occasion it was Blanche Halliday, a niece of Glover.

"Did you ever overhear any conversation between Mrs. Glover and another person?" was one of the questions, and in answer the deponent said that in August, three months before Glover's death, she heard a conversation between Mrs. Glover's and Toby Leblanc, a brother of Mrs. Glover. Mrs. Glover, she said, asked Toby if he would kill Glover if she would pay him for it. Toby said that he would not and that if she wanted any killing done she would have to do it herself.

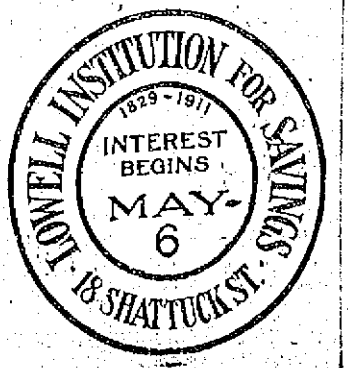

During the reading of the deposition certain portions were ordered stricken from the records by Justice Hammond, among the parts under the ban being all reference to an alleged act of misconduct on the part of Glover and the Leblanc girl in the bath room of the Glover home some time previous to the murder.

BOWLING MEET

Big Event to be Held Here

BOSTON, April 28.—A meeting of the board of directors of the National duck and candlepin bowling congress will be held at 155 Washington street late this afternoon. The directors will arrange the division of prize money, award dates to the different teams and cities and arrange for all the minor details concerning the tournament, which will be held on the Crescent alleys, starting next week.

It is intended to have the Lowell rollers start off the competition, and it is believed that they will succeed in putting up some high scores for the other combinations to go against.

Next Wednesday will probably be "Boston day" and among other teams which will roll on that day and evening are the Adams square and Beatty-Boylston outfits. The Colonial club may also compete on that occasion. Arrangements are being made to have some of the amateur teams roll on Thursday. On that date the Dalton club of Newburyport will roll their "crack" at Boston pins, while some of the members will also roll on the Bowdoin and the Columbus club of Andover and the Columbus club will also be able to compete that day.

On Friday, May 5, the Nashua, N. H., rollers will go against the duckpins and the Maugus club of Weylesley will take a "crack" at Boston pins, while some of the members will also roll on the Bowdoin and the Columbus club of Andover and the Columbus club will also be able to compete that day.

There are many other teams unplaced and their dates will be assigned this evening.

ANNUAL DANCE OF COMPANY K AT COLONIAL HALL

The annual dance of Co. K, 6th Mass. Infantry, under the auspices of the non-commissioned officers, will be held at Colonial hall, this evening at 8.30 o'clock. A large crowd is expected at the event, and a "jolly good time" is in store for those who will attend. The

non-commissioned officers are as follows:
Sergeants—Harry G. Sheldon, Chas. A. Stevens, Winfred MacBrayne, Victor F. Jewett, Jerome E. Scarley, William Williston Carl, Sydney Greeley, Corp. S. R. Waller, A. G. Cashin, E. P. Luce, M. S. Master, E. R. Pountain, E. O. Page and Quartermaster Sergeant J. W. Scott.

ARTHUR LEVELLE SURPRISED BY NUMBER OF HIS FRIENDS

An agreeable surprise was caused Mr. Arthur Leveille last night, when a number of his friends gathered at his home, 64 Butterfield street, and presented him with a beautiful gold watch fob and a fine pair of gold cuff links.

Mr. Leveille is the popular window trimmer of the A. G. Pollard Co., and also a member of Cercle Rostand. His numerous friends gathered at his home to spend an enjoyable evening and this they did, for a game of whist was played, and a fine entertainment program was rendered.

The presentation speech was delivered by little Miss Exeelle Bearnier, and little Miss Blanche Leveille, daughter of Mr. Leveille, presented the gift. Mr. Leveille, although taken by surprise, responded with a neat little speech in which he thanked his guests, and then tables were laid and whilst was enjoyed, the winners being the Misses Bussiere, Louis Bernier, Miss Lagasse and Miss Anna McCashin. The feature of the evening, however, was the musical program rendered by Miss Rebecca Lacouture, Miss Georgiana Desrosiers, Messrs. Edward Gaudette and Arthur Leveille. A light lunch was served, and it was a late hour when the guests departed, extending their thanks and best wishes to Mr. and Mrs. Leveille.

BIG RACE MEET

BALTIMORE, April 28.—What is expected to be the greatest race meeting ever held by the Maryland Jockey club at the old Pimlico track begins tomorrow afternoon and will continue until May 17. Working Girls' Club Presented "The Club"

Members of the Working Girls' club, composed of young women employees of the Boot mill, presented a delightful comedy titled "The Club" in an excellent manner in the recreation room at the mill last night. The production was a credit to the members of the cast and the manner in which the play was presented showed that there is considerable talent in the organization. The recreation room was transformed into a small theatre for the occasion. The play was acted which was complete in all its accessories including scenery, drops and footlights. While there was no orchestra, a sweet toned piano, played by an adept at the keys furnished the necessary music. The play was given for the benefit of the camp that the club has leased for the summer and there was a large attendance of fellow-workers in the mill besides the members of the club. Present also were the treasurer and agent of the mill and their wives and families.

The comedy was given in three acts, and told the story of the return of a country girl from a visit to Boston where she had attended a meeting of the club of which her aunt was a member. As a result of the young woman's enthusiasm, the women of the town decided to organize a club of their own. The club did not prove a success, as it was disorganized at the end of the second meeting. The comedy is full of meriment and funny situations and was well received by the audience.

The cast of characters was as follows: Mrs. Jones.....Elizabeth O'Connell Mrs. Brown.....Mary King Mrs. Snow.....Elizabeth Catterall Hannah Maria.....Mary Carroll Mrs. Reed.....Nellie Bixby Mrs. Perkins.....Nellie Lynde Mrs. Smith.....Catherine Noonan Mrs. White.....Ida Phil Mrs. Slocum.....Mary Carney Mrs. Higgins.....Mary Sullivan Mrs. Stone.....Alice O'Neil Mrs. Rice.....Mollie Coleman Mrs. Martin.....Mary Martin Mrs. Hobbs.....Josephine Griffin Mrs. Shaw.....Margelene Shea Mrs. Turner.....Alice Oliver Mrs. Spring.....Dessie Ramsey Mrs. Welch.....Anna Bradley

Despite the fact that the only time for rehearsals was during the noon hour of the working days the members of the cast presented the sketch in an admirable manner and reflected much credit on their ability. Miss O'Connell played the part of "Mrs. Jones" in a manner which was praiseworthy and brought forth much applause. Miss Carroll made a hit in her portrayal of "Hannah Maria" and the other members carried out their roles in a capable manner.

Between the acts, three very pretty girls, the Dion sisters, sang solos, duets and trios, all of which were hailed with hearty applause. The piano for the evening was Miss Blanche Jodoin; the stage manager, Milton R. Corey, and the director, Miss Mary Joyce.

Between the second and third acts Miss Minnie O'Connell took occasion to thank the mill officials and the wife of the treasurer for their kindness and assistance rendered.

The play will be given again tonight at the same place and same hour, 7:45 o'clock.

Unique concert, April 30th. Opera House. Monster band. Talented soloists.

GRAND SUCCESS

WAS SALE CONDUCTED BY J. E. CONANT & CO.

J. E. Conant & Co. of this city completed the second day's sale at the properties of the Southwark Mills Co., Philadelphia, Wednesday and 122 lots over. In other words we have sold beside Wednesday's allotted work 122 lots on Thursday's schedule.

There was a splendid attendance of interested bidders from all over this country and Canada although bargains were plenty.

The sale began promptly at 9:30 in the morning, and continued with the exception of a slight intermission at 1 o'clock until 3:45 p. m., a matter of 365 minutes to sell 329 lots, making an average of 2 1/2 lots a minute for the day's work.

The sale continued Thursday morning beginning promptly at 9:30 o'clock at 21st st and Washington avenue, and from there to Third and Moore streets sometime about the middle of the day.

The sale at 5th and Tucker streets started this morning with the 2503 pieces of cloth and continued on with the machinery and other equipment, and with the 19 tons of yarn during the day. It is possible that it may not take an hour to sell the cloth.

The day's total added to yesterday's total makes a grand total for the two days of \$235,000.

LOWELL NOBLES

TO HEAR CAPT. HATHAWAY TELL OF POET O'REILLY'S RESCUE

Lowell members of the Mystic Nobles of Granada have received special invitations to attend a lecture and entertainment by the Boston Commandery No. 3, Order of the Alhambra, in the International hall, Dudley street, Sunday afternoon at 2:30 o'clock. The special guest and speaker will be Capt. Henry C. Hathaway of the Yankee bark Gazelle, who will tell the thrilling story of the rescue of the patriot-poet, the late John Boyle O'Reilly, from the penal colony of Australia. No one can doubt the recent incident to the rescue of the poet, O'Reilly, better than Capt. Hathaway, for when several months ago he appeared before the O'Reilly club of Boston and told his dramatic story of the rescue, which numbered some of the laureated poet's dearest friends, was visibly affected, so thrilling and so full of interest was the tale unfolded. The Order of the Alhambra will also have as a guest, the Hon. Wm. H. Bennett, of New York, supreme commander, an eloquent speaker who will deliver an address. Grand Commander Hugh P. McNally, who is well known here as assistant editor of the Pilot, will preside. A big delegation from Lowell will assist in the festivities, for the Alhambra of Boston is famed for its generous hospitality.

Saw "Anne of Old Salem" Presented

A pretty and interesting three-act drama entitled "Anne of Old Salem," was presented last night in the vestry of the First Trinitarian church by a clever cast of amateurs, before a vast audience. The play was given under the auspices of the candy committee of the ladies auxiliary of the Y. M. C. A. and for the benefit of the building fund.

The time of the play is placed in the year 1632 and depicts with faithful accuracy, the stirring times caused in Salem by witchcraft. It is based partly on facts and in the course of the action several well known historical characters are brought in.

The cast of characters follows: Anne Ellinwell.....Alice L. Livingston Goodwife Ellinwell, mother of Anne, Nellie F. Snow Roger Hardman.....R. W. Black Debbal Brown "Happy" With either were "other poor damsel away." Willard A. Parker Phyllis, an English visitor at Captain Hardman's.....Ruby C. Hull Nathan Ellinwell, brother of Anne, Charles H. Miller Ruth, of the despised Quaker faith, Harriet F. Spaulding Mistress Hardman, mother of Roger, Ethel R. Waller Peace Atkins.....S. Marjorie E. Ellis Plety.....Helene R. Abels Truth.....Rudolph A. Sturtevant "Two souls with but a single thought," Rev. Cotton Mather.....E. T. Goward

ON WIFE'S GRAVE

Aged Man Perished in a Brush Fire

GREAT BARRINGTON, Mass., April 28.—After he had cleared weeds and bushes from about his wife's grave in a cemetery in New Marlboro, yesterday, August B. Bergmann, an aged farmer of that town, was burned to death on the grave by a fire he had started to dispose of the gathered brush.

The flames found similar material in the growth over the graves and

swept over a greater part of the cemetery and into adjoining woodland, burning more than 100 acres of timber before they were controlled.

This was but one of many woodland fires which blazed throughout southern Berkshire yesterday.

Mr. Bergmann, who was 75 years old, left his home yesterday to make his usual spring visit to his wife's grave, with the intention of clearing it of the growth acquired between the autumn and early spring. He was seen clipping the weeds and bushes, which he placed in a heap to one side, and had rebanked the mound. It was found later. Apparently the aged man, after setting fire to the pile of brush, stayed near the blaze, his clothes catching fire. The bushes in the vicinity offered further food for the flames and it is probable that before he could make his way to safety through the flaming barrier that sprang up about him he fell suffocated by the smoke. Lying on his wife's grave, his charred body was found by John Adams.

Mr. Bergmann was a tailor by occupation, and had also been a gardener of the Bloodgood estate.

The funeral will take place Saturday and burial will be in the family plot, where he is laid to rest.

Property loss to the extent of \$7000 was suffered as a result of a forest fire in Montpelier yesterday, the house and barn of Henry L. Langharr, a farmer, being destroyed by the flames which had started in nearby brush land. This fire burned itself out without further damage.

KILLED HIMSELF

Deceiver Admits His Sin and Ends Life

PITTSFIELD, April 28.—Carl Bennerstrand, who on Feb. 24 eloped from this city with Annie Matilda, the wife of Walter Lund, now of Hartford, formerly of 28 Center street, this city, committed suicide Monday in his boarding house in 450 West Oak street,

Chicago, by blowing out his brains with a revolver.

He left behind him on the dresser in his room a note in which he said in part:

"I am altogether bewildered and I know not what I do. Forgive me, darling. The wages of sin is death. The one who has committed sin must suffer the penalty and I suffer. My true name is Carl Bennerstrand and the woman with me is Anna Lund. We have never been married. She, I misled by writing and telling her that I loved her. She has good husband."

"I worked in Pittsfield building machines. I have been living here under the name of Adolph Werner."

Feb. 24 Walter Lund, who was employed as an envelope cutter in the

Eaton, Crane & Pike Co. factory, returned home to find that his wife had left the city, according to the neighbors, with Carl Bennerstrand, a former roomer at his home, who was employed as a machinist at an auto plant.

He was, according to Lund, a university-educated Swede, with polished manner, who either by hypnotic or some other influence so enthralled Mrs. Lund that he was forgotten.

She left for Lund the following note:

"Translated it says:

"Forgive me dear Walter, for this and for the injury I do you, but I must go this way or die. I love Carl, so ask forgiveness for me from my mother, my brother and my people. Do it for me, please. I shall go first to a friend in Providence, then I know not where,

but we shall probably locate in Boston. Do not try to follow me, but forgive me and forget me.

Anna.

After the elopement neighbors told Lund that Carl Wannerstrand, as he was known to Lund, had been paying marked attention to his wife during Lund's absence at the factory.

Festival of finest music, Opera House next Sunday evening.

TWO BOUTS

AT LOWELL SOCIAL AND ATHLETIC CLUB LAST EVENING

Two bouts were given at the meeting of the Lowell Social and Athletic club

last evening, the preliminary being the more enjoyable of the two. The principals in the prelimin were "Buster" Morlarty and Bob Sargent of Fitchburg. It was "Busters" first offense and he made good, the bout going only three rounds. "Buster" has a wallop like the kick of a mule and may yet be a white man's hope. Mart Conley of South Boston and a near-boxer who claimed to be Jack Brown of California were announced to go 10 rounds, but if Conley hadn't been a good fellow it wouldn't have gone a minute. Conley held off until the seventh.

NASHUA FIREMEN

Responded to 10 Alarms
Yesterday

NASHUA, N. H., April 28.—The Nashua firemen had 10 calls yesterday and burned over in different sections of the outlying district, doing a damage of at least \$500 to young pine.

One of the most extensive of these fires was set by boys who kept setting fires as fast as the firemen subdued them. Capt. Albert

Melendy saw four boys at work once or twice, but could not identify them or catch them. Chief C. H. Whitney of the fire department called upon Edwin A. Rice, superintendent of streets for Nashua, to see if he could find the boys. The unusual heat of the day rendered the work arduous.

Woods on land of John Blinn were burned over and the fire communicated to the house of J. M. Beardon. The situation was so threatening that an alarm was sounded for more help. The flames were checked before much damage was done.

At 2:16 a call came for a threatening fire on land of Mary Evans of Fairmount Heights. The damage was \$50.

At 2:55 a fire was reported in the heavy timber belonging to the Nashua manufacturing company, between its canal and the Nashua river. This fire raged furiously and the damage amounts to thousands of dollars.

The next call was for more help for this fire.

At 2:55 a call came for a fire on South Dunstable road. It lasted four hours and ran over land of several parties, doing damage of \$500 to the timber of Charles Lund.

At 3:55 o'clock came a call for a fire which had been set by boys or caught from the Dunstable road fire on land near the Nashua fair grounds. Mrs. Elbridge Heath suffered a loss of \$500 to her timber lot.

At 4 o'clock a call came for a fire originated from a brush pile which some one was burning. This fire ran through pine timber of Mrs. Almou Wheeler of Hollis, destroying a number of thousand feet of pine and inflicting a loss of \$1000.

It was a spectacular fire and became so threatening to houses on Manchester street, for which it was headed, that a second call was sent in 30 minutes after the first and the fire engines brought to the scene.

The 10th and last call came in at 3:35 last night from box 21, for a grass fire on North Common, owned by the city of Nashua. The damage was slight. The number of alarms breaks the record and the day was one of the most strenuous in the history of the Nashua fire department.

DANCING PARTY

By Employees of the
Bon Marche

The semi-annual dancing party by the Bon Marche Employees' Mutual Benefit association, held in Lincoln hall last night, attracted a large number of people, the majority of whom were friends of the members of the association and of the younger social set. A delightful musical program was carried out by Kildee's orchestra which also furnished music for dancing.

The success of the affair was due to the efforts of the following efficient committee: General manager, Frank E. McLean; assistant, Eva Suprenant; floor director, Margaret H. Murray; assistants, Kathleen Jennings, Gertrude Holden; chief aid, Mary Doherty; aids, M. J. Ryan, Walter Robinson, Major Cassette, Ralph Hickey, James Roarke, Frank Sullivan, Margaret Riley, Loda Delisle, Irene Wilson, Mary E. Crowley, Jessie Campbell, Alma Roy.

BORN IN LOWELL

Was Ned Hilton Counsel
in Explosion Cases

Lowell people will be interested to learn that O. Nelson Hilton, the attorney engaged by the Western Federation of Miners in the Los Angeles explosion cases, is a native of Lowell and a graduate of the public schools of this city.

"Ned" Hilton as he is popularly called was born here and is a brother of the late Mrs. Coburn who was drowned at Killarney some time ago. He graduated from the Lowell high school and left Lowell about 25 years ago. He is a resident of Denver, Colo., where he has a fine record at the bar and where he has served as a judge. He is considered one of the finest criminal lawyers in the country today.

WAS SUFFOCATED

Woman Perished in Fire
in Memphis

MEMPHIS, Tenn., April 28.—One woman was suffocated, half a dozen other persons overcome by smoke and several were injured in a fire that wrecked the lower floor of the Waldron block, a four story building occupied on the three upper floors by the Palmer hotel, a lodging house, early today.

WAVE OF CRIME

Investigated by the
Grand Jury

NEW YORK, April 28.—Investigation of the crime wave alleged to be due to police inefficiency reached an important stage today with the expected appearance before the grand jury of Second Deputy Police Commissioner Flynn. Mr. Flynn resigned his office recently, his resignation to take effect May 1. It is believed he will be asked to verify for the grand jury a statement he has been quoted as making that he got out because men that he knew to be crooked had been retained in the department and in authority.

SIR JOHN MURRAY

AWARDED THE HELEN CULVER
GOLD MEDAL

CHICAGO, April 28.—The fifth Helen Culver gold medal conferred by the Geographic society of Chicago for extraordinary scientific attainments was bestowed last night on Sir John Murray, K. C. B., F. R. S., the oceanographer. He delivered a lecture before the society upon recent discoveries in connection with the study of oceanic conditions the world over.

Sir John Murray offered to contribute \$10,000 should reciprocal agreement be made whereby Canada and the United States should begin a joint study of the great lakes.

"I see no greater field for your investigation along scientific lines than this great system of lakes," he said. "You can have no idea of the economic value and the educational profit resulting from such an investigation until it is taken up. I would urge seriously such a task upon you."

CONGRESS OF MOTHERS

WASHINGTON, April 28.—The National Congress of Mothers and Parent Teachers association today considered the relation of the state in child welfare. Discussion of the welfare of the country child was informal. The attention paid by the state to its roads so as to make every country school accessible at all seasons, uniformity of standards of education in public schools throughout the state and consequent educational advantages for the country child equal to those of the city child, heating and cleaning out of the school buildings, co-operation of state departments of agriculture with the schools in promoting school hours for educational and social purposes were phases of the subject considered.

Waterhouse and Howard Worsteds

I pulled off a stunt this week that I admit I can't always duplicate. It isn't given to any man in business to always accomplish the wonderful. Things are wonderful because they are seldom.

Today I can talk big—I've got the goods. I've got for you and your friends the famous WATERHOUSE AND HOWARD WORSTEDS down where you can buy them.

Will you do me a favor? Will you do yourself a favor? Will you look at them? I tell you they are a delight to the eye. They are a pleasure to the sense of touch and at Mitchell prices they are a sensation to the pocketbook. You have paid in the past \$18 and \$20 for these same goods. You can't touch these within a mile of my price. Buy them, sir, on my recommendation.

LOWELL

THE OPERA HOUSE

At the Opera House last night that popular musical production known as "Madame Sherry" and styled the "Sister of the Merry Widow," pleased an audience that taxed the capacity of the theatre.

The company that appeared at the Opera House last night was one of five companies on the road presenting the same show. It has many talented musicians, some of whom are familiar to Lowell audiences as members of other companies. The production is entitled a French vaudeville in three acts and based on the French book of M. Ordonneau, music by Hugo Felix, the score of the present version being by Karl Hoschna.

There are twenty-two musical numbers in the performance and all are good, while some reach a degree of excellence that brings curtain calls in quick succession. Among the most striking of these musical hits were: "The Kiss You Gave," "Every Little Movement," "You Can't Argue," "I'm All Right" and "Or for a Sail." The program was a long one and varied enough to suit everybody. Among

those who assumed the leading roles and won much applause may be mentioned: Anna Boyd, Wilmer Bentley and Marie Flynn. Miss Flynn in simulating a state of intoxication, in the opinion of some, was too realistic at least for a girl. Virginia Felt as "Pepita" was good, as was Frank Johnson as "Leonard Gomez," Bernard L. Ross as "Harry" and the long line of pupils at Sherry's school of aesthetic dancing played their respective parts well. The audience expressed its satisfaction by frequent bursts of applause that subsided only with curtain calls.

"THE WHITE SISTER"

The Thompson-Flynn stock company will give its last two performances of "The White Sister" today and next week this company will be seen in the Zangwill comedy "Merely Mary Ann" by Israel Zangwill, who also wrote the "Melling Pot" in which the author has shown his knowledge of human nature and things in general, by selecting his characters from many walks in life. There is the composer, the business man, the music publisher, the country vicar, the Sunday journalist, the medical student, the footman, the lodging house keeper, her daughter, the poor peeress, the countess, her daughter, her daughter's friend, and last but not least, "Merely Mary Ann," who does the dishes, cooks the bacon, dusts the front parlor, attends the door, blacks the boots, feeds the cat, goes to market, waits on table, runs the furnace, sits the ashes, fights with the gas man, forgets to empty the refrigerator pan, burns the potatoes, etc., etc. There is also a lot of other atmosphere and coloring to this comedy. One act shows Mrs. Leadbetter's long house, South London, which gives opportunity for many old situations and crisp repartee and delicate railway. This comedy will be presented at the Opera House, week of May 1st except Tuesday and Thursday.—Adv.

"THREE TWINS"

Joseph M. Gaites' bright and merry musical play, "Three Twins" with Clifton Crawford and the New York company will be seen at the Opera House Saturday, matinee and night. "Three Twins" is causing just as many laughs, if not more, as when it first made its bow to theatregoers. It is a play that seems to grow more popular and amusing with every performance. If such a thing is possible, it is just brimful of fun with never a tedious moment from the start to the finish. Clifton Crawford, the star of the production, is one of the very best light comedians in musical comedy and knows the value of every funny line and situation.

There are delightfully pretty dances, catchy songs, novelties in chorus groupings and effects, stunning costumes and attractive stage settings. The chorus is made up of pretty girls who can sing and dance and work with well trained precision. The book of the piece is by Charles Dickson and Otto Henschel and music by Carl Hoschna, composer of "Madame Sherry," "The Girl of My Dreams," "Bright Eyes" and Mr. Gaites' latest success, "Katie Did." Some of the stage novelties are the "Yama Yama" men, the huge electrical swing and "The Face in the Clouds." Ably assisting Mr. Crawford are Mayne Gehrue, Daisy Leon, Della Niven, Elsie Myrnie, Joseph Allen, Hugh Fay, Ralph Locke, Russell Lennon and George Herbert.—Adv.

GEO. EVANS' MINSTRELS

George Evans will again be found at

the head of the Honey Boy minstrels when this organization is seen at the Opera House next Tuesday night.

"The Honey Boy" has firmly established himself throughout the country as the leading minstrel star of America. When Cohen and Harris took this vaudeville favorite and placed him at the head of their big minstrel show, they gave their organization the "Honey Boy" trade mark unconsciously and it now sails under that flag. George Evans has retained almost intact the fine entertainment and splendid cast of minstrel favorites seen about him last year. John King, Sam Lee, Clarence Marks, Tommy Hyde, Charles Hilliard and Pierce Keegan lead the funmakers, while Vaughn Comfort, Matt Keefe, James Meahan, the Irish tenor, Tom Kane, Wilson Miller and Master Leo Pagan are among the vocalists.

A special feature of the minstrel this year is the appearance of James J. Corbett as interlocutor of the first part and later on in the program he tells his interesting story of the Jeffries-Johnson contest of last July. Corbett is undoubtedly qualified to give an interesting talk on this famous contest and explain much that has never been printed. Seats today.—Adv.

RICHARD CARLE

Contracts have been signed for the early appearance here at the Opera House of Richard Carle, in his latest success "Jumping Jupiter." Mr. Carle will be assisted by Edna Wallace Hopper and the entire cast now appearing in Boston, and the engagement here will immediately follow the close of the Boston engagement.—Adv.

HATHAWAY THEATRE

When Louis Mann wrote "All On Account of Eliza" like the poet Milton he must have invoked the aid of the Goddess of Myth herself.

"Taste thee Nymph And bring with thee Jest and youthful jollity"

For "All on Account of Eliza" has proven itself to be one of the most mythical productions ever presented on the American stage and a play that hundreds go to see, "not once, nor twice, but thrice" on account of its wealth of laughable features. With Donald Meek in the principal comedy part of that old Hochstetler, the irrepressible German, with a dialect that

ACADEMY OF MUSIC

A complete change of program was in order at this house yesterday, and a fine bill presented. Roberts, Hayes and Roberts have a burlesque offering, "From Melodrama to Vaudeville," that embraces some funny comedy and musical songs. The Milano Duo, the operatic stars, render some grand opera selections in an artistic manner. Blacksten and Burns, a clever pair of acrobatic comedians, have an act that is a decided novelty, with special effects. The pictures are very entertaining.—Adv.

SOCIAL AND FRATERNAL

Spindle City circle met last night in Post 120 hall and considerable business was transacted. There were two initiations. There were visitors from Lawrence and Boston. After the meet-

ing a good time was enjoyed by the members.

Division 28 met in regular session last night, President Patrick McCann occupying the chair. Business of importance was transacted. The dance committee reported favorably. Fifteen new members were initiated. Remarks by E. P. Slattery, H. McQuade, Denis Brassil, Hugh Talty and Thomas McCarty. A special meeting of the division will be held May 5.

INDUSTRIAL SCHOOL

Boott Mills May Establish One if City Doesn't

If the proposed industrial school is not established in this city, it is said that Treasurer Flather and Agent Thomas of the Boott mills will establish such an institution in connection with their own plant; some sort of a half-time school for the boys and girls between the ages of fourteen and eighteen, whose parents do not feel able to send them through the high school.

The establishment of such a school by the Boott mills, it is firmly believed, would be a sure success, self-supporting, and productive of the best results for the mills.

The Boott mills which is now producing a wide range of goods has already successfully adopted some of the best features of the old Lowell welfare system. They have a large rest

room in the mills with a Girls' club which meets at noons and also certain evenings during the month. They also have a vacation house at Willow Dale where a considerable number of girls may pass the week end or even a longer period, the whole system being under the chaperonage of Mrs. Gilman.

The Working Girls' club gave an entertainment in the recreation room last night and they will repeat it again tonight. A report of the entertainment appears in another column and it speaks well for this wonderful city of spindles and looms and thousands of factory folk.

Looking in upon the scene last night one's mind turned back to the days of Lucy Larcom and Harriet H. Robinson and one wondered if their hopeful anticipation ever carried them to such a scene within mill walls.

Agent Thomas of the Boott mills was seen by a representative for The Sun this forenoon and, asked if there was any truth in the report that the Boott mills was contemplating the establishment of a part-time school, Mr. Thomas said: "It is among the possibilities. I am very much interested in the establishment of an industrial school in Lowell and I think that we will have a school here. I do not think that the city can afford to be without it. If the city does not go ahead and establish a school I think it would be meritorious work for one or more of the corporations to build one."

The establishment of an industrial school here would accrue to the benefit of the corporations as well as the individual. We do not get many young men from the textile school. After completing a course there they do not feel like taking subordinate positions in mills. There is an actual scarcity of good second hands for our cotton mills today. With our present help we have nothing to build upon and there is no class of young men growing up to fill those positions. What we want is a part-time school for the boys and girls so that they may go to work upon leaving school if their circumstances demand it without having to say farewell to their studies. They could spend half of their time in school and half in the mill. We are not doing as much for the boys and girls as we should do. They cannot plan and do these things for themselves and it is up to us to do it for them.

"We have hundreds of industrious boys and girls who work by day and attend school by night. By so doing they manifest commendable ambition but it is a hard drag on the constitution, mentally and physically. I believe in the old saw that all work and no play makes Jack a dull boy and, on the other hand, if we had an industrial school where a boy could learn most any kind of a trade it would assist very materially in keeping him away from cheap places of amusement. Lawrence is paving the way to a fine industrial school. In fact it is already a fine school. Mr. Dooley is developing the Lawrence school. He has accomplished a great deal for primary textile training in Lawrence and he is directing his attention and study energy to the industrial school question. Several trades are being taught in the Lawrence schools and the courses there are practical throughout. I think that the corporation will do what it can to encourage the establishment of an industrial school in Lowell."

HUGO KELLY

TO MEET JOHNNY THOMPSON AT RACINE TONIGHT

CHICAGO, April 28.—Hugo Kelly of Chicago and Johnny Thompson of Sycamore, Ill., rival claimants for the middleweight pugilistic championship, are ready for their scheduled ten round fight which will be decided before a Racine, Wis., club tonight. Both are below the required weight of 158 pounds. Promoters of the contest are planning to match Billy Papke former middleweight champion, with the winner of tonight's battle.

SELL TOWN FARM

Dracut Poor Farm Up for Auction Sale

Towns of New England especially in Massachusetts and New Hampshire, are fast disposing of their town or poor farms and frequently we read of such property being disposed of by private sale or public auction. One of the latest town farm properties scheduled to go under the hammer is the Dracut town farm which will be sold at auction next Monday afternoon, May 1, by C. H. Hanson & Co., Inc., auctioneers.

There are various reasons why these farms are sold, the principal one being that the towns don't care to maintain them and hence allow good property to be sold at a sacrifice.

The Dracut town property is in good condition, the buildings having been erected when the best of material was used and competent workmen were engaged in their construction. There are about 65 acres of land, nearly all in good state of cultivation.

The property is situated, with the exception of a small portion, in the town of Dracut just beyond the junction of Bridge and Nineteenth streets and the balance is on Eighteenth, Nineteenth, Humphrey and Willard streets in Lowell and adjoining the farm proper in Dracut. There is a two story, three room house with large flag and tool shed with large four room ell, barn 60 by 40 feet, car-loft 55 by 18 feet. Also two one story stone buildings 15 by 14 feet, large pig-pen and hen house.

To reach the property take the Bridge street car to the corner of Bridge and Willard street, which is two minutes' walk from the property. The sale starts promptly at three o'clock.

AN ULTIMATUM

Served on the Labor Unions

CHICAGO, April 28.—Architects and building contractors have served an ultimatum on the warring labor unions that unless they settle their jurisdictional disputes by next Tuesday, they would in a general shutdown of building operations in Chicago. Already several thousand workmen are idle because of jurisdictional disputes. It is estimated the threatened lockout will throw at least 35,000 men out of employment.

Among the unions at war with each other over work are the plumbers against the steamfitters, the carpenters against the sheet metal workers, the bricklayers and building laborers against the cement workers, the elevator constructors against the machinists and electrical workers.

NATIONAL PARK

MAY BE ESTABLISHED BY SONS OF AMERICAN REVOLUTION

LOUISVILLE, Ky., April 28.—Sons of the American Revolution at their annual convention which begins here, April 30, will consider plans for establishing a national park on the banks of the Delaware river where Washington crossed. The organization proposes that an appropriate acreage be acquired on each side of the river for park purposes.

Every state in the union will be represented at the gathering.

8 HOUR DAY

IS ASKED FOR LETTER CARRIERS AND CLERKS

WASHINGTON, April 28.—Representative Kelly of Connecticut has introduced a bill providing an eight hour work day for mail carriers and clerks in first and second class postoffices, the eight hours to be consumed within a limit of ten consecutive hours and for pro rata compensation for all work in excess of eight hours a day. It was referred to the committee on post-offices and post-roads.

ROYAL ARCANUM THREATENING FIRE

Annual Session of Grand Council
Held in Boston

BOSTON, April 28.—The 34th annual session of the Royal Arcanum grand council of Massachusetts was opened yesterday afternoon in Ford hall by Grand Regent George H. Wiley. There were 109 representatives present and 68 new representatives were admitted before the opening of the business meeting.

The report issued a short time ago by the grand council, giving in detail the business of the past year, was accepted as a whole without debate.

One of the first acts of the grand council was a tribute to one of its most active members, Charles E. Stumcke, who is seriously ill at his home in Dorchester. Resolutions were unanimously adopted wishing him a speedy recovery.

The most important business of the afternoon session was the nomination for officers. They are: Ernest E. Hobson of Palmer G. R. James F. Wiley of Dorchester and Alfred Newmark of Roxbury G. V. R. Melville A. Arnold of Everett and Edward J. Byron of Dorchester O. William L. Kelt, secretary; Horace G. Williams, treasurer; C. Edgar Searing of Stockbridge C. C. Hugh Walker of Lowell G. F. A. Goodwin of Dorchester G. W. Herbert L. Billings of Newton G. S. Charles E. Stumcke, chairman; John W. Brittan of Westboro, Langdon B. Wheaton of Worcester, grand trustees.

The nominees for the most important committees are: Finance, John J. Hogan of Lowell chairman, E. W. Bailey of Newtonville; George A. Richardson of Somerville; laws, William N. Swain of Dorchester chairman, William A. Putnam of Leominster and John E. McKenna of Stonybrook; credentials and mileage, Charles H. Mead of Springfield, chairman, Alexander M. Berger of Roxbury and Arthur N. Pease of West Medford.

There will be a contest for representative to the supreme council. There are three places to fill and the following have been nominated: John J. Hogan of Lowell, George H. Wiley of Malden, Alonzo G. Walsh of Lowell and Richard Crosby of Somerville. The election will be held this afternoon.

The Royal Arcanum club held its meeting in Kingsley hall last evening, the banquet being served at 6 o'clock. Besides the members of the club, many of the representatives were present. 250 covers being laid. Gov. Foss was represented by Maj. Green, a member of the order, as is the governor.

Other guests were Allen T. Treadway, president of the senate; Uriah W. Tompkins of New York, chairman of the committee of laws of the supreme council; J. A. Langitt, P. S. R., of Pittsburg; Alfred T. Turner, S. S.; Ernest E. Hobson, G. V. D.; George H. Wiley, G. R.

Martin Plessinger, secretary, presented the names of 28 applicants for membership, all of whom were unanimously elected. Mr. Plessinger also read an original poem in which the incoming regent received much praise.

Joseph B. Robson, president of the club, presided and introduced the speakers. They were Uriah W. Tompkins, Major Green, J. A. Langitt, Ernest E. Hobson, the nominee for grand regent, and Senator Treadway. After telling of the work of the

NATIONAL BANK

HAS BEEN PURCHASED BY A BOSTON FIRM

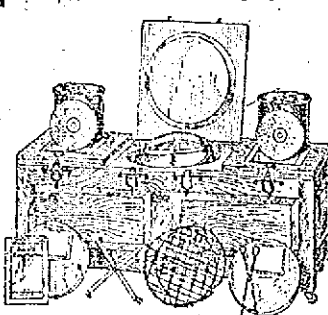

NEW YORK, April 28.—Announcement was made that the First National bank of Denver has been purchased from the estate of David Moffat by the stock brokerage firm of Hayden, Stone & Co., of Boston. The bank has among its assets control of the International Trust Co. of Denver and dominant interests in Denver street railways and water companies. No change in the operating force of the bank is contemplated but leading capitalists of Denver, Colorado Springs and New York who are associated with the purchasers will become members of the bank's directorate.

Caused Damage of \$30,000 in
Boston Today

BOSTON, April 28.—Tar, pitch and other inflammable substances furnished fuel for a threatening fire that broke out today in the basement of the seven-story building of the Fort Hill Storage Warehouse Co. at 30 Purchase street. The basement and first floor were occupied by Chandler, Parquhar & Co., dealers in roofing supplies, and spread to some of the upper floors. The loss is estimated at about \$30,000. Hodgdon Bros., brass and metal workers, suffered considerable damage from water. The blaze was of the most stubborn kind and the firemen had a hard fight before bringing it under control. The vicinity of the burning building was buried under a cloud of thick heavy smoke and two or three firemen were temporarily incapacitated by the choking fumes.

ATTENDED MEETING OF BOARDS OF HEALTH

John A. Osgood of the Lowell board of health attended the quarterly meeting of the Massachusetts Association of Boards of Health, at the Brunswick hotel, Boston, yesterday. Mr. Osgood said the meeting was a very interesting one and he gathered material enough to interest his brother members on the local board at their next meeting.

Rare Bargains in Useful Seasonable Articles

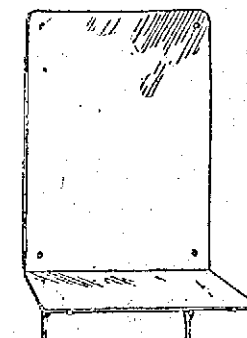

THE GREATEST WATER BOTTLE VALUE EVER OFFERED

We would not be featuring hot water bottles at this season of the year if we did not believe that we had an unusual opportunity to offer our customers. One of the leading manufacturers in this country, finding himself with over 300 dozen of these bottles on hand at the close of the season, and knowing our ability to sell a large volume of merchandise, offered these to us at an astounding low price. Ordinarily we would ourselves have to pay nearly twice as much as we are going to sell them for. The bottle is high-grade, made to sell for \$2.00. It is cloth-lined; that is, two walls of a special cloth material coated on the inside and outside with rubber. It is made to withstand good hard, long service. We doubt very much whether we shall ever again have the opportunity to offer such a bargain. The majority of these bottles are No. 2 and No. 3 sizes, holding approximately 2 and 3 quarts. A few are No. 1 and No. 4 sizes. Every one should have a hot water bottle. You can afford several at this price

WILD NIGHT RIDE

Of Haverhill Woman and Children Still a Mystery

HAVERHILL, April 28.—The police are unable to fathom the mystery which surrounds the case of Angie Davis, 18-year-old girl, who disappeared early yesterday afternoon with a hired livery rig and two small children she induced to take a ride with her, and who was found yesterday afternoon.

Her disappearance was reported to the police Wednesday evening when the parents of an 8-year-old Polovosky girl reported that their daughter had been taken early in the afternoon by the Davis girl and had not returned. At midnight the police sent out a general alarm for them, but the combined efforts of the Haverhill, Lawrence and southern New Hampshire police were unsuccessful.

Late yesterday afternoon Patrolman Foster was at Pecker Hill in the outskirts of the city, when he noticed a hired horse driven by a girl, who had two small companions, and from the description of the outfit read at roll call the night before he identified the

driver as Miss Davis and accosted her. She admitted her identity and also that the two children who were with her had not been at home. She told conflicting stories of a wild ride through the country, sleeping in the woods during the night and feeding the children on crackers secured at a grocery store.

The youngsters were nearly exhausted as was the horse, which showed evidence of hard usage. The officer reported his find at police headquarters and Capt. Shannon went to the scene and brought the outfit and its occupants back to this city.

The children were turned over to their parents and the Davis girl was taken to police headquarters, where she was held on a charge of making a false statement in hiring a team.

The small children could tell little of their experiences during the night, nor is the Davis girl able to tell clearly of her wanderings, but it is thought that she took the children into the woods and kept them there until yesterday, when she resumed her ride.

ELKS' ANNUAL BALL

Brilliant Social Event in Associate Hall Last Evening

The Elks held forth in gala array at their annual ball, last evening, and the several hundred present all admitted that the event was one of the most enjoyable of the season.

The merry event took place in Associate hall and that neither pains nor expense had been spared in making the ball room attractive was evidenced by the elaborateness of the decorations.

The prevailing colors were purple and white and pink and white, pleasingly blended.

The stage had a background of purple and white, with a huge clock, the hands of which pointed to 11, the symbol of the order. Fronting the platform was an arcade of lights, forming the contour of the trellis work, set with twinkling lights in a sort of frame, and with evergreens and roses. In the center of the palms fronting the platform was a pictured elk, framed in

multi-colored lights. Every window in the place was hung with their symbolic color, purple, with lace curtains, faced with pink and white, while along the front of the gallery was again found the predominant colors, caught up at short intervals with sprays of green and roses.

At 8 o'clock the Middlesex orchestra, John J. Hanlon, leader, gave a concert program, interspersed with acts from the Merrimack Square theatre, headed by Manager James Carroll. The concert program was as follows:

March, "The Tempest"..... Hall
Overture, "Morning, Noon, and Night"..... Suppe
Selection, "Chocolate Soldier"..... Strauss
Picollo solo..... Selected
J. Blissonette
"Popular Medley"..... Boyer
"Elk's March".....

single file forming in the centre of the floor in the shape of a clock with the hands pointing to 11, and toward the stage. As the formation was completed a voice was heard saying: "The Toast" and all lifted their hands high, bearing lights. A spot light was flashed upon the stage revealing Donald Meek of the Hathaway theatre, a member of Lowell lodge, in the centre. Mr. Meek pronounced the toast to the departed in a frequent and dramatic manner, the brothers sang "Auld Lang Syne" and then marched silently from the hall to the strains of that good old tune.

TURNED THE TABLES

Lowell Got Square With Brockton Team Yesterday

Batted Two Pitchers For 11 Hits
Netting '9 Runs—Dugan and Wright Showed Up Well—Visitors' Outfield Showed Some Class

Lowell turned the tables on Brockton at Spalding park yesterday afternoon hitting two Brockton pitchers for 11 safeties and netting nine runs and the game. Quinn, the recruit pitcher who came here with Wolfgang was on the slab and he made good, holding Brockton to seven hits just scattered enough to prevent the visitors realizing much on them. Errors were as much responsible for Brockton's runs as were the hits.

On account of Fluharty's injury Dugan played right field and Wright, the Panama recruit, was on first. Both were very much in the game. Dugan dropped a fly after a run, which was excusable but he made two fine singles that brought in three runs. Wright looked very good on first. Boultie played third again and was fine in spots and not fine in others.

Smith, Brockton's left fielder, and McLane in center field showed some class. Stankard, the heavy hitting first baseman of the visitors, was there with two singles and a three pointer.

Umpire Stafford umpired faultlessly. The game in detail:

First Inning
The visitors started off in the first inning by scoring a run. Hendrickson flied to Boultie and Conaughton hit to Wright and was out at first. Stankard flied to Dugan, but the latter dropped the ball and the runner went to second on the error. Stankard scored on Boardman's single to center field. Boardman tried to make second on the play but was thrown out by Huston.

In the latter half of the inning Moulton hit to Loneragan and was out at first. Barrows went to first after being hit by a pitched ball. Cooney flied to Loneragan and Barrows went out while trying to steal second.

Second Inning
Nothing doing in the second inning. Smith flied to Dugan. McLane flied to Magee and Loneragan hit to Boultie and failed to reach first.

With the bases filled in the latter part of the inning Lowell failed to score. Magee drew a free pass and Dugan followed with a strikeout. Wright hit to Adams who was trying to steal second. Magee was allowed to reach first. Boultie flied to Boardman. Huston walked and the bases were filled but Quinn fanned the breeze.

Third Inning
The visitors went out in one, two, three order in the third inning. Wadleigh hit to Quinn and was out at first. Adams struck out and Hendrickson hit to Cooney and was out at first.

Lowell scored two runs in the latter half of the inning. Moulton opened with a base on balls. Barrows hit to Adams and was out at first. Moulton going to second. Cooney singled to center field and Moulton went to third. Moulton and Magee attempted a squeeze play, but Magee failed to connect with the ball and Moulton was caught between third base and home, but Wadleigh threw bad to third and Moulton scored. Magee hit to Loneragan and Cooney was caught running home and thrown out. While four of the Brockton players were trying to tag Cooney Magee reached third. Dugan singled scoring Magee. Wright flied to Smith.

Fourth Inning
Conaughton hit to Moulton and failed to reach first and Stankard followed with a single to left field. Boardman hit to Boultie and was out at first. Stankard going to second. Smith singled to left and Stankard scored. McLane closed the first half with a fly to Barrows.

Lowell started a batting carnival in the latter half of the inning and

descended on Adams with both feet. Every member of the local team went to bat and when Wright was retired on a fly five runs had been scored. Boultie opened with a single and Quinn hit to center field for a single and Boultie scored. Quinn going to second on the throw home. He went to third on a passed ball. Moulton drew a base on balls. Barrows hit to Loneragan and Quinn made a blunder to start for home. The ball was thrown to third but Quinn ran back and both men were safe. Cooney flied to Loneragan. With three men on base Magee knocked out a three-bagger scoring the three men. Dugan made his second hit, a single to left field scoring Magee. Wright flied to Smith, closing the inning.

Fifth Inning
Quinn received poor support in the fifth inning and as a result, Brockton scored three runs. Loneragan hit to Moulton and was out at first, and Wadleigh hit to Cooney and failed to reach the initial base. Adams popped an easy fly to Moulton who dropped it. Quinn then gave Hendrickson and Conaughton bases on balls, filling the bases. Stankard hit a grounder to Boultie and beat the ball to first for a hit, scoring Adams. Boardman hit a grounder which Boultie allowed to go through him and Hendrickson and Conaughton scored. Smith struck out.

In the latter half of the inning, Brockton charged its battery. Cranker being placed on the slab and Lamond on the receiving end. Boultie got a base on balls and Huston singled to left field. Quinn in trying to sacrifice popped a fly to Stankard. Moulton flied to Smith and the latter threw Boultie out at second for a double play.

Sixth Inning
McLane and Loneragan went out on flies to Barrows. Wadleigh sent a fly to Magee but the latter dropped it after a hard run. Cranker drew a base on balls. Hendrickson sent the ball by Boultie but Cooney recovered it and threw Cranker out.

Lowell scored two more runs in the latter half of the inning. Barrows flied to Hendrickson and Cooney followed with a two-bagger to the left field fence. Magee got a scratch single and Cooney went to third, while a little later Magee stole second. Dugan flied to McLane. Cooney scoring on the put out. Wright singled to center field and Magee scored. Boultie flied to short left field and Smith got the ball after a hard run.

Seventh Inning
Brockton scored two runs in the seventh. Conaughton singled to right field and scored on Stankard's three-bagger to the center field fence. Boardman hit to Cooney and was out at first. Smith hit to Dugan in right field and Stankard scored on the put out. McLane was third out on a fly to Magee.

Huston and Quinn went out on flies to Conaughton and Moulton hit to Cranker and was out at first.

Eighth Inning
In the eighth inning Loneragan flied to Barrows and Lamond followed with a strike out. Cranker drew a base on balls. Hendrickson singled to left field. Conaughton flied out to Barrows.

Barrows opened the latter half of the inning with a single and Cooney sacrificed sending him to second. Magee hit to Cranker going out at first. Barrows going to third. Dugan hit to McLane in deep center field the latter making a one-hand running catch.

Ninth Inning
Stankard hit to Boultie and was out at first. Boardman hit to Boultie and

Smith flied to Boultie. The score:

DIAMOND NOTES

At Worcester today and tomorrow.

There appear to be others beside Brockton who can wallop a pitcher.

Wright appears to be all right; all right, on first bag.

P. John Dugan is certainly some stick artist. Dugan's batting yesterday on account of Fluharty's disability. At first Fluharty thought that he could get back into the game immediately but it seems that he must lay off a while.

Klondike Smith and Eddie McLane of the Brockton team showed some class yesterday.

Fred Lake who is scouting through the New England colleges for the St. Louis Americans was at the game looking the boys over.

Quinn showed up finely against Brockton and while they made seven hits off him he kept them fairly well scattered and errors contributed to the run making as much as the hits made off Quinn. The boy looks to be all right.

Wheeler, a pitcher from Vermont, joined the Brockton team in this city. Manager Flanagan has a big crew of pitchers. One of them, Ward, promises to be a corker. He has the distinction of pitching the first no-hit, no run game of the season.

Smith made a beautiful running catch off Moulton's bat in the fifth and speedily made a double out of it. Smith is a Lawrence boy but the management of the Lawrence team overlooked him and Brockton snapped him up.

Boultie got eight chances out of nine at third base, but the fans still handed it to him.

Dugan batted in three of Lowell's runs which isn't bad for a recruit. Dugan doesn't handle himself as well as Wright at first base but he can handle a bat like a veteran.

More canning is in order by tomorrow night and here is where the management will have to do some tall thinking for there are some who must be canned who look pretty good.

AMATEUR BASEBALL

The Textile school team will play St. Anselm's college at Manchester tomorrow.

The City league will meet at the Y. M. C. A. tonight.

WON TWO HEATS
"ARLINGTON BELLE" VICTOR IN HORSE RACE

This horse race held on the boulevard yesterday afternoon, attracted a large number of sports, and great enthusiasm prevailed while the races lasted.

The contest was between Henri Dubois' "Arlington Belle," and Arthur Lacombe's "Matapan." Both had warm partisans. The first steed was driven by its owner, while the other was driven by Ernest Pelletier. "Arlington Belle" came out victorious, winning two heats out of three.

known young men from the south end of the city and that they are popular with their many friends was attested last night for one of the largest crowds that ever assembled in the hall was present.

The festivities opened shortly after 8 o'clock with a concert overture by Gilmore's orchestra. At 8:30 o'clock dancing was started and continued till 10:30 when a short intermission was held, dancing was again resumed and continued until midnight.

Those responsible for the grand social and financial success of the affair were: General manager, Thomas Fay; assistant general manager, John Hanigan; floor director, Alce McCartney; assistant floor director, Walter McLaughlin; chief aid, Warren Rogers; assistant chief aid, John Mangano; Charles Emerson, William Hartley, Thomas Spencer, John Higgins, Charles Crowley, David Coleman, William Sullivan, Joseph Rely, George Mangano, James Dillon; treasurer, Thomas J. REV. SARAH A. DIXON

Addressed Men's Fraternity of
First Congregational Church

Rev. Sarah A. Dixon of Tewksbury, was the speaker at the annual ladies' night banquet of the Men's Fraternity, First Congregational church, last night.

Mr. E. F. Carley, president of the fraternity, presided and introduced Miss Dixon who spoke on the city of Oxford, England, the university and the students, as compared with our educational institutions and their product. She said that the Rhodes scholars, in Oxford, have to practice strict economy in order to live upon the \$1500 a year with which they are provided.

The English university, Miss Dixon says, makes specialists and experts, in contrast with the American university, which fits men for life. A young man spends the entire course in the study

Those included in the cast were: Arthur Galley, Miss Alice Henderson, Miss Lillian Whitaker, Miss Alice Fleming, Ralph Taylor, Henry Sturgess, Joseph Heathcote, Harold McDonald, Miss Florence Grant, Miss Ivy Hands, Warren Reid, Miss Sadie McDonald, Miss Dorothy Parley, Charles Estabrook, Miss Alice Barclay, Miss Ethel Brown, Miss Martha Bond, Miss Vivian Cowan, Albert Chinner, Miss Ethel Brown, Thomas Sturgess and John McKeever. Mrs. Lillian Barclay had general supervision of the entertainment, Mrs. J. F. Fleming was musical director.

PRAYER BOOK REVISION

WASHINGTON, April 28.—Need for prayer book revision to meet present day conditions was the topic of the 29th church congress in the United States today. On the program for papers were the Rev. George Douglas, canon of the cathedral of St. John the Divine, New York, and the Rev. Henry Gummey, rector of Grace church, Haddamfield, N. J., while the speakers were the Rev. Percy Grant, rector of the church of the Ascension, New York, and the Rev. Cyrus Townsend Brady, rector of St. George's church, Kansas City, Mo.

This afternoon's session ends the convention. The place of meditation in the development of Christian character is then to be discussed.

Are Your Glasses Right?

Persons having normal vision will be able to read this print at a distance of 11 inches from the eyes with ease and comfort, also will be able to read it with each eye separately. If unable to do so your eyes are defective and should have immediate attention. The lenses sold in cheap goods are of unusual density and have imperfectly formed surfaces. Continued use of these poorer lenses will result in positive injury from the constant strain upon the muscles of accommodation to supply the defects in the glass.

FUNERALS

MCKENNA—The funeral of Mrs. Mary McKenna took place from her late home, 59 Lyon street, this morning at 9 o'clock and proceeded to St. Peter's church, where at 9 o'clock a solemn high mass was sung by Rev. W. George Mullin, Rev. D. J. Heffernan, deacon, and Rev. James McGuinness, sub-deacon. The choir under the direction of Mr. James E. Donnelly sang the Gregorian mass and at the offertory Miss Mary E. White sang "Pie Jesu." After the elevation Mr. James E. Donnelly sang "Jesu Salvator Mundi" and as the procession was leaving the church the choir rendered "In Paradisum." Mrs. J. W. McKenna presided at the organ. The bearers were Messrs. Patrick McCullin, Patrick McMinahan, John McCann, Arthur McCann, Terrence Kelly, Jeremiah Bailey, James McCann of this city and John French of Cambridge. There was a delegation from Spindle City circle. Companions of the Forest, consisting of Miss B. Dunlop, Miss Helene Devine, Mrs. Andrews and Miss Elizabeth Lane. Burial took place in the family lot in St. Patrick's cemetery, where Rev. W. Geo. Mullin read the committal prayers. Among the beautiful floral tributes were a large pillow of roses, lilies, pinks and ferns, with the letters in blue immortelles "Wife and Mother," from the husband and daughter; a large wreath of ivy leaves with ribbon lettered "Sister," from Miss Bridget McKenna; a mammoth wreath on base of ivy leaves and pinks, with the ribbon marked "Aunt Mary," from Mr. Henry F. Carr and Mary Carr, nephew and niece of the deceased; a large standing cross on base of roses, lilies and pinks, inscribed "Asleep," from Mr. George Matthews; and a spray of pinks from Mr. and Mrs. Schramm. There were friends present from Boston, Cambridge and Lexington. The funeral arrangements were under the direction of Undertaker John J. O'Connell.

REARDON—The funeral of Michael R. Reardon took place yesterday noon at the Lowell cemetery chapel. The services were conducted by Rev. W. P. Whitley, pastor of the Methodist Episcopal church at Hillsboro, N. H. The funeral arrangements were in charge of Undertaker George W. Healey.

ROBINSON—The funeral of Mrs. Alvina Robinson took place from her late residence, 275 Pine street, Thursday afternoon at 2:30 o'clock, and was largely attended by many relatives and friends. The services were conducted by Rev. J. E. Gregg, pastor of the First Street Congregational church, assisted by Rev. Mr. Sampson of Milton, N. H. There were appropriate selections by the Mendocino male quartet. The bearers were Messrs. Frank Haynes, Henry Woodworth, Clarence Langdell and George Hall. Mr. Henry A. Smith had charge of the arrangements and the burial was in the family lot in the Edison cemetery in charge of Undertaker J. B. Currier Co.

HARPER—The funeral of Howard J. Harper, aged 4 years, 10 months, son of Robert and Rose, took place yesterday afternoon at 3 o'clock from the chapel of J. F. O'Donnell & Sons and was largely attended. The burial was in St. Patrick's cemetery.

SHIPLEY—The funeral of Miss Mary F. Shipley took place from the Talbot chapel in the Lowell cemetery Thursday afternoon at 2:30 o'clock, and was well attended by many friends.

SWOPE IS MISSING

Was Claimant to an Estate
Valued at \$5,000,000

KANSAS CITY, April 28.—Elmer Swope, claimant to the five million dollar estate of Thomas H. Swope, alleging he is the son and only heir, has disappeared from his home in Martinsburg, W. Va., according to the statements of two lawyers who went to Martinsburg to take his deposition. The lawyers reached Martinsburg last Saturday and learned from the sheriff that he had served a subpoena on Swope a week before. The subpoena had been sent from here. The lawyers learned that Swope had packed up his belongings and left town a few days after the subpoena was served. It was for the murder of Thomas H. Swope that Dr. B. C. Hyde was convicted and sentenced to life imprisonment a year ago. The sentence was reversed and remanded by the state supreme court recently and Dr. Hyde was released on bond this week.

FUNERALS

McSORLEY.—The funeral of the late Mrs. Ellen McSorley took place this morning and was largely attended by sorrowing relatives and friends. The funeral cortege left the house of mourning in Fayette street and proceeded to the Immaculate Conception church where at 10 o'clock a solemn mass of requiem was sung with Rev. Dennis Sullivan, O. M. I., celebrant; Rev. Lawrence Tighe, O. M. I., deacon and Rev. Edward Fox, O. M. I., sub-deacon.

The choir, under the direction of Mr. Charles P. Smith sang Schmidt's requiem mass. At the offertory Mr. William L. Gookin sang "Pie Jesu," and after the elevation Mr. Edward P. Shea sang "O Meritum Passionis." As the remains were borne from the church the choir rendered "De Profundis" with James E. Donnelly as soloist. The Libera was sung by Mr. John J. Dalton assisted by the choir. Mrs. Hugh Walker presided at the organ.

Among the many floral tributes were a large pillow inscribed "Mother," from the family of the deceased; standing cross inscribed "Grandma," Master John McSorley; galax wreath and red carnations, William Hurley and family, a brother of the deceased; sheaf of wheat and lilies, R. J. Sullivan and family; wreath of carnations and roses, Mrs.

DRY SHAMPOO POPULAR

A local druggist is authority for the statement that most every woman, and many men, are using the popular "Vilane-Oris" root dry shampoo. "It is becoming a craze," he says, "because of the quickly perceptible effect on the hair and scalp. It simply transforms an ordinary oily, stringy, dandruff-reeking head of hair into a most beautiful, lustrous, fluffy and clean one. Mix together six ounces of powdered orris root and two ounces antiseptic vilane powder. Keep in a jar or box and frequently distribute a tablespoonful through the hair. Let remain several hours or a night and then comb and brush thoroughly."

A WELL MAN SAYS:

Mr. Charles S. Colner, No. 528 Orchard st., Avalon, Pa., writes: "I tried a sample of Blackburn's CascaRoyal-Pills and then bought a box of them at R. W. Henderson's Drug Store in Avalon, and I am a well man today after being in misery for so many, many years on account of not being able to get my system well regulated, etc."

Blackburn's CascaRoyal-Pills are a perfect system regulator, acting on the stomach, liver, kidneys, intestines and blood. They physic, tone and purify. 10c and 25c at all druggists, or a Free trial package sent to any one addressing The Blackburn Products Co., Dayton, Ohio.

"Best Stimulant in the World"

Mr. Wm. H. Hoff is Never Without a Bottle of This Wonderful Remedy in His Home—it is a Necessity to His Health and Vigor.

In his letter he says: "For over five years I have been using Duffy's Pure Malt Whiskey. I have found it to be the best stimulant that I have ever tried. I am never without a bottle of it in the house. I hope that this unsolicited testimonial will be appreciated by all suffering ones and all those in need of a fine tonic stimulant." Wm. H. Hoff, 2574 Amber St., Philadelphia, Pa.

Duffy's Pure Malt Whiskey

Is one of the greatest strength builders and tonic stimulants known to medicine. It strengthens and fortifies the systems against the attacks of disease and dangerous germs and assists in building up the weakened tissues in a gradual, healthy, natural manner. When taken at meal time it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to aid the tissues and organs of the body the nutriment necessary to their sustenance and indirectly to the whole system strength and vigor. It makes the old feel young and keeps the young strong and vigorous.

All druggists, grocers and dealers or direct, \$1.00 a large bottle. Refuse substitutes and imitations that are injurious. Send for free medical booklet containing testimonials and rare common-sense rules for health and free advice.

Among the matters to be considered at the coming convention is an employers' liability act being disabled or killed and a strong for the protection of the carriers in the effort to be made at the Rochester performance of their duties. It is said convention to remedy this defect.

REVISED TOLL RATES

Important Changes and Improvements on Short Haul Telephone Calls

BEGINNING MAY 1, the New England Telephone and Telegraph Company will extend the No-Delay System of handling toll calls and will establish a uniform rate of 10 cents for each five minutes or fraction thereof for calls between Lowell and the following exchanges:

Lawrence	Salem (Depot),	Lexington
Andover	N. II.	Concord
N. Wilmington	Haverhill	W. Acton
*Billerica	***N. Reading	Littleton
**Westford	Reading	Groton
*Tyngsboro	Woburn	Pepperell
Pelham, N. II.	Burlington	Nashua, N. II.
		Lincoln

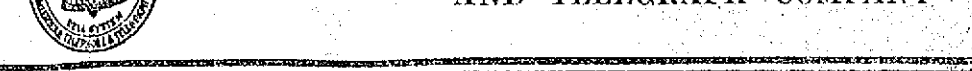

*Present Rate .07 between subs. only will continue in effect.
**Present Rate .09 between subs. only will continue in effect.
***The operation of the system to this exchange will be begun as soon as practicable.

Under this no-delay system of operation, toll calls to all points where the rate is 10 cents or less will be handled in the same manner and with the same expedition as local calls, that is, calls must be made by number only. In order to give this no-delay service, WE CANNOT UNDERTAKE TO HANDLE CALLS FOR A DESIGNATED PERSON.

The caller will retain the receiver at his ear until an answer comes from the called station, or until the operator reports that the called station does not answer. If communication with the station called is not obtained, no charge will be made.

As this is the first of a series of announcements of important improvements in local and toll service, the co-operation of our patrons in regard to the making of such toll calls is earnestly requested.

FREE EMPLOYMENT BUREAUS

The state of Rhode Island is considering a bill to abolish the free state employment bureau as wholly useless. Massachusetts has such bureaus but we have never been able to discover how they benefited the unemployed. There is a strong sentiment against them in our own state because of the lack of practical results.

INDICTED FOR MANSLAUGHTER

Two members of the Triangle Waist company have been indicted for manslaughter in New York as a result of the fire in which many girls lost their lives. Their conviction would cause other proprietors to have a care for the safety of their employees, but it cannot restore the victims to life, nor compensate their relatives for the loss sustained. Nevertheless if every case of gross negligence of this kind be promptly punished, the change that will result will greatly reduce the danger to life and property in case of fire in factories.

THE JUNO OF AMERICA

"The Goddess of Peace," the "Minerva of Modern Womanhood," and the "Juno of America"—these were epithets used in humorous notes sent to Mrs. O. H. P. Belmont by one Dr. Jackola who had met Mrs. Belmont in a casual way on the platform at a woman's suffrage meeting. In order to stop his unwelcome attentions Mrs. Belmont had Jackola summoned to court to answer for his conduct, but on promise to desist, the case was not pressed. From beginning to end of the whole matter Dr. Jackola's conduct has proved him to be a consummate ass.

TO ABOLISH THE U. S. SENATE

To abolish the United States senate, the president's veto power and the power of the supreme court to invalidate any law passed by the house of representatives is the proposition of a socialist member of congress, appealing for action looking to an amendment of the constitution. That would be the first step towards the attainment of the socialist idea, but a great many other steps would follow. The constitution bothers a great many people. It is not perfect in every detail, but we do not believe the time has come when it can be amended out of existence to suit any body of governmental theorists.

MISSPELLED WORDS

The school teachers of Milwaukee are to compile a book containing a list of all the words most commonly misspelled. We venture to say that many of the teachers themselves will misspell some words in common use. The newspaper office has its trials with misspelling and it could probably get up a better list of misspelled words than could the oldest Milwaukee school teacher. We may mention a few of the words that all editors find frequently misspelled. First and foremost is accommodate, with one "m," "separate" for separate, "boquet" for bouquet, "occured and occurred" for occurred, "omitted and omitted" for omitted, "benefitted" for benefited, "misspelled" for misspelled, "dissipation" for dissipation, "heightn" for height, "bunquetted" for banqueted, "judgement" for judgment, "antidate" for antedate, "connexion" for connection. These are but samples of a list that might be extended at will.

TRIAL OF CONTEMPT CASES

The law just enacted providing that contempt of court cases may be tried by jury is a step in the direction of restricting the power of the courts in regard to injunctions. It has been charged, but on what grounds we are not prepared to say, that certain judges in the past have abused the power of granting injunctions. The bill just signed by Gov. Foss is intended to give parties charged with contempt the benefit of a jury trial. It is difficult to say how this law will work out in practice; but if the court dockets are so overloaded as they have been for the past five years in Massachusetts, a case of this kind may go along for two or three years before coming to trial. Owing to its technical and sentimental character the charge of contempt is likely to appear of little significance to the mind of the average jury if it lies over for any such period.

The effect of this law will be to lessen the power of the courts, but if it works any injury in this respect it will be repented, as nobody wants to detract from the dignity or the power of the courts unless it be absolutely necessary for the protection of the rights of our citizens.

TO REDUCE INFANT MORTALITY

Fall River and New Bedford are inaugurating active steps against the onset of cholera infantum with the coming of hot weather. Bad feeding is assigned as the cause of the great infant mortality in those cities and "certified" milk is being urged as a partial remedy. It must be plain to the most unsophisticated that certified milk will sour almost as quickly as inferior milk. With the poor the great problem is to keep the milk from spoiling, while in their possession and when they have no ice to keep the milk cool, they can keep it but a short time without spoiling. Modified milk is much to be preferred to the "certified," which means that milk is certified to be fresh and pure when delivered to the consumer. It may be spoiled half an hour later.

Modified milk, on the other hand, is milk that has been prepared by a certain process and the addition of sugar of milk in order to constitute the nearest approach to mother's milk. The formula of course varies with the age of the child and when mothers are taught to modify the milk for their babies and keep it fresh and pure, there will be less sickness among young children and fewer deaths from cholera infantum. The milk station in Lowell has done and is still doing good work in supplying modified milk to some mothers and teaching others how to prepare it for themselves. It is to be hoped that the local board of health will do something to lessen the ravages of cholera infantum in Lowell. The work has been well begun by the ladies conducting the milk station and their efforts should be supplemented by strict enforcement of sanitary and health rules by the health board.

SEEN AND HEARD

While the grownups were bustling and pushing to get a car for Spaulding park yesterday afternoon two little boys were dragging an old tin can along the sidewalk and having the time of their lives. Wouldn't you like to be a "kiddo"?

Twice, as the bus slowly wended its way up the steep Cambridge Gap, the door at the rear opened, and slammed. At first those inside paid little heed, but the third time they demanded to know why they should be disturbed in this fashion.

"Whist!" cautioned the driver, "don't spake so loud; she'll overhear us."

"Who?"

"The mare. Spake low! Shure O'm desavin' the crayture. Every toinie she ears the door close she thinks w'en o' yez is getting down ter walk up th' hill, an' that sort o' raises her sperits."

The Millerites, back in '72, when Grant was up for a second term, were preaching the immediate destruction of the world. They were even giving their property away.

At a Millerite camp meeting one night in Maine a Millerite preacher preached that the end of the world would come on October 1, just a month before election.

The preacher noticed a man in a front seat who manifested every symptom of satisfaction whenever the date was driven home. Perplexed, he accosted the man at the end of the service and asked him why he had shown pleasure over such a terrible matter.

"Anything to beat Grant," was the reply.—Washington Post.

Robert W. Chambers, the novelist, was talking to a reporter about the artistic temperament.

"I have little patience with the artistic temperament," Mr. Chambers said. "Its synonym is selfishness. Mrs. Wordsworth was right."

"The poet Wordsworth," he resumed, "used to compose in bed at night. Kidding his wife in the small hours, he would say:

"Starry, get up, I've thought of a good word."

"And Mrs. Wordsworth would rise sleepily, light a candle, and write at her husband's dictation for 10 or 15 minutes."

A couple of hours later Wordsworth would wake her again.

"Get up, Maria, I've got a good word, he would repeat."

"But one night Mrs. Wordsworth put a stop forever to this nocturnal dictation. Her husband, awakening her with the usual 'Get up—I've thought of a good word,'" St. Louis Globe-Record.

"Oh, get up yourself! I've thought of a bad word," St. Louis Globe-Record.

Our denials were humble, quiet; Most folks would pass it by, But there for five and twenty years We dwelt, my wife and I, Content that inasmuch as we

of chattels had but few For chest and our modest cot Most happily would do.

And then one day when skies were blue And birds were on the wing (My yearly stipend had been raised That same adventurous spring), We suddenly within us felt

A new expansive thrill, And straightaway got the moving man To move us up the hill.

The moving man—a mighty man! Hercules is he! He dragged our treasures to the lawn And stacked them there with gleeful

He dragged them there and stacked them there, And mightily grew the pile. Yet more, still more, that moving man Kept bringing forth the while.

He swore that every piece we saw Within that cottage smelt of gold. Had had a place. (Still, I protest, Things did not crowd at all.)

And yet, behold! before our eyes (My oath that that is true) A mountain by that cot disgorged Quite hid the same from view!

The glory of the moon. Her silver voice is sweet and low, Her brow is broad and meek, And pure as waxen orange flowers

The oval of her cheek. Her dusky tresses thick and fine, In many a silken fold, Are bound about her shapely head

And filleted with gold. Her lips are like the dewy rose Upon her heart, in tiny frills Of organic and rare.

PEOPLE OF NOTE

A discovery in the fundamentals of electrical science, augmenting previous discoveries, has just been announced by Dr. Robert A. Millikan, as

professor of physics in the University of Chicago. His discovery, it is said, Professor Millikan gives complete proof of the correctness of the atomic theory of electricity, and a satisfactory demonstration of the perpetual dance of the molecules of matter.

Last spring Professor Millikan announced the isolation, for the first time in the history of the science, it was stated, of an individual atmospheric iron—an electrically charged molecule of air—holding it under observation for an indefinite length of time and making a direct study of its properties.

Miss Christine Benneville, who occupies a post in the zoological laboratory of the Christiania University and who is the author of a standard work on biology, is the first woman to be elected a member of the Norwegian Academy of Science.

Moreover, Miss Benneville has every chance to become the first woman professor in Scandinavia, since she has been placed first on the list to fill the chair of biology at the Christiania University.

After preaching his fortieth anniversary sermon on Sunday at Whitinsville, Rev. John Rogers Thurston, read his resignation as pastor of the Congregational church of the town.

Mr. Thurston has finished fifty years of church service, having preached for ten years at the Congregational church in Newbury, before going to Whitinsville. He will retire from active duty the first Sunday in July. His second pastor to occupy the pulpit of

the town's Congregational church since its construction in 1844.

Mr. Thurston is a graduate of Yale, 1851, and of the Bangor Theological school. He has always been active in state and local affairs, and he served on the Christian commission during the Civil war, represented the ninth Worcester district in the state legislature in 1896, and for years was head of the town library.

Bruce Payne, professor of secondary education and psychology of the University of Virginia, has been appointed president of the George Peabody College for Teachers at Nashville.

Mr. Clarence H. Poor, one of the prominent laymen of the diocese, will be the managing director of the house.

Miss Ella M. Boynton has been much written of in the newspapers and much talked of recently because of her appointment as cashier of the First National bank of Bayville, Long Island, New York. Miss Boynton is said to be the only woman cashier of a national bank in New York state. She is "a suffragette," she says, but she firmly believes that women are entirely capable of filling many of the positions now given to men, and in her new work she is proving the solid foundation she has for her belief, at least as far as her own case is concerned. Her predecessor as cashier was a man, who was obliged to resign his position because of ill health. Miss Boynton is said to receive the same salary \$2500 a year, as did the former cashier.

SUNDAY PRIVILEGES

AT CRESCENT PARK CRITICIZED BY LOCAL PASTOR

PROVIDENCE, R. I., April 28.—Rev. Fr. Joseph E. Hughes, pastor of St. Brendan's church, Riverside, has called upon Councilman Warren Fales of the East Providence town council to protest against the granting of a license to Crescent park, allowing "two per cent" beer to be sold there Sundays and against granting privileges to the new manager of that shore resort, Les Myers, late of Vanity Fair. If necessary, Fr. Hughes will apply to the supreme court for an injunction.

"When I heard that the town council intended to grant to Crescent park the privilege of selling beer there on Sunday," said Fr. Hughes yesterday morning, "I doubted the statement, as I have much confidence in Councilman Fales, and in fact the entire council, to back up its recent declaration to clean up the local shore resorts. Wishing to get a statement on the matter in hand, I called on Councilman Fales and put the question to him. Mr. Fales replied that the council did intend to allow the selling of 'two per cent' beer at Crescent park on Sunday, and he further said that he did not think that the council could stop the sale of that class of beer on the Sabbath. If such is the case," added the priest, "I do not see how the council can prohibit any individual or corporation from selling 'two per cent' beer anywhere in the town on the Sabbath."

"I oppose the appointment of Les Myers as manager of Crescent park," said Fr. Hughes. "Mr. Myers once preached to me, only a few months ago, offering to spend \$200 for the entertainment of my Sunday school pupils, and the manner in which the offer was made so incensed me that I told Mr. Myers to mind his own business in regard to my pupils as they were not of his church, and I would not take them."

"Now that I have the positive state-

ment from Councilman Fales," declared Fr. Hughes, "that the council would not oppose the selling of 'two per cent' beer at Crescent park on Sunday, it is my earnest appeal that the residents of the Riverside section must take the matter into their own hands, and propose to have a petition circulated, protesting against the granting of any such privilege to any individual or corporation in this end of the town. If this does not have the desired effect I will appeal to the supreme court for an injunction, restraining Crescent park from doing any business on the Sabbath day."

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants. The Dispensary Medical Association, Props., Buffalo, N. Y.

NERVOUSNESS

This Man Took His Wife's Advice and Dr. Williams' Pink Pills and Was Cured.

Mr. Harry Bemis is a well-known resident of Pine street, Granville, N. Y. His complete recovery from nervousness through the use of Dr. Williams' Pink Pills should convince every sufferer of the value of this remedy.

"I had been feeling badly for a long time," says Mr. Bemis, "and finally was compelled to quit work on account of my ill health. I had been working hard and my trouble was at first extreme nervousness, then my sight became affected and I consulted an oculist who was also an M. D. He told me that I had, as he would it, a shock of paralysis. He treated me for some time but I received no benefit and so went to another physician. I can hardly describe how nervous I was at this time. Even slight noises would almost make me wild. My mouth was drawn so that I could scarcely eat and one eye was affected so I could hardly see. I had very little use of my limbs and was almost a complete wreck."

"The doctor failed to help me and I followed my wife's advice and took Dr. Williams' Pink Pills. She had used the same remedy herself with the most gratifying results and she persuaded me to try them when it appeared that the doctors were unable to help me."

"The pills acted very quickly in my case. I became less and less nervous and took the pills until I was entirely well. They worked wonders for me and I am glad to help others by telling of my cure."

There is absolutely no way of reaching the nerves with medicine except through the blood. The nerves receive all of their nourishment and support from the blood which, under healthful conditions, carries the elements needed to rebuild wasted nerve tissue.

Every person who is interested in the home treatment of nervous disorders should send for a new edition of our booklet entitled, "Diseases of the Nervous System, Their Nature, Symptoms and Treatment." Address the Dr. Williams' Medicine Co., Schenectady, N. Y.

Dr. Williams' Pink Pills contain no harmful or habit-forming drugs, and the sufferer who gives them a trial will find the danger so common in taking drugs which only deepen pain.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50 by the Dr. Williams' Medicine Company, Schenectady, N. Y.

"Now that I have the positive state-

ment from Councilman Fales," declared Fr. Hughes, "that the council would not oppose the selling of 'two per cent' beer at Crescent park on Sunday, it is my earnest appeal that the residents of the Riverside section must take the matter into their own hands, and propose to have a petition circulated, protesting against the granting of any such privilege to any individual or corporation in this end of the town. If this does not have the desired effect I will appeal to the supreme court for an injunction, restraining Crescent park from doing any business on the Sabbath day."

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants. The Dispensary Medical Association, Props., Buffalo, N. BACHELOR CLUB

Big Show Takes Place
Tonight

The big event of the season takes place tonight.

The 20th Century Bachelor minstrels give their annual performance in Associate hall and if there is anything in the line of amateur minstrels that can surpass this Bachelor crowd, it has not struck Lowell yet. All the local favorites, Jimmy Donnelly, Ed. Shea, Johnny Dalton, Billy Gookin, Tom Corbett, Babe Rogers, Luke McDonald, John Devlin, Frank McCarlin with his Casey-Jones, Charlie Defoe, and a host of other soloists and endmen with a chorus of thirty voices will provide the fun. John J. Quinn has arranged a grand stage setting, representing a Dutch room and garden where a member who has deserted the Bachelors and taken until himself a wife, entertains his former colleagues. The songs are the latest, the choruses the best ever given and the entire program will furnish one of the biggest surprises of the season. Ed. Shea is going to sing "Mary Ann" but it is not the same "Mary Ann" that he has given us on previous occasions. The production will be under the direction of Charlie Slattery, the lad who is always looking "for more volume boys" and that means that everything in chorus and solo lines will be O. K. Kittredge's orchestra will furnish the music for the overture and the dancing that will follow. Be sure and see the Bachelors tonight or you will miss the treat of the season.

THE AEROPLANE

To be Used in Polar
Work

NEW YORK, April 28.—Rear-Admiral Robert E. Peary's name has been added to the list of those who think that the important work of polar exploration in the future will be done by means of the aeroplane. Speaking at the annual dinner of the Aeronautical Society here last night, Rear-Admiral Peary said:

"In my opinion, the aviator is destined to conquer the two remaining unknown areas of the globe, viz., the regions surrounding the North and South poles. The balloon will not serve the purpose—the work of exploration in the future will be done by the aeroplane."

FUNERAL NOTICES

O'NEIL—The funeral of the late John J. O'Neil will take place Saturday at 8 o'clock from his late home, 114 Charles street. Funeral mass of requiem will be sung at St. Peter's church at 9 o'clock. Undertakers M. H. McDonough Sons in charge.

MILLS—The funeral of the late Mrs. Alice Mills will take place from the funeral parlors of Undertakers Chas. H. Molloy & Sons, 312 Market street, Saturday afternoon at 2 o'clock. Burial will be in the Edison cemetery.

MELLEN—The funeral of Mrs. Mary Mellen will take place from her late home, 112 Marshall road, tomorrow morning at 8 o'clock, and a high mass of requiem will be celebrated at the Sacred Heart church at 9 o'clock. The funeral will be in charge of Undertaker Peter H. Savage.

OLSEN—Died at Corey Hill, Brookline, April 26. Ingeborg J. Olsen, widow of Peder Olsen. Funeral service at her late residence, 141 Summit avenue, Corey Hill, Brookline, Saturday afternoon at 2:30.

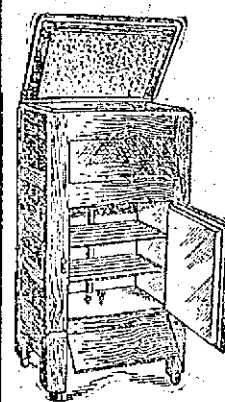

MAHONEY—The funeral of Mrs. Mary Mahoney will take place Saturday morning at 9:15 from her late home, 44 Cedar street. At 9:45 a high mass of requiem will be sung at St. Peter's church. J. J. O'Connell in charge.

GOING FISHING?

Here's a wrinkle for the man whose rod is rusty. When you start for the woods, put in your kit a small bottle of Toiletine which can be bought at any drugist's. Toiletine will save you lots of discomfort. It banishes the scurries, burns, takes the sting out of insect bites and relieves the discomfort of sun-burn. Toiletine is also good for colds, coughs, croup and all throat troubles.

NON-SUPPORT CASE

Was Heard in the Police Court

This Morning

The greater portion of this morning's session of the police court was taken up with the hearing of the complaints of neglect of wife and child preferred against Ernest Poulin.

Mrs. Poulin testified that she left her husband about three months ago owing to his abusive treatment and at that time took her 18 months old child with her. She said she was willing to go back and live with her husband, but that he did not want her.

The defendant, who is employed in a local laundry, said he has a good home and is willing to provide for his child. He stated that he did not want to live with his wife.

The court after considering the evidence in the case ordered the defendant to pay \$1 per week for the support of his wife and \$2 per week for support of the child. Judge Hadley after making the decree suggested that the couple make up their differences and live together. Poulin appealed.

Had An Unlicensed Dog

Patrick H. Owens charged with keeping an unlicensed dog entered a plea of guilty, but owing to extenuating circumstances the case was placed on file. Judge Hadley was informed that Owens had owned the dog in question for 11 years and had paid for a license every year until the present. Owens was of the opinion that he had until the first of May to pay the license. Last week a police officer called at his home and said he would have to have the dog licensed. Mr.

Owens went to city hall, paid the license fee and two days later he was summoned into court on a complaint charging him with keeping an unlicensed dog.

Drunken Offenders

There were but two persons arrested for drunkenness during the past 24 hours. One was in such a condition that it was deemed necessary to send him to the city hospital for treatment. The other, Mary A. Carney who was under a suspended sentence of three months in jail, violated the conditions of her probation by getting drunk and the suspension of her former sentence was revoked.

IN SKY, ON EARTH AND SEA AND UNDERGROUND, THE CRY OF VEHICLE OWNERS IS STILL "MORE SPEED"

At left hand (top), Breguet flying with eleven passengers. Bottom, Ravaud and his aerohydroplane. Center, Defender I, at full speed. At right (top), Renaux making his wonderful landing on top of Puy-de-Dome. Middle, Duke of Westminster's forty knot hydroplane. Bottom, Breguet and his "Pullman."

By GEORGE WAUGH ARNOLD.

THAT fine old phrase "Of making books there is no end" is being supplanted by the modern one "Of inventing speed machines there is no end." On land and sea, under land and sea and in the vast spaces of the air we are moving faster and more safely every year from place to place, and mechanical geniuses all over the world are using up their gray matter to increase this speed by only a trifle.

Man has already successfully imitated the grayhound, the mole, the whale, the porpoise and the carrier pigeon, and now he is out to take away the laurels of the flying fish. The first aerohydroplane designed by Ravaud, has been successfully launched at Cowes and will soon be seen hopping

over the waters off Monaco something like the way the little ball hops over the roulette tables at the Monte Carlo casino.

Can Both Swim and Fly.

It will never bother with dry land, but just slide along the surface of the water at about a twenty knot speed until the pilot and his four passengers feel like going even faster through the air. Then the nose of the front plane will be tilted, and up they'll go, to descend comfortably on the waves again whenever they choose.

The planes are each about twenty feet long, and over them is a boat shaped carriage with an aerial propeller driven by a fifty horsepower Gnome engine. Just a plain hydroplane, the Brunhilde, built also at Cowes and owned

by the Duke of Westminster, is now being tuned up for its formal trial spin, in which the builders have guaranteed the world record breaking speed of forty knots an hour. It will be entered at the Grand Prix International cup races at Monte Carlo to keep up England's pride over its victory last year with the Ursula.

In the motorboat class the Defender I, is making daily spins on the Thames at the astonishing rate of twenty-eight and a half knots and appears to the crowds of interested spectators to be almost clear of the water as it skims along.

Franco After \$50,000 Prize.

But if England expects to win on the water she admits she has a poor chance in the air. The \$50,000 prize offered for an "around Great Britain

flight" by the Daily Mail seems bound to fall into French hands, especially after the wonderful flight of Renaux, who carried a passenger from Paris to Clermont, where he circled the cathedral spire and then went on to Puy-de-Dome, a total distance of 220 miles. He brought his machine safely to the ground on a plateau 4,500 feet high on a landing stage that was only ninety feet long and didn't even scrape its paint. Moreover, the whole trip was made within six hours.

Second only to this is the Pullman car feat, to coin a phrase, of Breguet, who took along eleven passengers in his biplane and flew with them over Paris, a distance of two miles, in four minutes.

New Airships Fly at Once.

There seems to be no more guesswork

in the building of air machines all over the world now. Designers of all nationalities now know enough of the science to turn out aeroplanes that fly at their first attempt, just as a boat floats properly when launched or a car runs properly the first time out. Until recently it took months of experimenting to make a machine fly at all, but now any good firm turns out machines that fly at once.

Another aerial oddity which has attracted much attention at the camp of the United States troops at San Antonio is a dirigible, made and operated by Lieutenant H. E. Honeywell. It is a combination of dirigible balloon and aeroplane and, while it has great speed, is also practically nonstopable.

Getting back to earth again, one of the novelties of the year is the motor-sledge built for the coming German

antarctic expedition. It can not only slide itself along four times as fast as any dog team, but if it falls into a kelly in the ice it can haul itself out again by means of a special winding gear. It can also act as a locomotive and drag along as many old fashioned sledges as may with safety be attached to it.

A Turbine Locomotive.

And now comes the electroturbo locomotive, which is breaking records for the North British Locomotive company. It is seventy feet long, and the funnel and the small boiler are slanted on the rear end. The steam generated goes to a turbine, which is coupled to a dynamo in the center of the engine. The electric current thus manufactured goes to motors attached to the eight driving wheels, and the waste steam

goes to a condenser in front of the engine, where it is cooled to water and piped back to the boiler to be used over and over again.

Then we in America have two new and startling types of steel rail fliers, noted also for tremendous strength.

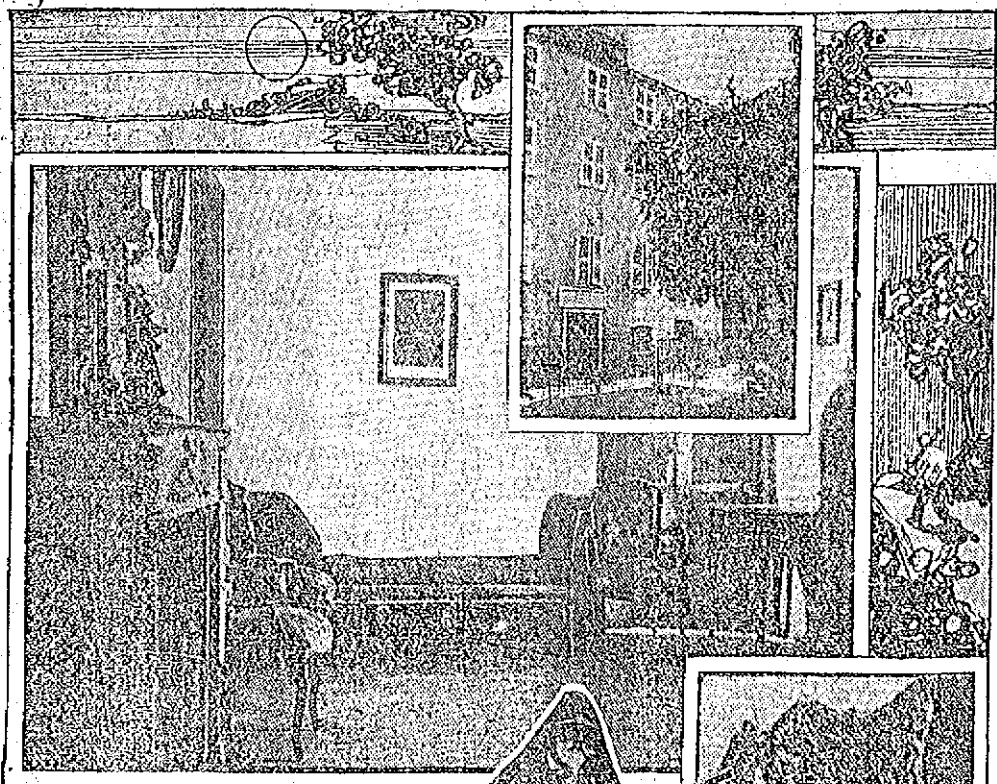

One is a "double ender," which is two perfect locomotives joined back to back, with accommodations in the middle for the engineer and his crew. The other is two locomotives in one and is so long that the cab has to be located in front to give the engineer a chance to see his road. This leviathan weighs 221 tons.

Seventy Miles an Hour Under Sea.

Next, to turn to a combination of land and water, special electric engines have already been devised to which passengers through the tunnel planned to connect Ireland and Scotland at the rate of seventy miles an hour, a speed never before dreamed of in underground travel.

As far as under sea is concerned, all the big navies are increasing the speed of their submarines. When these boats were first tried out a few years ago they were lucky to make three knots an hour when submerged. Today a torpedo diver that cannot reel off fifteen knots is in danger of being thrown in the scrap heap. And now that Prior has flown from London to Paris without a stop at a speed of more than sixty miles an hour we can soon look for flights from London to New York inside of a couple of days as a mere matter of course.

FRANCE TO PURGE CORSICA OF THE DEADLY VENDETTA

THE wise men who govern France are devoting themselves in earnest this year to the regeneration of their island possession, Corsica, which has produced nothing since Napoleon but brigands and vendettas, a fact that brings horror to their economic souls.

They are going to send over more of details or "fonctionnaires" and several hundred more gendarmes or policemen, who will be especially trained to penetrate the famous Maquis underground, in which heretofore it has been as hard to find a bandit as to trace the proverbial needle in the haystack.

This activity has been aroused chiefly by the recent announcement of a peasant of Bastia that he was going to wipe out three families, fifteen persons in all. Up to date he has disposed of five persons, and as none of the present gendarmes has even dared to whisk him the remaining ten prospective

victims have written, with trembling hands for help from Paris. Corsica has often been called "France's Ireland," but England's task is to unseat him and tangled whisk-

ers, and the amount of garlic he eats overpowers even the marvelous fragrance of the Maquis bushes.

In the second place, he is lazy, and so long as his wife or mother can earn enough to keep him in absinth and cigarettes he will move only enough during the day to get from one sunny lounging place to another.

In the third, he is ignorant. Not more than 10 per cent of the islanders can read and write, and they don't even have the stock of folkloric songs and tales and brain literature that is found in other backward countries.

And, to cap it all, he is conceited. He thinks that if there had been no Corsica to produce Napoleon there would have been no France, and he looks with ill concealed contempt upon the few tourists who visit the island.

His one redeeming point is that he will never beg under any circumstances. If he wants anything very much he just steals it.

Its natural resources if developed in up to date fashion should make Corsica a treasure house for both its people and the republic. The interior or mountainous district has never been explored, and the forests of rare woods absolutely untouched so far are worth millions on millions.

Almost anything will grow in its warm, moist climate, and what few grapes, figs and chestnuts are exported are famous. Its manufactures are practically nil, but a thousand factories could be run for nothing from the many streams that come down from the snow-capped peak of Monte Cinto, which is about 9,000 feet high.

But nothing can be done until the bandit is wiped out, the vendetta abolished and compulsory education established, and that is what the French government has made up its mind to do, and do thoroughly. It has a task, though, for the vendetta is quite as firmly established as ever despite all stories of the island officials to the contrary. When one is lucky enough to get a native to talk and asks him about the bloodthirsty custom he will simply shrug his shoulders and reply, "It is in the blood."

And a man following out his oath of vendetta is safe all through the countryside unless one of his sworn foes gets hold of him. The gendarmes look for him only perfunctorily, for a uniform is a fine target, and a Corsican is a fine shot.

Then the peasants from whom the outlaw seeks food would no more dare breathe a word to the French police than they would care to draw razors across their throats.

The house at Ajaccio in which Napoleon was born is, of course, the Mecca of the average tourist. The place is kept in excellent repair, and the room where he saw the light of day is still fitted with its original furniture.

ARTHUR J. BRINTON.

AMERICA MUST STOP YEARLY LOSS OF 250,000 GRADUATES

WE Americans are very proud of the splendid fact that every June 250,000 red blooded, bright eyed, clear

brained boys and girls are graduated from our public schools. But what of the fact that in June and the few months previous (and this year 1911 will be no exception) 250,000 other boys and girls are dropped from the ranks of the graduating army and sent out all unprepared to take up the fight for life?

And what of the fact, now statistically and scientifically proved by the authorities of the Russell Sage foundation, that a great proportion of these defective children are defective only because of "preventable ill health or removable physical defects?"

Which explains why the educators all over the country are going to fight earnestly next season to see that such children under their care are as afflicted with poor hearing, bad sight, imperfect tonsils, adenoids or decayed teeth are brought to a normal condition either at the expense of the parents or of the community.

Dr. Luther Halsey Gulick, head of the child hygiene department of the foundation, says that for these conditions the parents are mostly to blame and that those who so neglect their children's welfare are not always members of the "ignorant foreign class."

"Without health," says Dr. Gulick in protesting against this stupid parental apathy, "and without vitality in the child itself of what use is the whole scheme of education? Furthermore, physically imperfect children are to an amazing degree unnecessary, and, still further, every child saved deterioration or rebuilt is an addition to our national assets. There is much talk of the conservation of our forests and our water power and mineral resources. The things which should be most conserved are children: the power which should be most conserved is child power; the resources which should be most protected are those latent in the rising generations.

"As a nation we have put a lot of very useful work upon devising study courses, finding out how best to teach them, and all that. Now, what we need is equally intelligent and infinitely more useful work in devising ways and means by which to give the child vitality enough to take advantage of those study courses after they have been devised.

"And," said Dr. Gulick, "when we give early help to our defectives then we must keep them well. They must have ventilated schoolrooms (the old dusty schoolroom floor is a great friend of tuberculosis), they must have

reasonable exercise, and they must have little out of door occupations to help broaden their minds.

"We'll get it after awhile. It's only

a matter of arousing public opinion, and then we'll have a race of athletes and scholars combined."

\$8000 IS MISSING WOMAN MAY DIE

The Money Was Sent From Missing Worcester Girl Shot Herself at Framingham

NEW LONDON, Conn., April 28.—A week ago Thursday at 4.30 in the afternoon, \$8000 in \$10 and \$20 bills were deposited at the local postoffice and received for by three clerks. The money was forwarded by the New London City National bank to the First National bank of Boston, and an inquiry from the local bank to the Boston bank asking for an acknowledgment in the form of a receipt for the money led to the discovery that the package had mysteriously disappeared in transit.

Good ADVICE \$10,000 AWARD

From Courier-Citizen of April 25th.

Was Made Against A. H. Soden

BOSTON, April 25.—Ex-Judge O. Harris, auditor in the suit of Frederick Small of Brookline against Arthur H. Soden for \$500,000 damages for the alienation of the affections of the plaintiff's wife, yesterday awarded the plaintiff \$10,000.

In his report, which was filed yesterday, Judge Harris says Mr. Small is entitled to damages for the invasion of his rights as a husband and the injury to his affections and for the shame brought upon him. He does not think, however, that Mr. Small is entitled to the damages which an affectionate, tender and considerate husband should receive, nor that Mr. Small's suffering or his feeling of shame is as great as those of such a husband would be.

Judge Harris states that the plaintiff and his wife were living in amiable relations at the time the defendant became acquainted with her; that the plaintiff was not a conniving party to her misconduct, but that he was an indifferent husband, who was willing to take advantage of any error she might make either by way of obtaining a divorce or of obtaining a profit.

Judge Harris found for the defendant on the count that alleged dragging by the plaintiff, it being shown that the alleged dragging consisted in the defendant's taking whiskey to the home of the plaintiff, who mixed drinks with it and some claret or other materials he had in the house. All three persons partook of the drinks and the plaintiff and his wife were made sick.

GIRL MISSING

SHE FAILED TO REACH THE MILL

MANCHESTER, N. H., April 28.—Miss Kathleen, aged 20, residing with her parents at 488 Chestnut street, was reported to the police yesterday as missing under unusual circumstances. She left her home early yesterday morning to go to her work in one of the weaving mills of the southern division of the Amesbury Manufacturing company, and on her way complained, so some of her associates claim, of being ill.

She has not since been heard from. All of her acquaintances have been communicated with, but no trace of the girl has been discovered. Miss Kathleen wore a black skirt, blue coat and a black hat. Her height is 5 ft. 4 in. and she weighs 134 pounds.

DEATHS

AYER—Rowland H. Ayer, aged 76 years, died yesterday morning at the Chalmers Street hospital. The body was removed to the funeral parlors of Undertakers M. H. McDougall's Sons.

MILLS—Mrs. Alice Mills died last night at her home, 18 First street. Her age was 43 years. Besides her husband, Arthur Mills, she is survived by two sons, Frank and Stanley Mills, and one daughter, Miss Evelyn Mills.

OSLITO—Joseph, infant son of Mr. and Mrs. Antoni Oslito, aged 5 months and 28 days, died this morning at the home of his parents, 2 rear of 32 Front street.

SOUTH FRAMINGHAM, April 28.—Miss Alice Tatro, aged 20, of South Thomas street, Worcester, lies between life and death in the Framingham hospital with a bullet wound in her right temple, probably self-inflicted some time yesterday afternoon on Eastern avenue in the woods off Cochituate road.

She was found by an Italian laborer, who works in the nurseries close by. In her hand was clutched a revolver, with which it is believed she attempted to end her life while in a fit of despondency.

The police were notified and Chief William W. Holbrook and Dr. William R. Morrow hastened to the scene of the affair in the latter's automobile. The woman was unconscious. She was lifted into the automobile and rushed to the hospital.

At midnight Chief Holbrook obtained the identification of the young woman as Louis Tatro of 50 Thomas street, Worcester, telephoned Chief Holbrook that his daughter, Alice Tatro, 20 years old, who was employed as a bookkeeper in a Worcester establishment, was missing. When the description of the girl was given to Mr. Tatro he immediately said, "That is my daughter, Alice."

Mr. Tatro said that Alice had trouble with a sister at home over domestic affairs a few days ago and brooded over the disagreement. Miss Tatro became moody and caused her family much worry. Finally she disappeared and no word was heard from her until yesterday.

From papers and cards found in the young woman's pocketbook it was found that she belonged either in Boston or Worcester. There was a bill from a commercial school in Worcester, made out to Alice Tatro, and a postal card addressed to "Alice Turner, Massachusetts avenue, Boston," on which was written: "Meet me after school." Other addresses found in the pocketbook were of people in Worcester.

Mr. Emile Gendreau, formerly of Fall River, has come to Lowell to make his home here.

A FINE BUILDING SITE LOCATED ON CHASE STREET AND RICHMOND AVENUE, CONTAINING ABOUT 5720 SQUARE FEET.

On the premises regardless of any condition of the weather, I shall offer for absolute sale this choice building site with a frontage of 64 feet on Richmond avenue and of 45 feet on Chase street and containing about 5720 square feet. Both streets have sewer, water and gas and the fact of the lot having such large frontages on two streets adds greatly to its value. The location is an excellent one for renting of tenements, being in such close proximity to many industries and the speculator would do well to look up this fine lot of land.

Terms: \$75 to be paid to the auctioneer as soon as struck off.

FIRST PARCEL

AT 103 LAWRENCE STREET, CORNER OF CHARLES STREET, A 2-1/2 STORY HOUSE OF 12 ROOMS AND ABOUT 3500 SQUARE FEET OF LAND.

I have had placed with me for absolute sale this 2-1/2-story house of 12 rooms with bath and back shed and about 3500 square feet of land. There are five rooms and bath on the first floor and 5 rooms and bath on the second floor and two finished rooms on the next floor. There is furnace heat, gas lighting, hot and cold water, and a good cellar. This house has always been occupied by one family and rented for \$25 a month. This house has always expense it could be reconstructed into a two-tenement house as the arrangement of the rooms lends itself admirably to such a change; or with a very small amount expended it could be put in good condition and left in its present state. The lot has a frontage of about 50 feet on Lawrence street and about 70 feet on Charles street, is all fenced in and contains about 3500 square feet.

SECOND PARCEL AT 3.45 P. M.

LOCATED AT 113 LAWRENCE STREET AND ADJOINING THE FIRST

PARCEL IS A TWO-TENEMENT HOUSE AND ABOUT 3900 SQUARE FEET OF LAND.

The tenement on the first floor has five rooms and bath, furnace heat, gas lighting, hot and cold water, and a good cellar; the tenement on the second floor has seven rooms and bath, gas lighting, hot and cold water and a good cellar. Now here is a splendid two-tenement house, one that is in fine condition inside and out, occupied by two good families, and renting for \$30 a year. The lot has a frontage of 45 feet on Lawrence street and contains about 3900 square feet of land and is all fenced in.

Now, then, the above two parcels are in a first class location for renting, being within five minutes' walk to the postoffice, but a short walking distance to numerous industries, and handy to schools, and for someone who has a little money to speculate they should look up these parcels. The first parcel, which is located on the corner of Charles and Lawrence streets, is one that should certainly interest the speculator. The second parcel, which is an extra good tenement house, is a first class investment for either the home-seeker or the speculator, and they will both be sold on their respective premises regardless of any conditions of the weather on the day and hours advertised.

Terms: \$250 to be paid to the auctioneer on the first parcel as soon as struck off; \$250 to be paid to the auctioneer on the second parcel as soon as struck off.

Make all inquiries of the auctioneer, who is in full charge.

TWO EXCEPTIONAL HOUSE LOTS, SITUATED ON THE EASTERN SIDE OF WILDER STREET, CORNER OF B STREET

Each of the lots has a frontage of 55 feet on Wilder street and the corner lot has a frontage on B street of 100 feet, containing 5900 square feet, the lot adjoining contains 5860 square feet. Each lot is high and dry and in a growing and one of the best residential districts. The property is just across from the new tract of land known as the Highland Heights, where several first class residences have been built and others are now being built. Water, gas and sewer in street, and but two minutes' walk to the Highland line of electric cars on Stevens street.

As before stated, this is a fast growing section and these are fine sites for a home that would be a good investment for one wishing to have his money profitably invested. The undersigned being confined to his home and feeling that there is a demand for this property, takes this opportunity to offer it on the above date for the high dollar.

Terms: \$25 deposit will be required on each lot.

THE LICENSES GRANTED

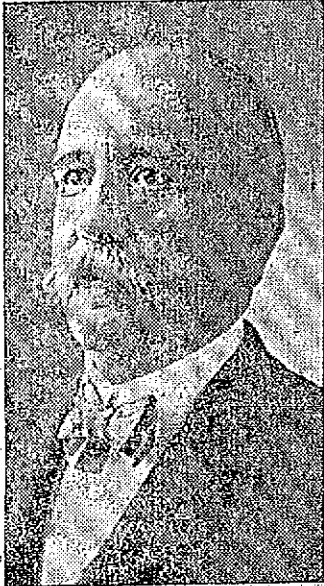

Councilmen Before Grand Jury

86 LICENSES

LOWELL OFFICIALS

JOHN J. MULLANEY,
Chairman.

THOMAS P. BOULGER.

CHARLES H. HANSON.

Were Granted at Meeting of Police Board This Afternoon

The police board went into session about ten o'clock this morning and with the exception of 15 or 20 minutes, while the members were visiting several places where applications had been

made for licenses, remained in session until noon when a short recess was taken for dinner.

When the board entered the private office this morning it was a foregone conclusion that the matter of granting the licenses would be finished before the day was out, inasmuch as there was but one day left for the successful applicants to file their bond at the office of the police board, secure their card, present the latter to the city treasurer and pay the license fee, return the signed card to the office of the police board and receive their licenses.

Applicants for hotel licenses were in conference with the board during the forenoon relative to the screen law and the serving of food.

Those who made application for both the first and fourth class licenses were notified to be present at the office of the board this morning to elect which of the licenses they preferred in the event of the board granting but one license. It is understood that in the majority of cases the applicants chose the first class license.

Licenses Given Out

After a short intermission for luncheon at noon, the board reconvened and shortly after two o'clock a list of 86 licenses which had been granted were turned over to the press. The list included the Harvard brewery, all of the hotels with the exception of the New Merrimack, 41 of the first class and seven of the fourth class. None of these granted in this list were new licenses.

Grant Long Delayed

The date of granting licenses this year was unusually late owing to the enactment of a new law governing the sale of liquor, the failure of a bill for the classification of licenses to pass the legislature, the late period set for the time for the filing of applications for liquor licenses, the remonstrances by churches, associations and citizens against the granting of licenses in certain localities together with the time that the members of the board spent in discussing the grants and waiting for legal advice relative to their rights in granting certain licenses.

The principal cause of the delay was the enactment of the bar and bottle bill by the legislature, which divorced the first and fourth class licenses, which heretofore have, in the majority

of cases, been granted to one person or firm. At the eleventh hour an attempt was made to kill the bill, but it met with defeat. Then came the classification bill, the last stand taken by the liquor interests, which was also defeated.

Next came the question of the legal meaning of the word "premises," but it was finally decided that the word did not refer to separate buildings but to separate and distinct parts of buildings which had no interior connection with another part of the building where liquors were to be kept or sold.

The next matter that came up and one which seemed to bother the liquor dealers a great deal, was in case they wished to apply for a first and fourth class license, whether they should apply for both licenses in their own name

or make one application in their own name and the other under another or corporation name.

Application For Two Licenses

In a number of cases present liquor dealers applied for both the first and fourth class licenses in adjoining premises. Others applied for the first and fourth class licenses, feeling that if they did not secure both, that they would get one, while some applied for the first class alone.

Next came the remonstrance against the granting of certain licenses. The Federation of Churches and Lowell Law & Order league together with citizens and mill officials, requested the board not to grant first and fourth class licenses to one person and also wanted to have the board interpret the law relative to "premises" in the manner which they claimed, the framers of the bill intended it should be interpreted.

Objections were also made to the granting of a license in Merrimack square, corner of Bridge and Talgo streets and in the Greek colony in Market street.

Hearings were given on these matters at a meeting of the board on the night of Tuesday, April 18th.

The board adjourned at 4:35 this afternoon after granting 86 of the 106 liquor licenses and then adjourned to meet tomorrow.

No double licenses—licenses of the first and fourth class—were granted. All of the hotel licenses with the exception of the New Merrimack, where there were two different applications, were granted, and the fifth class brewer's license was granted to the Harvard brewery. Those granted licenses are as follows:

Asked to Tell Grand Jury About Alleged Bribery

Four members of the Lowell common council went to East Cambridge today to appear before the grand jury. Summonses were served on the councilmen last night, and it is supposed that the matter has to do with the meeting of the common council last Tuesday night when charges of bribery were made.

It is known that the attention of District Attorney John J. Higgins was called to the charges made by the councilmen in open meeting last Tuesday night, and it was expected that he would investigate them.

The grand jury is in session and is said to be preparing its report on the county ring investigation, so called. This investigation has been going on for several months.

Assistant District Attorney Wier was seen by a representative for The Sun this afternoon and Mr. Wier said that if the district attorney was getting busy on the Lowell matter it was news to him. "I have not heard a word about it," said Mr. Wier.

President Herbert E. Elliott of the common council said he had not been notified of any action on the part of the district attorney and he allowed that as president of the common council he would be notified if any action were taken.

The Sun called the office of the district attorney at East Cambridge, by telephone, and while nothing definite was learned from that office the report that the four councilmen had been summoned to appear before the grand jury was not denied. Several citizens besides the councilmen also were before the grand jury.

Cause of Trouble

A motion offered by Councilman Chapman was responsible for the sensation at Tuesday night's meeting. Mr. Chapman moved that the elections of superintendent of streets, inspector of lands and buildings, city messenger and city solicitor be deferred to the last regular meeting of the year.

Four or five of the democrats appealed to the chair not to entertain the

motion, as such action would be un-
fair, unjust and illegal.

"I rule that the motion is in order,"
said President Elliott, "and if you
question my ruling you have the right
to appeal."

"If this vote goes through," shouted
Councilman Tracey, "I will take the
matter up with District Attorney John
J. Higgins tomorrow morning. I know
there have been people in the corridor

offering something of value for votes,
and if this thing goes any further
there'll be something doing."

Councilman Thomas Donohue said:
"There are men in this chamber who
have received tips and I'll put some
of them behind the bars. I'll go to
Boston tomorrow and see the district
attorney."

Councilman Chapman's motion was
defeated.

AN OUTBREAK

Has Been Reported at
Canton

HONG KONG, April 28.—Only official
messages are being received today from
Canton, where a revolutionary outbreak
occurred last night. These are of a
disquieting character. The revolution-
ists have obtained a quantity of ex-
plosives and the government has asked
the steamship companies plying to that
city to suspend their service lest arms
be smuggled into the disturbers who
are still at large. Many of the leaders
have been imprisoned.

The fight between the troops and
the rioters began last night when the
soldiers arrested a revolutionary leader,
his followers who, carrying revolvers
and wearing badges, boldly proclaimed
their purpose, surrounded the viceroys
palace and interfered with the efforts
of servants to extinguish the flames
which they had set.

CLEVER COMEDY LARGE AUDIENCE

Working Girls' Club Pre-
sented "The Club"

Members of the Working Girls' club, composed of young women employees of the Boot mills, presented a delightful comedy titled "The Club" in an excellent manner in the recreation room at the mill last night. The production was a credit to the members of the cast and the manner in which the play was presented showed that there is considerable talent in the organization. The recreation room was transformed into a small theatre for the occasion. The club did not neglect which was complete in all its necessities including scenery, drops and footlights. While there was no orchestra, a sweet toned piano played by an adept at the keys furnished the necessary music.

The play was given for the benefit of the camp that the club has leased for the summer and there was a large attendance of fellow-workers in the mill besides the members of the club. Present also were the treasurer and agent of the mill and their wives and families. The comedy was given in three acts, and told the story of the return of a country girl from a visit to Boston, where she had attended a meeting of the club of which her aunt was a member. As a result of the young woman's enthusiasm, the women of the town decided to organize a club of their own. The club did not prove a success, as it was disorganized at the end of the second meeting. The comedy is full of merriment and funny situations and was well received by the audience.

The cast of characters was as follows:
Mrs. Jones Elizabeth O'Connell
Mrs. Brown Mary King
Mrs. Snow Elizabeth Catterall
Hannah Maria Mary Carroll
Mrs. Reed Nellie Bixby
Mrs. Perkins Nellie Bixby
Mrs. Smith Catherine Noonan
Mrs. White Ida Pitt
Mrs. Stocum Mary Carney
Mrs. Higgins Mary Sullivan
Mrs. Stone Alice O'Neill
Mrs. Rice Mollie Coleman
Mrs. Martin Mary Martin
Mrs. Hobbs Josephine Griffin
Mrs. Shaw Magdalene Shea
Mrs. Turner Alice Oliver
Mrs. Spring Bessie Ramsey
Mrs. Welch Anna Bradley

Despite the fact that the only time for rehearsals was during the noon hour of the working days the members of the cast presented the sketch in an admirable manner and reflected much credit on their ability. Miss O'Connell played the part of "Mrs. Jones" in a manner which was thoroughly and brought forth much applause. Miss Carroll made a hit in her portrayal of "Hannah Maria" and the other members carried out their roles in a capable manner.

Between the acts, three very pretty girls, the Dixie sisters, sang solos, duets and trios, all of which were greeted with hearty applause. The pianist of the evening was Miss Blanche Jedon; the stage manager, Milton R. Corey, and the director, Miss Mary Joyce.

Between the second and third acts Miss Minnie O'Connell took occasion to thank the mill officials and the wife of the treasurer for their kindness and assistance rendered.

The play will be given again tonight at the same place and same hour, 7:45 o'clock.

Unique concert, April 30th, Opera House. Monster band. Talented soloists.

GRAND SUCCESS

WAS SALE CONDUCTED BY J. E. CONANT & CO.

J. E. Conant & Co. of this city completed the second day's sale at the properties of the Southwark Mills Co., Philadelphia, Wednesday and 122 lots over, in other words we have sold beside Wednesday's allotted work 122 lots on Thursday's schedule.

There was a splendid attendance of interested bidders from all over this country and Canada although bargains were plenty.

The sale began promptly at 9:30 in the morning, and continued with the exception of a slight intermission at 1 o'clock until 3:35 p. m., a matter of 365 minutes to sell 320 lots, making an average of 2 1/2 lots a minute for the day's work.

The sale continued Thursday morning beginning promptly at 9:30 o'clock at 21st and Washington avenue, and from there to Third and Moore streets something about the middle of the day.

The sale at 5th and Tasker streets started this morning with the 2523 pieces of cloth and continued on with the machinery and other equipment, and with the 19 tons of yarn during the day. It is possible that it may not take an hour to sell the cloth.

The day's total added to yesterday's total makes a grand total for the two days of \$235,000.

LOWELL NOBLES

TO HEAR CAPT. HATHAWAY TELL OF POET O'REILLY'S RESCUE

Lowell members of the Mystic Nobles of Granada have received special invitations to attend a lecture and entertainment by the Boston commandery No. 3, order of the Alhambra, in the International hall, Dudley street, Sunday afternoon at 2:30 o'clock. The special guest and speaker will be Capt. Henry C. Hathaway of the Yankee bark Gazelle, who will tell the thrilling story of the rescue of the patriot-poet, the late John Boyle O'Reilly, from the penal colony of Australia. No one can depict the scenes incident to the rescue of the poet, more than Capt. Hathaway, for when seven months ago he appeared before the O'Reilly club of Boston and told his dramatic story the gathering, which numbered some of the lamented poet's dearest friends, was visibly affected, so thrilling and soul stirring was the tale he unfolded. The Order of the Alhambra will also have as a guest, the Hon. Wm. H. Bennett, of New York, supreme commander, an eloquent speaker who will deliver an address. Grand Commander Hugh P. McNally, who is well known here as an assistant editor of the Pilot, will provide a big delegation from Lowell will take the festivities, for the Alhambra of Boston is famed for its generous hospitality.

Saw "Anne of Old Salem" Presented

A pretty and interesting three-act drama entitled "Anne of Old Salem" was presented last night in the vestry of the First Trinitarian church by a clever cast of amateurs, before a vast audience. The play was given under the auspices of the candy committee of the ladies auxiliary of the Y. M. C. A. and for the benefit of the building fund.

The time of the play is placed in the year 1692 and depicts with faithful accuracy, the stirring times caused in Salem by witchcraft. It is based partly on facts and in the course of the action several well known historical characters are brought in.

The cast of characters follows:

Anne Ellinwell Alice L. Livingston
Goodwife Ellinwell, mother of Anne, Nellie F. Snow
Roger Hardman R. W. Black
Ezekiel Brown "Humpy" with black were "other poor damsel away"
Phyllis, an English visitor at Captain Hardman's Ruby C. Hull
Nathan Ellinwell, brother of Anne, Charles H. Hillier
Ruth (of the despised Quaker faith), Harriet E. Spaulding
Miss Hardman, mother of Roger, Peace Atkins S. Marjorie Ellis
Pleety Helene R. Adams
Truth Beulah A. Sturtevant
"Two souls with but a single thought," Rev. Cotton Mather E. T. Coward

The parts were all well rendered and the play was enjoyed to its fullest extent. Company K's orchestra furnished excellent music during the event.

A pretty feature of the affair was the candy sale, the selling being done by a number of little girls, all dressed in white, and carrying pink trays. They went among the audience and realized a neat little sum from their efforts.

MEETING HELD AT THE MINISTRY-AT-LARGE LAST NIGHT

At a meeting at the Ministry-at-Large building in Middlesex street, last night, the officers of the corporation passed the following vote:
"That each church send the names of its minister and two lay delegates to become members of the corporation of the Ministry-at-Large."

The present board of government of the Ministry-at-Large is as follows: D. L. Page, president; Mrs. C. D. Palmer, vice-president; Harvey B. Greene, treasurer; George C. Wright, secretary; Directors, Miss N. P. H. Robbins, Mrs. Julian Talbot, Frank K. Stearns, Paul E. Chaffoux, George B. Washburn, Dr. E. Bell, Mrs. W. S. Lamson, Mrs. T. E. Parker.
Several churches were represented at the meeting. Last night, which was held in response to the following invitation sent out by vote of the board of government:
Voted: "That each Protestant church be invited to send three delegates, consisting of the pastor and two delegates, one of whom shall be a woman, to meet the board of government of the Ministry-at-Large, with the end in view of unifying our efforts."

The discussion was presided over by D. L. Page and was along the line of the Ministry's needs and the ability of the churches to meet those needs better in the future than in the past.

THIMBLE CLUB MET

The regular meeting of the Thimble club was held yesterday afternoon at the home of Mrs. George Fenton in Fernald street. The afternoon was spent in a delightful manner, an excellent entertainment being carried out after which luncheon was served. ON WIFE'S GRAVE

Aged Man Perished in a Brush Fire

GREAT BARRINGTON, Mass., April 28.—After he had cleared weeds and bushes from about his wife's grave in a cemetery in New Marlboro, yesterday, August B. Bergmann, an aged farmer of that town, was burned to death on the grave by a fire he had started to dispose of the gathered brush.

The flames found similar material in the growth over the graves and

swept over a greater part of the cemetery and into adjoining woodland, burning more than 100 acres of timber before they were controlled.

This was but one of many woodland fires which blazed throughout southern Berkshire yesterday.

Mr. Bergmann, who was 75 years old, left his home yesterday to make his usual spring visit to his wife's grave, with the intention of clearing it of the growth acquired between the autumn and early spring. He was seen clipping the weeds and bushes, which he placed in a heap to one side, and had rebanked the mound. It was found later. Apparently the aged man, after setting fire to the pile of brush, stayed near the blaze, his clothes catching fire. The bushes in the vicinity offered further food for the flames and it is probable that before he could make his way to safety through the flaming barrier that sprang up about him he fell suffocated by the smoke. Lying on his wife's grave, his charred body was found by John Adams.

Mr. Bergmann was a tailor by occupation, and had also been a gardener of the Bloodgood estate.

The funeral will take place Saturday and burial will be in the family plot, where he is at his life.

Property loss to the extent of \$7000 was suffered as a result of a forest fire in Monterey yesterday, the house and barn of Henry L. Langharr, a farmer, being destroyed by the flames which had started in nearby brush land. This fire burned itself out without further damage.

KILLED HIMSELF

Deceiver Admits His Sin and Ends Life

PITTSFIELD, April 28.—Carl Bennerstrand, who on Feb. 24 eloped from this city with Annie Matilda, the wife of Walter Lund, now of Hartford, formerly of 55 Center street, this city, committed suicide Monday in his boarding house in 559 West Oak street,

Chicago, by blowing out his brains with a revolver.

He left behind him on the dresser in his room a note in which he said in part:

"I am altogether bewildered and I know not what I do. Forgive me, darling. The wages of sin is death. The one who has committed sin must suffer the penalty and I suffer. My true name is Carl Bennerstrand and the woman with me is Anna Lund. We have never been married. She, I misled by writing and telling her that I loved her. She has a good husband."

"I worked in Pittsfield building machines. I have been living here under the name of Adolph Werner."

Feb. 24 Walter Lund, who was employed as an envelope cutter in the

Eaton, Crane & Pike Co. factory, returned home to find that his wife had left the city, according to the neighbors, with Carl Bennerstrand, a former roomer at his home, who was employed as a machinist at an auto plant.

He was, according to Lund, a university-educated Swede, with polished manner, who either by hypnotic or some other influence so enthralled Mrs. Lund that he was forgotten.

She left for Lund the following note. Translated it says:

"Forgive me, dear Walter, for this and for the injury I do you, but I must go this way or die. I love Carl, so ask forgiveness for me from my mother, my brother and my people. Do it for me, please. I shall go first to a friend in Providence; then I know not where,

but we shall probably locate in Boston. Do not try to follow me, but forgive and forget me."

After the elopement neighbors told Lund that Carl Bennerstrand, as he was known to Lund, had been paying marked attention to his wife during Lund's absence at the factory.

Festival of finest music, Opera House next Sunday evening.

last evening, the preliminary ring the more enjoyable of the two. The principals in the prelin were "Buster" Mortality and Bob Sargent of Fitchburg. It was "Buster's" first offense and he made good, the bout going only three rounds. "Buster" has a wallop like the kick of a mule and may yet be a white man's hope. Mart Conley of South Boston and a near-boxer who claimed to be Jack Brown of California, were announced to go 10 rounds, but if Conley hadn't been a good fellow, it wouldn't have gone a minute. Conley held off until the seventh.

NASHUA FIREMEN

Responded to 10 Alarms Yesterday

NASHUA, N. H., April 28.—The Nashua firemen had 10 calls yesterday and burned over land in different sections of the outlying district, doing a damage of at least \$5000 to young pine.

One of the most extensive of these the firemen think was set by boys who kept setting fires as fast as the firemen subdued them. Capt. Albert

Melendy saw four boys at work once or twice, but could not identify them or catch them. Chief C. H. Whitney of the fire department called upon Edwin A. Rice, superintendent of streets for Nashua, to aid his shovel brigades. The unusual heat of the day rendered the work arduous.

Woods on land of John Blain were burned over and the fire communicated to the house of J. M. Reardon. The situation was so threatening that an alarm was sounded for more help. The flames were checked before much damage was done.

At 2:16 a call came for a threatening fire on land of Mary Evans of Fairmount Heights. The damage was \$50. At 2:55 a fire was reported in the heavy timber belonging to the Nashua manufacturing company, between its canal and the Nashua river. This fire raged furiously and the damage amounts to thousands of dollars.

The next call was for more help for this fire.

At 2:35 a call came for a fire on South Dunstable road. It lasted four hours and ran over land of several parties doing damage of \$800 to pine timber of Charles Lund.

At 3:55 o'clock came a call for a fire which had been set by boys caught from the Dunstable road fire on land near the Nashua fair grounds. Mrs. Bridge Heath suffered a loss of \$500 to her timber lot.

At 4 o'clock a call came for a fire back of Woodman cemetery which originated from a brush pile which some one was burning. This fire ran through pine timber of Mrs. Almon Wheeler of Hollis, destroying a number of thousand feet of pine and inflicting a loss of \$1000.

It was a spectacular fire and became so threatening to houses on Manchester street, for which it was headed, that a second call was sent in 30 minutes after the first and the fire engines brought to the scene.

The 10th and last call came in at 8:35 last night from box 21 for a grass fire on North common, owned by the city of Nashua. The damage was slight. The number of alarms breaks the record and the day was one of the most strenuous in the history of the Nashua fire department.

DANCING PARTY

By Employees of the Bon Marche

The semi-annual dancing party by the Bon Marche Employees' Mutual Benefit association, held in Lincoln hall last night, attracted a large number of people, the majority of whom were friends of the members of the association and of the younger social set. A delightful musical program was carried out by Kittredge's orchestra, which also furnished music for dancing.

The success of the affair was due to the efforts of the following efficient committee: General manager, Frank E. McLean; assistant, Eva Suprenant; floor director, Margaret H. Murray; assistants, Kathleen Jennings, Gertrude Holden; chief aid, Mary Doherty; aids, M. J. Ryan, Walter Robinson, Major Cossette, Ralph Hickey, James Rourke, Frank Sullivan, Margaret Riley, Loda Dellate, Irene Wilson, Mary E. Crowley, Jessie Campbell, Alma Roy.

BORN IN LOWELL

Was Ned Hilton Counsel in Explosion Cases

Lowell people will be interested to learn that O. Nelson Hilton, the attorney engaged by the Western Federation of Miners in the Los Angeles explosion cases, is a native of Lowell and a graduate of the public schools of this city.

"Ned" Hilton as he is popularly called was born here and is a brother of the late Mrs. Coburn who was drowned at Killarney some time ago. He graduated from the Lowell high school and left Lowell about 25 years ago. He is a resident of Denver, Colo., where he has a fine record at the bar and where he has served as a judge. He is considered one of the finest criminal lawyers in the country today.

Woman Perished in Fire in Memphis

MEMPHIS, Tenn., April 28.—One woman was suffocated, half a dozen other persons overcome by smoke and several were injured in a fire that wrecked the lower floor of the Waldron block, a four story building occupied on the three upper floors by the Palmer hotel, a lodging house, early today.

WAVE OF CRIME

Investigated by the Grand Jury

NEW YORK, April 28.—Investigation of the crime wave alleged to be due to police inefficiency reached an important stage today with the expected appearance before the grand jury of Second Deputy Police Commissioner Flynn. Mr. Flynn resigned his office recently, his resignation to take effect May 1. It is believed he will be asked to verify for the grand jury a statement he has been quoted as making that he got out because men that he knew to be crooked had been retained in the department and in authority.

SIR JOHN MURRAY

AWARDED THE HELEN CULVER GOLD MEDAL

CHICAGO, April 28.—The fifth Helen Culver gold medal conferred by the Geographic society of Chicago for extraordinary scientific attainments was bestowed last night on Sir John Murray, K. C. B., F. R. S., the oceanographer. He delivered a lecture before the society upon recent discoveries in connection with the study of oceanic conditions the world over.

Sir John Murray offered to contribute \$10,000 should reciprocal agreement be made whereby Canada and the United States should begin a joint study of the great lakes. "I see no greater field for your investigation along scientific lines than this great system of lakes," he said. "You can have no idea of the economic value and the educational profit resulting from such an investigation until it is taken up. I would urge seriously such a task upon you."

CONGRESS OF MOTHERS

WASHINGTON, April 28.—The National Congress of Mothers and Parent Teachers association today considered the relation of the state in child welfare. Discussion of the welfare of the country child was informal. The attention paid by the state to its roads so as to make every country school accessible at all seasons, uniformity of standards of education in public schools throughout the state and consequent educational advantages for the country child equal to those of the city child, heating and cleaning out of the school building, co-operation of state departments of agriculture with the schools in promoting school hours for educational and social purposes were phases of the subject considered.

BISHOP DA SILVA

Administered Sacrament of Confirmation at St. Michael's

Imposing services were held at St. Michael's church this morning, when Bishop da Silva administered the sacrament of confirmation to a large number of children. The children to be confirmed were arm. The children of the parochial school in the centre of the church, school attended in a body with the

sisters, while their parents, filled the other part of the church.

Services began at 10:30 o'clock with the singing of Brizal's "Veni Creator" by Mr. James A. Murphy. This was followed by an eloquent sermon on "The Holy Ghost" by Rev. Francis J. Mullin.

Bishop da Silva then administered the sacrament of confirmation to the children. He was assisted by Rev. Fr. Shaw, pastor of the church, and Rev. Fr. Mullin. The witness for the boys was Mr. John White, while Miss Margaret Nixon was witness for the girls.

During the confirmation the choir under the direction of Mr. James A. Murphy with Miss Caroline White at the organ, rendered "Veni Sancte Spiritus," Reyner's "Ecce Sacerdos Magnus" and Palloni's "Ave Maria."

The services ended with the benediction of the blessed sacrament, Rev. Fr. Mullin officiating Lasso's "Ave Verum" and Venzano's "Tantum Ergo," were sung by the choir.

At 7:30 o'clock the children attended mass and received holy communion. Rev. Fr. Shaw officiated and delivered a short instruction. During confirmation, Rev. Fr. Murphy had charge of the children.

The Sirolin Sentinel Fighting The Great White Plague

LOWELL, FRIDAY, APRIL 28, 1911.

Home-Treatment for Lung and Throat Ailments

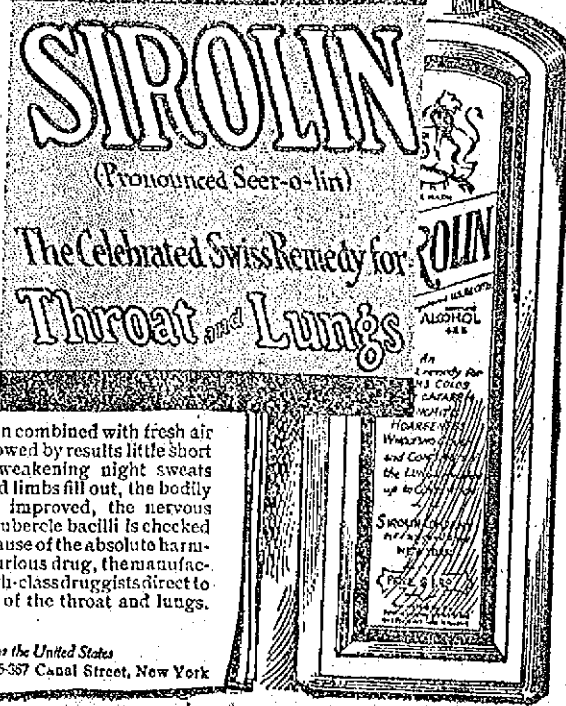

No Specialists' Fees—No Sanitarium Charges—No Traveling Expenses.

The coming of Sirolin to America has made it possible for every sufferer from lung and throat troubles to take at trifling expense, and in the comfort of home, the treatment prescribed by Europe's leading specialists.

Sirolin taken at the first sign of Coughs, Colds, La Grippe and other throat and lung affections invariably cuts short the attack—it is invaluable as a preventive remedy. In deep seated, chronic diseases of the air passages Sirolin has remarkable virtue in causing unfavorable symptoms to rapidly disappear and in restoring the sufferer to normal health.

In incipient Consumption, the taking of Sirolin combined with fresh air treatment and plenty of nutritious food is followed by results little short of miraculous—coughing rapidly decreases, weakening night sweats disappear, the appetite improves, the chest and limbs fill out, the bodily weight increases, the quality of the blood is improved, the nervous system becomes normal and the increase of tubercle bacilli is checked and the germs often entirely eliminated. Because of the absolute harmlessness of Sirolin—the entire absence of any injurious drug, the manufacturers have consented to have Sirolin sold by high-class druggists direct to all who suffer from trifling or serious ailments of the throat and lungs. The coming of Sirolin to America is an event.

THE OPERA HOUSE

At the Opera House last night, that popular musical production known as "Madame Sherry" and styled the "Sister of the Merry Widow," pleased an audience that taxed the capacity of the theatre.

The company that appeared at the Opera House last night was one of five companies on the road presenting the same show. It has many talented musicians, some of whom are familiar to Lowell audiences as members of other companies. The production is entitled a French vaudeville in three acts and based on the French book of M. Ordonneau, music by Hugo. Felix, the score of the present version being by Karl Moschna.

There are twenty-two musical numbers in the performance and all are good, while some reach a degree of excellence that brings curtain calls, in quick succession. Among the most striking of these musical hits were: "The Kiss You Gave," "Every Little Movement," "You Can't Argue," "I'm All Right" and "Off for a Sail." The program was a long one and varied enough to suit everybody. Among

those who assumed the leading roles and won much applause may be mentioned: Anna Boyd, Wilmer Bentley and Marie Flynn. Miss Flynn in simulating a state of intoxication, in the opinion of some, was too realistic at least for a girl. Virginia Falz as "Dolita" was good, as was Frank Johnson as "Leonard Gomez." Bernard L. Ross as "Hector" and the long line of pupils at Sherry's school of aesthetic dancing played their respective parts well. The audience expressed its satisfaction by frequent bursts of applause that subsided only with curtain calls.

"THE WHITE SISTER"

The Thompson-Flynn stock company will give its last two performances of "The White Sister" today and next week this company will be seen in the Ziegfeld comedy "Merely Mary Ann" by Israel Zangwill, who also wrote the "Melting Pot," in which the author has shown his knowledge of human nature and things in general, by selecting his characters from many walks in life. There is the composer, the business man, the music publisher, the country vicar, the Sunday journalist, the medical student, the footman, the lodging house keeper, the daughter, the poor peasant, the countess, her daughter, her daughter's friend, and last but not least, "Merely Mary Ann," who does the dishes, cooks the bacon, dusts the front parlor, attends the door, blacks the boots, feeds the cat, goes to market, waits on table, runs the furnace, lifts the ashes, fights with the gas man, forgets to empty the refrigerator pan, burns the potatoes, etc., etc. There is also a lot of other atmosphere and coloring to this comedy. One act shows Mrs. Leadbotter's lodging house, South London, which gives opportunity for many odd situations and crises, repartee and delicate satire. This comedy will be presented at the Opera House, week of May 1st except Tuesday and Thursday.—Adv.

"THREE TWINS"

Joseph M. Gaites' bright and merry musical play, "Three Twins" with Clifton Crawford and the New York company will be seen at the Opera House Saturday, matinee and night. "Three Twins" is causing just as many laughs, if not more, as when it first made its bow to theatregoers. It is a play that seems to grow more popular and amusing with every performance, if such a thing is possible. It is just bristling with fun with never a tedious moment from the start to the finish. Clifton Crawford, the star of the production, is one of the very best light comedians in musical comedy and knows the value of every funny line and situation.

There are delightfully pretty dances, catchy songs, novelties in chorus groupings and effects, stunning costumes and attractive stage settings. The chorus is made up of pretty girls who can sing and dance and work with well trained precision.

The book of the piece is by Charles Dickson and Otto Hauerbach and music by Carl Moschna, composer of "Madame Sherry." "The Girl of My Dreams," "Bright Eyes" and "Mr. Gaites' latest success," "Katie Did." Some of the stage novelties are the "Yama Yama" men, the huge electrical swing and "The Face in the Clouds." Ably assisting Mr. Crawford are Mayma Gehrue, Daisy Leon, Della Niven, Elsie Myrnes, Joseph Allen, Hugh Fay, Ralph Locke, Russell Lennon and George Herbert.—Adv.

GEO. EVANS' MINSTRELS

George Evans' will again be found at

the head of the Honey Boy minstrels when this organization is seen at the Opera House next Tuesday night.

"The Honey Boy" has firmly established himself throughout the country as the leading minstrel star of America. When Cohan and Harris took this vaudeville favorite and placed him at the head of their big minstrel show, they gave their organization the "Honey Boy" trade mark unconsciously and it now sails under that flag. George Evans has retained almost intact the fine entertainment and splendid cast of minstrel favorites seen about him last year. John King, Sam Lee, Clarence Marks, Tommy Hyde, Charles Hillard and Pierce Keegan lead the funmakers, while Vaughn Cornfoot, Matt Koefe, James Meschan, the Irish tenor, Tom Kane, Wilson Miller and Master Leo Fagan are among the vocalists.

A special feature of the minstrels this year, is the appearance of James J. Corbett as interlocutor of the first part and later on in the program he tells his interesting story of the Jeffries-Johnson contest of last July. Corbett is undoubtedly qualified to give an interesting talk on his famous contest and explains much that has never been printed. Seats today.—Adv.

RICHARD CARLE

Contracts have been signed for the early appearance here at the Opera House of Richard Carle, in his latest success "Jumping Jupiter." Mr. Carle will be assisted by Edna Wallace Hopper and the entire cast now appearing in Boston, and the engagement here will immediately follow the close of the Boston engagement.—Adv.

HATHAWAY THEATRE

When Louis Mann wrote "All On Account of Eliza" like the poet Milton he must have invoked the aid of the Goddess of Mirth herself.

Haste thee Nymph And bring with thee Jest and youthful folly!

For "All on Account of Eliza" has proven itself to be one of the most fruitful productions ever presented on the American stage and a play that hundreds go to see. Not once, nor twice, but thrice on account of its wealth of laughable features. With Donald Meek in the principal comedy part a fitful of old Hochstetel, the irrepressible German, with a dialect that

is rich, the real funny features of the play are most completely brought out.

Large audiences have been the rule for the week and the advance sale for the remaining performances is large. Seats for tonight's and the two performances tomorrow may be ordered in advance by telephone, 811. Next week the Donald Meek stock company with Severin DeDeyn will offer as a special attraction the popular and powerful drama, "The Great Divide" one of the truly great latter day dramatic productions. The play will be presented exactly as was the original production in which Henry Miller scored his great triumph and Severin DeDeyn will be seen in the lead the funmakers, while Vaughn Cornfoot, Matt Koefe, James Meschan, the Irish tenor, Tom Kane, Wilson Miller and Master Leo Fagan are among the vocalists.

MERRIMACK SQUARE THEATRE

Lowell's musical public has been well represented at all of the performances at the Merrimack Square theatre this week and they have been pleasantly surprised with the excellence of the entertainment provided. Sig. Giuseppe Siriguano and his Banda-Roma have proved a most delightful offering to them and they have been generous in their recognition and appreciation of the work of the musicians engaged. Sig. Siriguano's manner of directing his band is a novelty in itself and has made a decided hit with all who have seen him. His movements are graceful and the response of his every beck and nod by the members of the band is to be wondered at. The playing of "America" is a fitting and well-timed finale to the select program which the band gives.

Another number is the offering of Anna Arline, a dainty miss, known as "The Somewhat Different Girl," while the comedy sketch by Hickey and Nelson is extremely funny. Carmen, the hoop roller, presents a real novelty, while the singing of Miss Sadie Gra-

ham has been met with favor on all sides.—Adv.

ACADEMY OF MUSIC

A complete change of program was in order at this house yesterday, and a fine bill presented. Roberts, Hayes and Roberts have a burlesque offering, "From Melodrama to Vaudeville," that embraces some funny comedy and tuneful songs. The Milano Duo, the operatic stars, render some grand opera selections in an artistic manner. Blackson and Burns, a clever pair of acrobatic comedians have an act that is a decided novelty, with special effects. The pictures are very entertaining.—Adv.

SOCIAL AND FRATERNAL

Spindle City circle met last night in Post 120 hall and considerable business was transacted. There were two initiations. There were visitors from Lawrence and Boston. After the meet-

ing a good time was enjoyed by the members.

Division 23 met in regular session last night, President Patrick McCann occupying the chair. Business of importance was transacted. The dance committee reported favorably. Fifteen new members were initiated. Remarks by E. P. Slattery, H. McQuade, Dennis Brassil, Hugh Talty and Thomas McCarty. A special meeting of the division will be held May 5.

INDUSTRIAL SCHOOL

Boott Mills May Establish One if City Doesn't

If the proposed industrial school is not established in this city, it is said that Treasurer Flather and Agent Thomas of the Boott mills will establish such an institution in connection with their own plant; some sort of a half-time school for the boys and girls between the ages of fourteen and eighteen, whose parents do not feel able to send them through the high school.

The establishment of such a school by the Boott mills, it is firmly believed, would be a sure success, self-supporting, and productive of the best results for the mills.

The Boott mills which is now producing a wide range of goods has already successfully adopted some of the best features of the old Lowell welfare system. They have a large rest

room in the mills with a Girls' club which meets at noon and also certain evenings during the month. They also have a vacation house at Willow Dale where a considerable number of girls may pass the week end or even a longer period, the whole system being under the chaperonage of Mrs. Gilman in the mill office.

The Working Girls' club gave an entertainment in the recreation room last night and they will repeat it again tonight. A report of the entertainment appears in another column and it speaks well for "this wonderful city of splendor and looms and thousands of factory folk." Looking in upon the scene last night one's mind turned back to the days of Lucy Larcom and Harriet M. Robinson and one wondered if their hopeful anticipation ever carried them to such a scene within mill walls.

Agent Thomas of the Boott mills was seen by a representative for The Sun this forenoon and, asked if there was any truth in the report that the Boott mills was contemplating the establishment of a part-time school, Mr. Thomas said: "It is among the possibilities. I am very much interested in the establishment of an industrial school in Lowell and I think that we will have a school here. I do not think that the city can afford to be without it. If the city does not go ahead and establish a school I think it would be meritorious work for one or more of the corporations to build one."

"The establishment of an industrial school here would accrue to the benefit of the corporations as well as the individual. We do not get many young men from the textile school. After completing a course there they do not feel like taking subordinate positions in mills. There is an actual scarcity of good second hands for our cotton mills today. With our present help we have nothing to build upon and there is no class of young men growing up to fill those positions. What we want is a part-time school for the boys and girls so that they may go to work upon leaving school if their circumstances demand it without having to say farewell to their studies. They could spend half of their time in school and half in the mill. We are not doing as much for the boys and girls as we should do. They cannot plan and do these things for themselves and it is up to us to do it for them."

"We have hundreds of industrious boys and girls who work by day and attend school by night. By so doing they manifest commendable ambition but it is a hard drag on the constitution, mentally and physically. I believe in the old saw that all work and no play makes Jack a dull boy and, on the other hand, if we had an industrial school where a boy could learn most any kind of a trade he would assist very materially in keeping him away from cheap places of amusement. Lawrence is paving the way to a fine industrial school. In fact it is already a fine school. Mr. Dooley is developing the Lawrence school. He has accomplished a great deal for primary textile training in Lawrence and he is devoting his attention and sturdy energy to the industrial school question. Several trades are being taught in the Lawrence schools and the courses there are practical throughout. I think that the corporation will do what it can to encourage the establishment of an industrial school in Lowell."

SELL TOWN FARM

Dracut Poor Farm Up for Auction Sale

Towns of New England especially in Massachusetts and New Hampshire, are fast disposing of their town or poor farms and frequently we read of such property being disposed of by private sale or public auction. One of the latest town farm properties scheduled to go under the hammer is the Dracut town farm which will be sold at auction next Monday afternoon, May 1, by C. H. Hanson & Co., Inc., auctioneers.

There are various reasons why these farms are sold, the principal one being that the towns don't care to maintain them and hence allow good property to be sold at a sacrifice.

The Dracut town property is in good condition, the buildings having been erected when the best of material was used and competent workmen were engaged in their construction. There are about 55 acres of land, nearly all in good state of cultivation.

The property is situated, with the exception of a small portion in the town of Dracut just beyond the junction of Bridge and Nineteenth streets and the balance is on Eighteenth, Nineteenth, Humphrey and Willard streets in Lowell and adjoining the farm proper in Dracut. There is a two story, fifteen room house with large piazza and tool shed with large four room ell, barn 50 by 40 feet, carport 95 by 18 feet. Also two one story stone buildings 18 by 14 feet, large pigery and hen house.

To reach the property take the Bridge street car to the corner of Bridge and Willard streets, which is two minutes walk from the property. The sale starts promptly at three o'clock.

AN ULTIMATUM

Served on the Labor Unions

CHICAGO, April 28.—Architects and building contractors have served an ultimatum on the warring labor unions that unless they settle their jurisdictional disputes by next Tuesday, there would be a general shutdown of building operations in Chicago. Already several thousand workmen are idle because of jurisdictional disputes. It is estimated the threatened lockout will throw at least 35,000 men out of employment.

Among the unions at war with each other over work are the plumbers against the steamfitters, the carpenters against the sheet metal workers, the bricklayers and building laborers against the cement workers, the elevator constructors against the machinists and electrical workers.

NATIONAL PARK

MAY BE ESTABLISHED BY SONS OF AMERICAN REVOLUTION

LOUISVILLE, Ky., April 28.—Sons of the American Revolution at their annual convention which begins here, April 30, will consider plans for establishing a national park on the banks of the Delaware river where Washington crossed. The organization proposes that an appropriate acreage be acquired on each side of the river for park purposes.

Every state in the union will be represented at the gathering.

8 HOUR DAY

IS ASKED FOR LETTER CARRIERS AND CLERKS

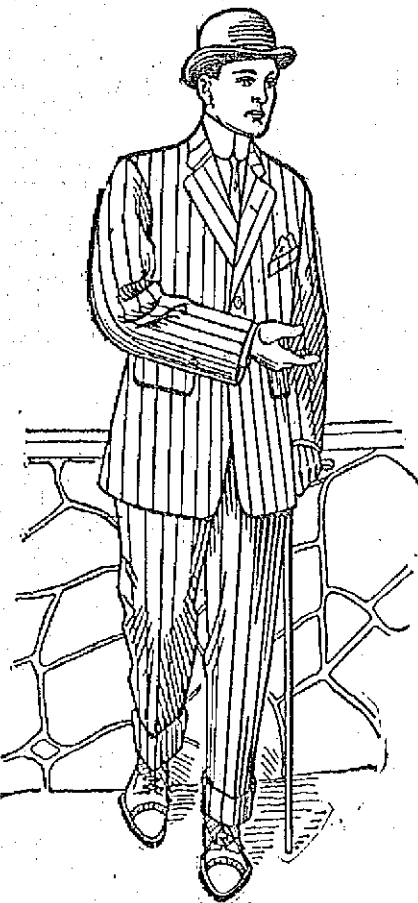

WASHINGTON, April 28.—Representative Reilly of Connecticut has introduced a bill providing an eight hour work day for mail carriers and clerks in first and second class postoffices, the eight hours to be consumed within a limit of ten consecutive hours and for pro rata compensation for all work in excess of eight hours a day. It was referred to the committee on post-offices and post-roads.

There is a lot of men who want to pay \$25.00 for their suits—and there is a lot of suits that sell for \$25.00. Not all of them are worth it. For years we've been using clothing from a maker who designs and builds \$25.00 Suits that are worth every penny of the \$25.00. They are suits that "stay put." The collars snug up; the shoulders don't drag; the pants hang as you know they should. And all these good points take money, skill and time, and experience. But when once you've worn one of these \$25.00 Suits, you'll never consent to wear any other kind.

ROYAL ARCANUM THREATENING FIRE

Annual Session of Grand Council
Held in Boston

Caused Damage of \$30,000 in
Boston Today

BOSTON, April 28.—The 34th annual session of the Royal Arcanum grand council of Massachusetts was opened yesterday afternoon in Ford hall by Grand Regent George H. Wiley. There were 100 representatives present and 68 new representatives were admitted before the opening of the business meeting.

The report issued a short time ago by the grand council, giving in detail the business of the past year, was accepted as a whole without debate. One of the first acts of the grand council was a tribute to one of its most active members, Charles E. Stumcke, who is seriously ill at his home in Dorchester. Resolutions were unanimously adopted wishing him a speedy recovery.

The most important business of the afternoon session was the nomination of officers. They are: Ernest E. Hobson of Palmer G. R., James F. Wise of Dorchester and Alfred Newmarch of Roxbury G. V. R., Melville A. Arnold of Everett and Edward J. Byron of Dorchester O. William L. Kell, secretary; Horace G. Williams, treasurer; C. Edgar Searing of Stockbridge C. C., Hugh Walker of Lowell G. G., F. A. Goodwin of Dorchester G. W., Herbert L. Billings of Newton G. S., Charles E. Stumcke, chairman; John W. Britton of Westboro, Langdon B. Wheaton of Woburn, grand trustees.

The nominees for the most important committees are: Finance, John J. Hogan of Lowell chairman, E. W. Bailey of Newtonville, George A. Richardson of Somerville; laws, William N. Swain of Dorchester chairman, William A. Putnam of Leominster and John E. McKenna of Stonybrook; credentials and minutes, Charles H. Medford of Springfield, chairman, Alexander M. Berger of Roxbury and Arthur N. Fogo of West Medford.

There will be a contest for representative to the supreme council. There are three places to fill and the following have been nominated: John J. Hogan of Lowell, George H. Wiley of Malden, Alanzo G. Walsh of Lowell and Richard Crosby of Somerville. The election will be held this afternoon.

The Royal Arcanum club held its meeting in Kingsley hall last evening, the banquet being served at 6 o'clock. Besides the members of the club, many of the representatives were present, 250 covers being laid. G. E. Stumcke, president of the club, was the representative by Maj. Green, a member of the order, as is the governor.

Other guests were Allen T. Treadway, president of the senate; Uriah W. Tompkins of New York, chairman of the committee of laws of the supreme council; J. A. Langitt, P. S. R., of Pittsburg; Alfred T. Turner, S. R., of Boston; Ernest E. Hobson, G. V. D.; George H. Wiley, G. R.

Martin Plessinger, secretary, presented the names of 28 applicants for membership, all of whom were unanimously elected. Mr. Plessinger also read an original poem in which his incoming report received much praise.

Joseph B. Robson, president of the club, presided and introduced the speakers. They were Uriah W. Tompkins, Major Green, J. A. Langitt, Ernest E. Hobson, the nominee for grand regent, and Senator Treadway. After telling of the work of the

legislature Mr. Treadway spoke against a federal income tax and said that this was the first time in his recollection that the governor of the state had interested himself and tried to influence legislation. He mentioned a bill on which the governor asked immediate action and he felt that it was not his place to seek to influence legislation.

Other inflammable substances furnished fuel for a threatening fire that broke out today in the basement of the seven-story building of the Fort Hill Storage Warehouse Co. at 90 Purchase street. The basement and first floor were occupied by Chandler, Farquhar & Co., dealers in roofing supplies, and spread to some of the upper floors. The loss

is estimated at about \$30,000. Hodgdon Bros., brass and metal workers, suffered considerable damage from water. The blaze was of the most stubborn kind and the firemen had a hard fight before bringing it under control. The vicinity of the burning building was buried under a cloud of thick heavy smoke and two or three firemen were temporarily incapacitated by the choking fumes.

John A. Osgood of the Lowell board of health attended the quarterly meeting of the Massachusetts Association of Boards of Health at the Brunswick hotel, Boston, yesterday. Mr. Osgood said the meeting was a very interesting one and he gathered material enough to interest his brother members on the local board at their next meeting.

Rare Bargains in Useful Seasonable Articles

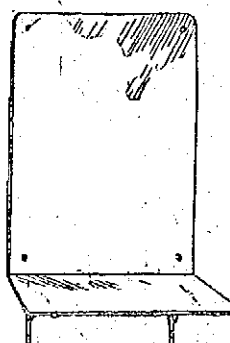

THE GREATEST WATER BOTTLE VALUE EVER OFFERED

We would not be featuring hot water bottles at this season of the year if we did not believe that we had an unusual opportunity to offer our customers. One of the leading manufacturers in this country, finding himself with over 300 dozen of these bottles on hand at the close of the season, and knowing our ability to sell a large volume of merchandise, offered these to us at an astounding low price. Ordinarily we would ourselves have to pay nearly twice as much as we are going to sell them for. The bottle is high-grade, made to sell for \$2.00. It is cloth-inserted; that is, two walls of a special cloth material coated on the inside and outside with rubber. It is made to withstand good hard, long service. We doubt very much whether we shall ever again have the opportunity to offer such a bargain. The majority of these bottles are No. 2 and No. 3 sizes, holding approximately 2 and 3 quarts. A few are No. 1 and No. 4 sizes. Every one should have a hot water bottle. You can afford several, at this price

WILD NIGHT RIDE

Of Haverhill Woman and Children

Still a Mystery

Haverhill, April 28.—The police are unable to fathom the mystery which surrounds the case of Angie Davis, 15-year-old girl, who disappeared early yesterday afternoon with a hired livery rig and two small children she induced to take a ride with her, and who was found yesterday afternoon.

Her disappearance was reported to the police Wednesday evening when the parents of an 8-year-old Polovosky girl reported that their daughter had been taken early in the afternoon by the Davis girl and had not returned. At midnight the police sent out a general alarm for them, but the combined efforts of the Haverhill, Lawrence and southern New Hampshire police were unsuccessful.

Late yesterday afternoon Patrolman Foster was at Pecker Hill in the outskirts of the city, when he noticed a faded horse driven by a girl, who had two small companions, and from the description of the outfit read at roll call the night before he identified the driver as Miss Davis and accosted her. She admitted her identity and also that the two children who were with her had not been at home. She told conflicting stories of a wild ride through the country, sleeping in the woods during the night and feeding the children on crackers secured at a grocery store.

The youngsters were nearly exhausted as was the horse, which showed evidence of hard usage. The officer reported his find at police headquarters and Capt. Shannon went to the scene and brought the outfit and its occupants back to this city.

The children were turned over to their parents and the Davis girl was taken to police headquarters, where she was held on a charge of making a false statement in hiring a team.

The small children could tell little of their experiences during the night, nor is the Davis girl able to tell clearly of her wanderings, but it is thought that she took the children into the woods and kept them there until yesterday, when she resumed her ride.

ELKS' ANNUAL BALL

Brilliant Social Event in Associate Hall Last Evening

The Elks held forth in gala array at their annual ball, last evening, and the several hundred present all admitted that the event was one of the most enjoyable of the season.

The merry event took place in Associate hall and that neither pains nor expense had been spared in making the ball room attractive was evidenced by the elaborateness of the decorations.

The prevailing colors were purple and white and pink and white pleasingly blended.

The stage had a background of purple and white, with a huge clock, the hands of which pointed to 11, the symbol of the order. Fronting the platform was an arcade of lights, forming the contour of the trellis work, setting the platform in a sort of frame twined with evergreens and roses. In the centre of the palms fronting the platform was a pictured elk, framed in multi-colored lights. Every window in the place was hung with their symbolic color, purple, with lace curtains, faced with pink and white, while along the front of the gallery was again found the predominating colors, caught up at short intervals with sprays of green and roses.

At 8 o'clock the Middlesex orchestra, John J. Hanlon, leader, gave a concert program, interspersed with acts from the Merrimack Square theatre, loaned by Manager James Carroll. The concert program was as follows:

March, "The Tempest".....Hall
Overture, "Morning, Noon, and Night,".....Suppe
Selection, "Chocolate Soldier".....Strauss
Piccilo solo.....Selected
J. Bissonette.
"Popular Medley".....Beyer
"Elk's March."

Golden and Miss Ella Burke, His Honor Mayor Meehan and Miss Mary Meehan, Mr. and Mrs. Fred A. Pilling, Mr. and Mrs. James J. Redmond, John J. Lee and Miss Sarah Lee, Mr. and Mrs. David Hackett and about 100 other couples. The march was a very impressive feat of the affair.

General dancing was started about 9 o'clock. The dance order was a very neat little booklet and contained 20 dances and four extras.

A beautiful feature of the ways of Elkdom occurred at 11 o'clock when the toast to departed brothers was repeated, a never-failing ceremony at all events conducted by the Elks.

As the clock struck the hour, the lights were lowered and the members of the order marched into the hall in

MICHAEL J. MARKHAM, Exalted Ruler.

single file forming in the centre of the floor in the shape of a clock with the hands pointing to 11, and toward the stage. As the formation was completed a voice was heard saying: "The Toast," and all lifted their hands high, bearing lights. A spot light was flashed upon the stage revealing Donald Meek of the Hathaway theatre, a member of Lowell lodge. In the centre Mr. Meek pronounced the toast in the departed in eloquent and dramatic manner, the brothers sang "And Lang Syne" and then marched silently from the hall to the strains of that good old tune.

Dancing was then resumed and continued until the wee sma' hours with an intermission at midnight for supper. The officers of the ball were as follows:

Committee of five: Thomas A. Golden, chairman; James J. Redmond, Daniel W. Shanahan, Samuel A. Pickering, John W. McElroy.

Officers of the ball: General manager, John P. Farley; assistant general manager, Michael J. Markham; floor director, Walter E. Guyette; assistant floor director, Daniel W. Shanahan; chief aids: John H. Farrell, Fred H. Bourke, James J. Redmond, John W. McElroy, Fred A. Pilling, Robert S. Ganley; aids: John J. Duff, John H. Cull, James E. Donnelly, Thomas H. LATEST VERDICT OF \$2329.96

In Plain Street Grade Crossing Suit

But City is Liable for but 10 Per Cent. — Motion Overruled for New Trial in the Case of Lauzier vs. Lawrence Co. — Court Adjourns to Cambridge

The jury in the case of Davis et al (City Iron Foundry) vs. City of Lowell returned a sealed verdict this morning which when opened was for the plaintiff in the sum of \$2329.96. In this case the plaintiffs sued for an assessment of land damages as the result of the changing of the grade crossing at Plain street. No land was taken but the company sued because of the depreciation of its property on account of the proximity of the road and on account of an embankment which shut off light and air from their plant. Albert S. Howard appeared for the plaintiffs and the city solicitor and F. A. Barnham for the defendants. The defendants

HATTIE LEBLANC

Her Deposition in Glover Will Case Read in Court Today

CAMBRIDGE, April 28.—The deposition of Hattie Leblanc was read today to the jury in the supreme court that is hearing the evidence in the contest of the will of Clarence Glover, the Waltham laundry proprietor who was murdered a year ago last November. Hattie Leblanc was freed after a sensational trial. The deposition was taken last week at St. John, N. B., counsel for the will and for the four brothers of Glover who are protesting against its allowance being present at the examination of the Leblanc girl. The deposition is a lengthy document and it was anticipated that its reading would consume practically all of the day. During its reading, counsel for both sides entered innumerable exceptions to certain of the questions and answers. The deposition was read by Edward F. Barry of counsel for the four Glover brothers who contest the will which left all of the property to Lillian M. Glover, the widow, and Seymour Glover, a brother of the testator.

During the early part of the forenoon there were frequent conferences between Justice Hammond and the counsel in the case. Later there was a conference between Justice Hammond and Farley Brewer, who was junior counsel for the Leblanc girl during the murder trial and Miss Alice Morrell, the stenographer who took Hattie's deposition at St. John. When court opened before 11 o'clock Attorney Jesse Gove of counsel for the contestants asked that the deposition be read and Mr. Barry began the reading of questions and answers.

In the deposition the Leblanc girl told of her life in the Glover home at Waltham. She said that she was on friendly terms with both Clarence Glover and his wife. The couple, she said, quarreled frequently, when Mrs. Glover would call her husband "vile names" and he would reply in language of a similar character. She had never, she said, seen any evidence of fondness for each other exhibited by either of them.

Mrs. Glover, she said, always spoke to her of her husband as "Glover" except when she quarreled with him, when she would apply some offensive epithet to him. One time, she testified, Glover and his wife did not speak to each other for three weeks.

blanc, a brother of Mrs. Glover. Mrs. Glover, she said, asked Toby if he would kill Glover if she would pay him for it. Toby said that he would not and that if she wanted any killing done she would have to do it herself.

During the reading of the deposition certain portions were ordered stricken from the records by Justice Hammond, among the parts under the ban being all reference to an alleged act of misconduct on the part of Glover and the Leblanc girl in the bath room of the Glover home some time previous to the murder.

STOCK MARKET

CANADIAN PACIFIC TOOK A JUMP TODAY

Reached Highest Point in Its History—Market Closed Active and Strong—Coppers Moved Sluggishly Although Market Was Strong

NEW YORK, April 28.—Canadian Pacific advanced 1 1/2 to 230 1/2, the highest point in its history when the market opened today. Otherwise there were few changes of importance. The market was firm, most of the active stocks advancing by small fractions. Fractional additions were made to the opening advances in the principal stocks aside from Canadian Pacific, which re-acted a point on profit-taking. A few of the specialties moved rather widely. General Electric and Westinghouse Electric rising 2 points and Interborough Metropolitan pf. 1. International Paper pf. and Allis-Chalmers pf. lost 1/2.

Compared with yesterday's early session, business on the stock exchange this morning was small. The undertone was more firm, however, and there seemed to be indications of accumulation of the better class securities by substantial interests. The new high record of Canadian Pacific made it the most talked of issue and there was further buying of the stock for Canadian account.

Business simmered to nominal proportions and was confined largely to specialties in which special considerations figured. Developments at the stockholders' meeting of the American Woolen Co. aroused a demand for the preferred stock, which advanced 1 1/2. Mo. Pac. hardened 1 and U. S. Rubber 1 1/2. Can. Pac. touched 230.

The day's advances were reduced a good fraction generally in the afternoon when the professionals began to take profits. Canadian Pacific and Mo. Pac. dropped back a point.

The market closed active and strong. A brisk demand arose in the closing hour for the high priced dividend paying railroad stocks and United States Steel pf. was pushed up vigorously and there was renewal of the early demand for various other specialties. Canadian Pacific mounted to 230 1/2, a gain of 3 points.

Money Market

NEW YORK, April 28.—Prime mercantile paper 3 1/4 per cent. Sterling exchange steady at 48 1/2 for 60 day bills and at 48 1/2 for demand. Commercial bills 43 1/2. Bar silver 53 1/2. Mexican dollars 43. Government bonds steady. Railroad bonds firm.

Money on call steady, 2-2 1/2. Ruling rate, 2 1/2. Last loan, 2 1/2. Closing bid 2 1/2. Offered at 2 1/2. Time loans steady, 60 days 2 1/2-1/2, 90 days 2 1/2-1/2, six months 2 1/2-1/2.

Boston Copper Market

BOSTON, April 28.—Coppers moved sluggishly again today although the firmness of yesterday was still in evidence at the opening. At noon the market was still dull and steady.

NEW YORK POLICE FRAUD CHARGED

Judge Rosalsky Says Two Men Placed Under Arrest They Are Demoralized Arrest

NEW YORK, April 28.—The grand jury which is investigating Magistrate Corrigan's charges that a demoralized police force has permitted crime and vice to thrive in this city, handed up a presentment today declaring that the situation in New York and the condition of the police force is a matter of grave public concern and that immediate reformation is required.

"I want to say to you," said Judge Rosalsky of the court of special sessions, after the reading of the presentment, "that from my experience on the bench during the past four months I am satisfied that the police department is demoralized and that the men have no confidence in their superiors."

"What we want is a commissioner of police trained by experience. I have known Mayor Gaynor for a long time and know him to be a good man, but he is sometimes impetuous and does things which he might not approve in wiser moments."

CREW OF MEN

Start to Work on the Streets and Sowers

The street and sewer departments are getting busy on sewer work and about 250 men are engaged in street and sewer work at the present time. Car loads of sewer pipe are on the way and the Albion street and Butman road sewers will be among the first to be tackled. Included in the street work on which the street department is busy at the present time is the repairing of Mammoth road, the grading, graveling and widening of Clark road and the graveling of Bowden and Chippewa streets.

OFFICIAL RECORD

GIVES LOWELL A POPULATION OF 105,294

The population of Lowell and the surrounding towns for 1910 as printed in a book recently published by the bureau of statistics of Massachusetts, Charles F. Gettemy, director, is as follows: Lowell, 105,294; Billerica, 2,789; Chelmsford, 5,910; Dracut, 3,461; Dunstable, 408; Tewksbury, 3,760; Tyngsboro, 329; and Wilmington, 1,858.

FEW CASES

OF CONTAGIOUS DISEASES IN LOWELL AT PRESENT

The number of cases of contagious diseases reported at the office of the board of health for the last three months has been exceptionally small. In the months of February, March and April last year, between four and five hundred cases of measles were reported, and since the first of the present month, this year, but five cases have been reported.

RAILROAD BOARD

Criticised in Message to Legislature

BOSTON, April 28.—A criticism of the state board of railroad commissioners is contained in a report prepared by Clinton Scovill and submitted to the legislature in a message by Governor Foss. Mr. Scovill is one of the experts delegated by the governor to inquire into the work of certain state commissions. In his message Governor Foss says that Mr. Scovill finds that when a railroad petitions for the right to increase its capital the investigation which the commissioners conduct into the merits of such petition is inadequate and that "wherever a railroad petitions for new capital on account of new equipment the commission should determine whether that money is currently needed for such new equipment."

The message continues:

"Furthermore, the board does not render publicly its conferences in connection with new stock issues or the reasons for its decisions."

"In my judgment, the only remedy is to centralize the work of supervising public service commissions in the hands of a competent board of managers, which broader powers constituting a public utilities board who shall be required to devote their entire time to the service of the state and be held rigidly to account for the full discharge of their duty."

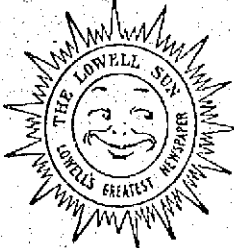

"Moreover, I regard the present method of charging the costs of a commission against the corporations who they are expected to control as a vicious method, which should be done away with."

"I have already urged the abolition of the railroad commission and the transfer of its functions to an ultimate board and I think before the costs of this commission are allowed to increase careful consideration should be given the question of discontinuing the commission."

REV. SARAH A. DIXON

Addressed Men's Fraternity of First Congregational Church

Rev. Sarah A. Dixon of Tewksbury, Mass., was the speaker at the annual ladies' night banquet of the Men's Fraternity, First Congregational church, last night.

Mr. E. F. Carley, president of the fraternity, presided, and introduced Miss Dixon who spoke on the city of Oxford, England, the university and the students, as compared with our educational institutions and their product. She said that the Rhodes scholars, in Oxford, have to practice strict economy in order live upon the \$1500 a year with which they are provided.

The English university, Miss Dixon says, makes specialists and experts, in contrast with the American university, which fits men for life. A young man spends the entire course in the study

of one branch, which he must select. She told of one young man who had chosen German, and of the thoroughness of his training in that one study. "When you get through," she said to him, "you will know German." "When I get through," he replied, "I will know nothing but German."

The theological school in Boston, she said, although a great school, is at

was witnessed by more than 200 of the congregation. The piece de resistance was a clever little sketch entitled "Squire Judkin's Apple Pie." Those included in the cast were: Arthur Gaffey, Miss Alice Henderson, Miss Alice Whitaker, Miss Alice Fleming, Ralph Taylor, Hester Sturges, Joseph Henthorne, Harold McDonald, Miss Florence Grant, Miss Ivy Hands, Warren Reid, Miss Sadie McDonald, Miss Dorothy Barclay, Charles Estabrook, Miss Alice Barclay, Miss Ethel Brown, Miss Bertha Bond, Miss Vivian Cowan, Albert Sturges and John McKelvey. Thomas Sturges and John McKelvey. Mrs. Lillian Haskell had general supervision of the entertainment, Mrs. J. P. Fleming was musical director.

PRAYER BOOK REVISION
WASHINGTON, April 28.—Need for prayer book revision to meet present day conditions was the topic of the 25th church congress in the United States today. On the program for papers were the Rev. George Douglas, canon of the cathedral of St. John the Divine, New York, and the Rev. Henry Gummey, rector of Grace church, Haddam, N. J., while the speakers were the Rev. Percy Grant, rector of the church of the Ascension, New York, and the Rev. Cyrus Townsend Brady, rector of St. George's church, Kansas City, Mo.

This afternoon's session ends the convention. The place of meditation in the development of Christian character is then to be discussed.

FUNERALS

McKENNA—The funeral of Mrs. Mary McKenna took place from her late home, 59 Lyon street, this morning at 8:45 o'clock and proceeded to St. Peter's church, where at 9 o'clock a solemn high mass was sung by Rev. W. George Mullin, Rev. D. J. Heffernan, deacon, and Rev. James McGuinness, sub-deacon. The choir under the direction of Mr. James E. Donnelly, sang the Gregorian mass and at the offertory Miss Mary E. Whiteley sang "Pie Jesu." After the elevation Mr. James E. Donnelly sang "Jesu Salvator Mundi" and as the procession was leaving the church the choir rendered "In Paradisum." Mrs. J. W. McKenna presided at the organ. The bearers were Messrs. Patrick McQuinn, Patrick McManus, John McCann, Arthur McCann, Terrence Kelly, Jeremiah Bailey, James McCann of this city and John French of Cambridge. There was a delegation from Spindle City choir, companions of the Forest, consisting of Miss B. Dunlop, Miss Helen Devine, Mrs. A. W. Devine and Miss Elizabeth Lane. Burial took place in the family lot in St. Patrick's cemetery, where Rev. W. Geo. Mullin read the committal prayers. Among the beautiful floral tributes were a large pillow of roses, lilies, pinks and ferns, with the motto in blue immortelles "Wife and Mother," from the husband and daughter; a large vase of red and white ribbon marked "Sister," from Miss Bridget McCann; a mammoth wreath on base of ivy leaves and pinks, with ribbon marked "Aunt Mary," from Mr. Henry P. Carr and Mary Carr, nephew and niece of the deceased; a large standing cross on base of roses, lilies and pinks, inscribed "Asleep," from Mr. George Matthews; and a spray of pinks from Mr. and Mrs. Schramm. There were friends present from Boston, Cambridge and Lexington. The funeral arrangements were under the direction of Undertaker John J. O'Connell.

HEARDON—The funeral of Michael B. Heardon took place yesterday noon at the Lowell cemetery chapel. The services were conducted by Rev. W. F. Whitney, pastor of the Methodist Episcopal church at Hildesboro, N. H. The funeral arrangements were in charge of Undertaker George W. Healey.

ROBINSON—The funeral of Mrs. Alvina Robinson took place from her late residence, 276 Pine street, Thursday afternoon at 2:30 o'clock, and was largely attended by many relatives and friends. The services were conducted by Rev. J. B. George, pastor of the Kirk Street Congregational church, assisted by Rev. Mr. Sampson of Tilton, N. H. There were appropriate selections by the Mendelssohn male quartet. The bearers were: Messrs. Frank Haynes, Henry Woodworth, Clarence Langdell and George Hull. Mr. Henry A. Smith had charge of the arrangements and the burial was in the family lot in the Edison cemetery in charge of Undertaker J. B. Currier Co.

HARPER—The funeral of Howard J. Harper, aged 4 years, 10 months, son of Robert and Rose, took place yesterday afternoon at 2 o'clock from the chapel of J. P. O'Donnell & Sons, and was largely attended. The burial was in St. Patrick's cemetery.

SHIPLEY—The funeral of Miss Mary F. Shipley took place from the Talbot chapel in the Lowell cemetery Thursday afternoon at 2:30 o'clock, and was well attended by many friends.

Was Claimant to an Estate
Valued at \$5,000,000

KANSAS CITY, April 28.—Elmer Swope, claimant to the five million dollar estate of Thomas H. Swope, alleging he is the son and only heir, has disappeared from his home in Martinsburg, W. Va., according to the statements of two lawyers who went to Martinsburg to take his deposition. The lawyers reached Martinsburg last Saturday and learned from the sheriff that he had served a subpoena on Swope a week before. The subpoena had been sent from here. The lawyers learned that Swope had packed up his belongings and left town a few days after the subpoena was served. It was for the murder of Thomas H. Swope that Dr. B. C. Hyde was convicted and sentenced to life imprisonment a year ago. The sentence was reversed and remanded by the state supreme court recently and Dr. Hyde was released on bond this week.

FUNERALS

MCSORLEY—The funeral of the late Mrs. Ellen McSorley took place this morning and was largely attended by sorrowing relatives and friends. The funeral cortege left the house of mourning in Fayette street and proceeded to the Immaculate Conception church where at 10 o'clock a solemn mass of requiem was sung with Rev. Dennis Sullivan, O. M. I. celebrant; Rev. Lawrence Tighe, O. M. I. deacon and Rev. Edward Fox, O. M. I. sub-deacon.

The choir, under the direction of Mr. Charles P. Smith sang Schmidt's requiem mass. At the offertory Mr. William L. Gookin sang "Pie Jesu," and after the elevation Mr. Edward F. Shen sang "O Meritum Passionis." As the remains were borne from the church the choir rendered "De Profundis" with James E. Donnelly as soloist. The Libera was sung by Mr. John J. Dalton assisted by the choir. Mrs. Hugh Walker presided at the organ.

Among the many floral tributes were a large pillow inscribed "Mother," from the family of the deceased, standing cross inscribed "Grandma," Master John McSorley; galaxy wreath and red carnations, William Hurley and family, a brother of the deceased; sheaf of wheat and lilies, R. J. Sullivan and family; wreath of carnations and roses, Mrs.

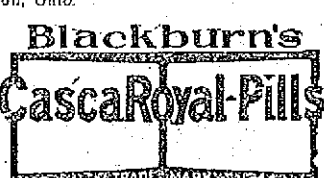

DRY SHAMPOO POPULAR

A local druggist is authority for the statement that most every woman, and many men, are using the popular "Vivian" dry shampoo. It is becoming a "must" for many women because of the quickly perceptible effect on the hair and scalp. It simply transforms an ordinary oily, stringy, dandruff-reeking head of hair into a most beautiful, lustrous, fluffy and clean one. Mix together six ounces of powdered orris root and two ounces antiseptic talcum powder. Keep in a jar or box and frequently distribute a tablespoonful through the hair. Let remain several hours or a night and then comb and brush thoroughly.

A WELL MAN SAYS:

Mr. Charles S. Colner, No. 528 Orchard st., Ayer, Pa., writes: "I tried a sample of Blackburn's CascaRoyal-Pills and then bought a box of them at R. W. Henderson's Drug Store in Ayer, Pa. I feel a well man today, for being in misery for so many, many years on account of not being able to get my system well regulated, etc."

Blackburn's CascaRoyal-Pills are a perfect system regulator, acting on the stomach, liver, kidneys, intestines and blood. They physic, tone and purify the system and are sold at all drug stores, or a free trial package sent to any one addressing The Blackburn Products Co., Dayton, Ohio.

"Best Stimulant in the World"

Mr. Wm. H. Hoff is Never Without a Bottle of This Wonderful Remedy in His Home—It is a Necessity to His Health and Vigor.

In his letter he says: "For over five years I have been using Duffy's Pure Malt Whiskey. I have found it to be the best stimulant that I have ever tried. I am never without a bottle of it in the house. I hope that this unsolicited testimonial will be appreciated by all suffering ones and all those in need of a fine tonic stimulant." Wm. H. Hoff, 2874 Amber St., Philadelphia, Pa.

Duffy's Pure Malt Whiskey

Is one of the greatest strength builders and tonic stimulants known to medicine. It strengthens and fortifies the systems against the attacks of disease and dangerous germs and assists in building up the weakened tissues in a gradual, healthy, natural manner. When taken at meal time it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutriment necessary to their sustenance and indirectly to the whole system strength and vigor. It makes the old feel young and keeps the young strong and vigorous. All druggists, grocers and dealers or direct, \$1.00 a large bottle. Refuse substitutes and imitations, they are injurious. Send for free medical booklet containing testimonials and rare common-sense rules for health and free advice.

LETTER CARRIERS

NATIONAL ASSOCIATION IN SESSION AT ATLANTIC CITY

ATLANTIC CITY, N. J., April 28.—Officers and the executive committee

of the National Letter Carriers' association are in session in this city arranging for the annual convention of the organization in Rochester, N. Y., next September.

Among the matters to be considered at the coming convention is an employees' liability act for the protection of the carriers in the performance of their duties. It is said there is no protection afforded families in the event of letter carriers being disabled or killed and a strong effort is to be made at the Rochester convention to remedy this defect.

REVISED TOLL RATES

Important Changes and Improvements on Short Haul Telephone Calls

BEGINNING MAY 1, the New England Telephone and Telegraph Company will extend the No-Delay System of handling toll calls and will establish a uniform rate of 10 cents for each five minutes or fraction thereof for calls between Lowell and the following exchanges:

Lawrence	Salem (Depot),	Lexington
Andover	N. H.	Concord
N. Wilmington	Haverhill	W. Acton
*Billerica	***N. Reading	Littleton
**Westford	Reading	Groton
*Tyngsboro	Woburn	Pepperell
Pelham, N. H.	Burlington	Nashua, N. H.
		Lincoln

*Present Rate .07 between subs. only will continue in effect.

**Present Rate .09 between subs. only will continue in effect.

***The operation of the system to this exchange will be begun as soon as practicable.

Under this no-delay system of operation, toll calls to all points where the rate is 10 cents or less will be handled in the same manner and with the same expedition as local calls, that is, calls must be made by number only. In order to give this no-delay service, WE CANNOT UNDERTAKE TO HANDLE CALLS FOR A DESIGNATED PERSON.

The caller will retain the receiver at his ear until an answer comes from the called station, or until the operator reports that the called station does not answer. If communication with the station called is not obtained, no charge will be made.

As this is the first of a series of announcements of important improvements in local and toll service, the co-operation of our patrons in regard to the making of such toll calls is earnestly requested.

FREE EMPLOYMENT BUREAUS

The state of Rhode Island is considering a bill to abolish the free state employment bureau as wholly useless. Massachusetts has such bureau but we have never been able to discover how they benefited the unemployed. There is a strong sentiment against them in our own state because of the lack of practical results.

INDICTED FOR MANSLAUGHTER

Two members of the Triangle Waist company have been indicted for manslaughter in New York as a result of the fire in which many girls lost their lives. Their conviction would cause other proprietors to have a care for the safety of their employees, but it cannot restore the victims to life, nor compensate their relatives for the loss sustained. Nevertheless if every case of gross negligence of this kind be promptly punished, the change that will result will greatly reduce the danger to life and property in case of fire in factories.

THE JUNO OF AMERICA

"The Goddess of Peace," the "Minerva of Modern Womanhood," and the "Juno of America"—these were epithets used in amorous notes sent to Mrs. O. H. P. Belmont by one Dr. Jackola who had met Mrs. Belmont in a casual way on the platform at a woman's suffrage meeting. In order to stop his unwelcome attentions Mrs. Belmont had Jackola summoned to court to answer for his conduct, but on promise to desist, the case was not pressed. From beginning to end of the whole matter Dr. Jackola's conduct has proved him to be a consummate ass.

TO ABOLISH THE U. S. SENATE

To abolish the United States senate, the president's veto power and the power of the supreme court to invalidate any law passed by the house of representatives is the proposition of a socialist member of congress, appealing for action looking to an amendment of the constitution. That would be the first step towards the attainment of the socialistic idea, but a great many other steps would follow. The constitution bothers a great many people. It is not perfect in every detail, but we do not believe the time has come when it can be amended out of existence to suit any body of governmental theorists.

MISSPELLED WORDS

The school teachers of Milwaukee are to compile a book containing a list of all the words most commonly misspelled. We venture to say that many of the teachers themselves will misspell some words in common use. The newspaper office has its trials with misspelling and it could probably get up a better list of misspelled words than could the oldest Milwaukee school teacher. We may mention a few of the words that all editors find frequently misspelled. First and foremost is accommodate, with one "m," "separate" for separate, "bouquet" for bouquet, "occurred and occurred" for occurred, "omitted and omitted" for omitted, "benefitted" for benefited, "mispeled" for misspelled, "disipation" for dissipation, "height" for height, "banquetted" for banqueted, "judgement" for judgment, "antidate" for antedate, "comexion" for connection. These are but samples of a list that might be extended at will.

TRIAL OF CONTEMPT CASES

The law just enacted providing that contempt of court cases may be tried by jury is a step in the direction of restricting the power of the courts in regard to injunctions. It has been charged, but on what grounds we are not prepared to say, that certain judges in the past have abused the power of granting injunctions. The bill just signed by Gov. Foss is intended to give parties charged with contempt the benefit of a jury trial. It is difficult to say how this law will work out in practice; but if the court dockets are so overloaded as they have been for the past five years in Massachusetts, a case of this kind may go along for two or three years before coming to trial. Owing to its technical and sentimental character the charge of contempt is likely to appear of little significance to the mind of the average jury if it lies over for any such period.

The effect of this law will be to lessen the power of the courts, but if it works any injury in this respect it will be repealed, as nobody wants to detract from the dignity or the power of the courts unless it be absolutely necessary for the protection of the rights of our citizens.

TO REDUCE INFANT MORTALITY

Fall River and New Bedford are inaugurating active steps against the onset of cholera infantum with the coming of hot weather. Bad feeding is assigned as the cause of the great infant mortality in those cities and "certified" milk is being urged as a partial remedy. It must be plain to the most unsophisticated that certified milk will sour almost as quickly as inferior milk. With the poor the great problem is to keep the milk from spoiling, while in their possession and when they have no ice to keep the milk cool, they can keep it but a short time without spoiling. Modified milk is much to be preferred to the "certified," which means that milk is certified to be fresh and pure when delivered to the consumer. It may be spoiled half an hour later.

Modified milk, on the other hand, is milk that has been prepared by a certain process and the addition of sugar of milk in order to constitute the nearest approach to mother's milk. The formula of course varies with the age of the child and when mothers are taught to modify the milk for their babies and keep it fresh and pure, there will be less sickness among young children and fewer deaths from cholera infantum. The milk station in Lowell has done and is still doing good work in supplying modified milk to some mothers and teaching others how to prepare it for themselves. It is to be hoped that the local board of health will do something to lessen the ravages of cholera infantum in Lowell. The work has been well begun by the ladies conducting the milk station and their efforts should be supplemented by strict enforcement of sanitary and health rules by the health board.

SEEN AND HEARD

While the groupings were hustling and pushing to get a car for Spaulding park yesterday afternoon two little tots were dragging an old tin can along the sidewalk and having the time of their lives. Wouldn't you like to be a "kiddo"?

Twice, as the bus slowly wended its way up the steep Cumberland Gap, the door at the rear opened, and slammed. At first those inside paid little heed; but the third time they demanded to know why they should be disturbed in this fashion.

"Whistle!" cautioned the driver, "don't spook so loud; she'll overhear us."

"Who?"

"The mare. Spoke low! Shure O'm desavin' the creature. Every time she hears the door close she thinks wan o' yez is getting down ter walk up the hill, an' that sort o' raises her sperits."—Success.

The Millerites, back in '72, when Grant was up for a second term, were preaching the immediate destruction of the world. They were even giving their property away.

At a Millerite camp meeting one night in Maine a Millerite preacher preached that the end of the world would come on October 1, just a month before election.

The preacher noticed a man in a front seat who manifested every symptom of satisfaction whenever the date was driven home. Perplexed, he accosted the man at the end of the service and asked him, why he had shown pleasure over such a terrible matter.

"Anything to beat Grant," was the reply.—Washington Post.

Robert W. Chambers, the novelist, was talking to a reporter about the artistic temperament.

"I have little patience with the artistic temperament," Mr. Chambers said. "It is synonymic of selfishness." Mrs. Wordsworth was right.

"The poet Wordsworth," he resumed, "used to compose in bed at night. Nudging his wife in the small hours, he would say:

"Maria, get up. I've thought of a good word."

"And Mrs. Wordsworth would rise sleepily, light a candle, and write at her husband's dictation for 10 or 15 minutes.

"A couple of hours later Wordsworth would say again:

"Get up, Maria. I've got a good word, he would repeat.

"But one night, Mrs. Wordsworth put a stop forever to this nocturnal dictation. Her husband, awakening her with the usual 'Get up—I've thought of a good word.'—St. Louis Globe-Democrat.

"Oh, get up yourself! I've thought of a bad word."—St. Louis Globe-Democrat.

"WHEN THE ROBINS' NEST AGAIN"

Our domicile was humble, quiet; Must folks would pass it by. But there for five and twenty years We dwell, my wife and I, Content that hushmuch as we Of chatters had but few.

For these and our modest cot Most happily would do.

And then one day when skies were blue And birds were on the wing (My yearly stipend had been raised That same adventurous spring), We suddenly within us felt A new expansive thrill.

Amidst the throng of the moving man To move us up the hill.

The moving man—a mighty man! Herculean is he! He dragged our treasures to the lawn And stacked them there with glee. He dragged them there and stacked them there.

And mighty grew the pile. Yet more, still more, that moving man Kept bringing forth the while.

He swore that every piece we saw Within that cottage small Had had a purpose. (Still, I protest Things did not crowd at all.) And yet, behold! before our eyes (My oath that that is true) A mountain by that cot disgorged Quite hid the same from view!

A DAUGHTER OF DIXIE

Her eyes are soft with dreams of love, And dark as some lagoon, In which, through woven branches shines

The glory of the moon. Her silver voice is sweet and low, Her brow is broad and meek, And pure as waxen orange flowers The oval of her cheek.

Her dusky tresses thick and fine, In many a silken fold, Are bound about her shapely head And filleted with gold.

Her lips are like the dewy rose That finds a resting place Upon her heart, in filmy frills Of organdie and lace.

A knight of old, who crossed the sea With nothing but his lance, Bequeathed to her that regal air, That dark and tender glance, Oh, daughter of the sunny south, Where summer never dies.

The north, that never feared your guns, Surrenders to your eyes! —Leslie's Weekly.

PEOPLE OF NOTE

A discovery in the fundamentals of electrical science, augmenting previous discoveries, has just been announced by Dr. Robert A. Millikan, assistant professor of physics in the University of Chicago. By this discovery, it is said, Professor Millikan gives complete proof of the correctness of the atomic theory of electricity, and a satisfactory demonstration of the perpetual dance of the molecules of matter. Last spring Professor Millikan announced the isolation, for science, it was stated, of an individual atmospheric, iron-ion electrically charged molecule of air—holding it under observation for an indefinite length of time, and making a direct study of its properties.

Miss Christine Benneville, who occupies a post in the biological laboratory of the Christiana University, and who is the author of a standard work on biology, is the first woman to be elected a member of the Norwegian Academy of Science. Moreover, Miss Benneville has every chance to become the first woman professor in Scandinavia, since she has been placed first on the list to fill the chair of biology at the Christiana University.

After preaching his fortieth anniversary sermon on Sunday at Whitinsville, Rev. John Rogers Thurston read his resignation as pastor of the Congregational church of the town. Mr. Thurston has finished fifty years of church service, having preached for ten years at the Congregational church in Newbury, before going to Whitinsville. He will retire from active duty the first Sunday in July. He was the second pastor to occupy the pulpit of

the town's Congregational church since its construction in 1891.

Mr. Thurston is a graduate of Yale, 1881, and of the Bangor Theological school. He has always been active in state and town affairs. He served on the Christian commission during the Civil war, represented the ninth Worcester district in the state legislature in 1898, and for years was head of the town library.

Bruce Payne, professor of secondary education and psychology of the University of Virginia, has been appointed president of the Georgia Peabody College for Teachers at Nashville. He will have a free field for constructive work, as the old Peabody college has been disbanded, and the new one will start with new grounds, buildings, and faculty, and a million and a half dollars additional endowment.

Dr. Arthur Fairbanks, director of the Boston Museum of Fine Arts, is to be the Phi Beta Kappa orator at the State University of Iowa on June 14.

The Rest House of Swansea, which is one of the generous gifts of a Massachusetts churchwoman, is rapidly nearing completion, and will be ready for dedication before the summer season begins. Mr. Clarence H. Poor, one of the prominent laymen of the diocese, will be the managing director of the house.

Miss Ella M. Boynton has been much written of in the newspapers and much talked of recently because of her appointment as cashier of the First National bank of Bayville, Long Island, New York. Miss Boynton is said to be the only woman cashier of a national bank in New York state. She is "not a sugarplum," she says, but she firmly believes that women are entirely capable of filling many of the positions now given to men, and in her new work she is proving the solid foundation she has for her belief, at least as far as her own case is concerned. Her predecessor as cashier was a man, who was obliged to resign his position because of ill health. Miss Boynton is said to receive the same salary \$2500 a year, as did the former cashier.

SUNDAY PRIVILEGES

AT CRESCENT PARK CRITICIZED

BY LOCAL PASTOR

PROVIDENCE, R. I., April 23.—Rev. Joseph E. Hughes, pastor of St. Brendan's church, Riverside, has called upon Councilman Warren Fales of the East Providence town council to protest against the granting of a license to Crescent park, allowing "two per cent" beer to be sold there Sunday, and against granting privileges to the new manager of that shore resort, Leo Myers, late of Vardar.

If necessary, Mr. Hughes will apply to the supreme court for an injunction.

"When I heard that the town council intended to grant to Crescent park the privilege of selling beer there on Sunday," said Mr. Hughes yesterday morning, "I doubted the statement, as I have much confidence in Councilman Fales, and in fact, the entire council, to back up its recent declaration to clean up the local shore resorts. Wishing to get a statement on the matter first handed, I visited Councilman Fales and put the question to him. Mr. Fales replied that the council did intend to allow the selling of '2 per cent' beer at Crescent park on Sunday, and he further said that he did not think that the council could stop the sale of that class of beer on the Sabbath. It is the case," added the pastor, "I do not see how the council can prohibit an individual or corporation from selling '2 per cent' beer anywhere in the town on the Sabbath."

"I oppose the appointment of Leo Myers as manager of Crescent park," said Mr. Hughes. "Mr. Myers once approached me, only a few months ago, offering to spend \$300 for the entertainment of my Sunday school pupils, and the manner in which the offer was made so incensed me that I told Mr. Myers to mind his own business in regard to my pupils as I could take care of them without any help from them."

"Now that I have the positive state-

ment from Councilman Fales, declared F. Hughes, "that the council would not oppose the selling of two per cent beer at Crescent park on Sunday, it is very apparent that the residents of the Riverside section must take the matter into their own hands, and I propose to have a petition circulated, protesting against the granting of any such privilege to any individual or corporation in this end of the town. If this does not have the desired effect, I will appeal to the supreme court for an injunction restraining Crescent park from doing any business on the Sabbath day."

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid breaths in throat after eating, stomach gnaw or burn, foul stools, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abdominal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants. NERVOUSNESS

This Man Took His Wife's Advice and Dr. Williams' Pink Pills and Was Cured.

Mr. Harry Bemis is a well-known resident of Fine street, Granville, N. Y. His complete recovery from nervousness through the use of Dr. Williams' Pink Pills should convince every sufferer of the value of this remedy.

"I had been feeling badly for a long time," says Mr. Bemis, "and finally was compelled to quit work on account of my ill health. I had been working hard and my trouble was at first extreme nervousness, then my sight became affected and I consulted an oculist who was also an M. D. He told me that I had, as he worded it, a shock of paralysis. He treated me for some time, but I received no benefit and so went to another physician. I can hardly describe how nervous I was at this time. Even slight noises would almost make me wild. My mouth was drawn so that I could scarcely eat and one eye was affected so I could hardly see. I had very little use of my limbs and was almost a complete wreck."

"The doctor failed to help me and I followed my wife's advice and took Dr. Williams' Pink Pills. She had used the same remedy herself with the most gratifying results and she persuaded me to try them when it appeared that the doctors were unable to help me."

"The pills acted very quickly in my case. I became less and less nervous and took the pills until I was entirely well. They worked wonders for me and I am glad to help others by telling of my cure."

There is absolutely no way of reaching the nerves with medicines except through the blood. The nerves receive all of their nourishment and support from the blood which, under healthful conditions, carries the elements needed to rebuild wasted nerve tissue.

Every person who is interested in the home treatment of nervous disorders should send for a new edition of our booklet entitled, "Diseases of the Nervous System, Their Nature, Symptoms and Treatment." Address the Dr. Williams Medicine Co., Schenectady, N. Y.

Dr. Williams' Pink Pills contain no harmful or habit-forming drugs, and the sufferer who gives them a trial will avoid the danger so common in taking drugs which only deaden pain.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50 by the Dr. Williams Medicine Company, Schenectady, N. Y.

the town's Congregational church since its construction in 1891.

Mr. Thurston is a graduate of Yale, 1881, and of the Bangor Theological school. He has always been active in state and town affairs. He served on the Christian commission during the Civil war, represented the ninth Worcester district in the state legislature in 1898, and for years was head of the town library.

Bruce Payne, professor of secondary education and psychology of the University of Virginia, has been appointed president of the Georgia Peabody College for Teachers at Nashville. He will have a free field for constructive work, as the old Peabody college has been disbanded, and the new one will start with new grounds, buildings, and faculty, and a million and a half dollars additional endowment.

Dr. Arthur Fairbanks, director of the Boston Museum of Fine Arts, is to be the Phi Beta Kappa orator at the State University of Iowa on June 14.

The Rest House of Swansea, which is one of the generous gifts of a Massachusetts churchwoman, is rapidly nearing completion, and will be ready for dedication before the summer season begins. Mr. Clarence H. Poor, one of the prominent laymen of the diocese, will be the managing director of the house.

Miss Ella M. Boynton has been much written of in the newspapers and much talked of recently because of her appointment as cashier of the First National bank of Bayville, Long Island, New York. Miss Boynton is said to be the only woman cashier of a national bank in New York state. She is "not a sugarplum," she says, but she firmly believes that women are entirely capable of filling many of the positions now given to men, and in her new work she is proving the solid foundation she has for her belief, at least as far as her own case is concerned. Her predecessor as cashier was a man, who was obliged to resign his position because of ill health. Miss Boynton is said to receive the same salary \$2500 a year, as did the former cashier.

SUNDAY PRIVILEGES

AT CRESCENT PARK CRITICIZED

BY LOCAL PASTOR

PROVIDENCE, R. I., April 23.—Rev. Joseph E. Hughes, pastor of St. Brendan's church, Riverside, has called upon Councilman Warren Fales of the East Providence town council to protest against the granting of a license to Crescent park, allowing "two per cent" beer to be sold there Sunday, and against granting privileges to the new manager of that shore resort, Leo Myers, late of Vardar.

If necessary, Mr. Hughes will apply to the supreme court for an injunction.

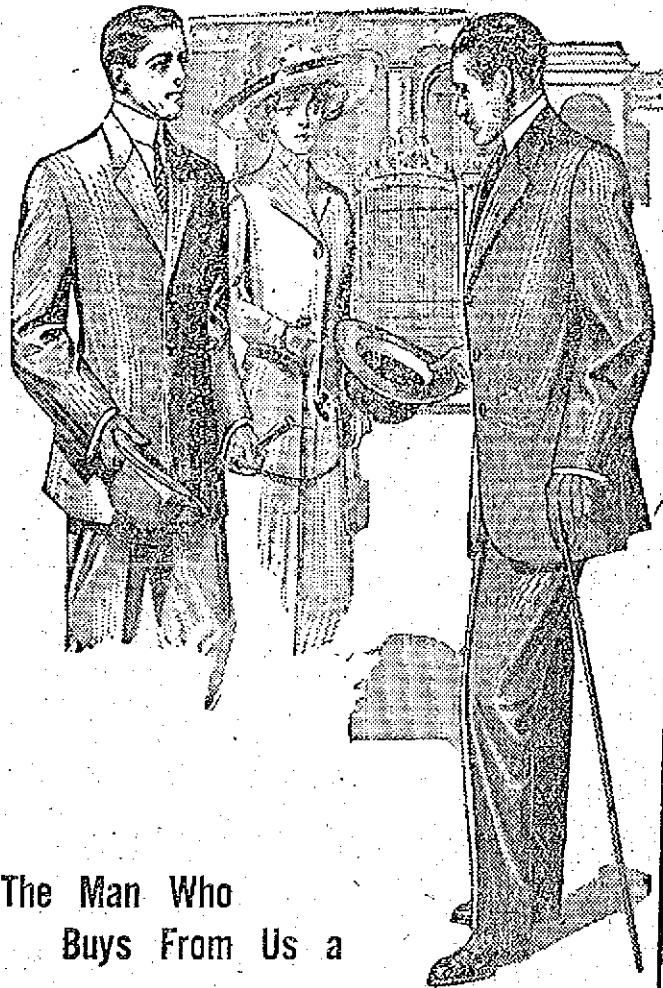

"When I heard that the town council intended to grant to Crescent park the privilege of selling beer there on Sunday," said Mr. Hughes yesterday morning, "I doubted the statement, as I have much confidence in Councilman Fales, and in fact, the entire council, to back up its recent declaration to clean up the local shore resorts. Wishing to get a statement on the matter first handed, I visited Councilman Fales and put the question to him. Mr. Fales replied that the council did intend to allow the selling of '2 per cent' beer at Crescent park on Sunday, and he further said that he did not think that the council could stop the sale of that class of beer on the Sabbath. It is the case," added the pastor, "I do not see how the council can prohibit an individual or corporation from selling '2 per cent' beer anywhere in the town on the Sabbath."

"I oppose the appointment of Leo Myers as manager of Crescent park," said Mr. Hughes. "Mr. Myers once approached me, only a few months ago, offering to spend \$300 for the entertainment of my Sunday school pupils, and the manner in which the offer was made so incensed me that I told Mr. Myers to mind his own business in regard to my pupils as I could take care of them without any help from them."

BACHELOR CLUBBig Show Takes Place
Tonight

The big event of the season takes place tonight.

The 20th Century Bachelor minstrels give their annual performance in Associate hall and if there is anything in the line of amateur minstrelsy that can surpass this Bachelor crowd, it has not struck Lowell yet. All the local favorites, Jimmy Donnelly, Ed. Shea, Johnny Dalton, Billy Gookin, Tom Corbett, Babe Rogers, Luke McDonald, John Devlin, Frank McMartin with his Casey Jones, Charlie DeFoe, and a host of other soloists and endmen with a chorus of thirty voices will provide a chorus of thirty voices will provide a grand stage setting, representing a Dutch room and garden where a member who has deserted the Bachelors and taken until himself a wife, entertains his former colleagues. The songs are the latest, the choruses the best ever given and the entire program will furnish one of the biggest surprises of the season. Ed. Shea is going to sing "Mary Ann," but it is not the same "Mary Ann" that he has given us on previous occasions. The production will be under the direction of Charlie Slattery, the lad who is always looking "for more volume boys" and that means that everything in chorus and solo lines will be O. K.

Kittredge's orchestra will furnish the music for the overture and the dancing that will follow. Be sure and see the Bachelors tonight or you will miss the treat of the season.

THE AEROPLANETo be Used in Polar
Work

NEW YORK, April 28.—Rear-Admiral Robert E. Peary's name has been added to the list of those who think that the important work of polar exploration in the future will be done by means of the aeroplane. Speaking at the annual dinner of the Aeronautical society here last night, Rear-Admiral Peary said:

"In my opinion the aviator is destined to conquer the two remaining unknown areas of the globe, viz., the regions surrounding the north and south poles. The balloon will not serve the purpose—the work of exploration in the future will be done by the aeroplane."

GOING FISHING?

Here's a wrinkle for the man whose rod is ready. When you start for the woods, put in your kit a small bottle of Toiletine which can be bought at any drugstore. Toiletine will save you lots of discomfort. It heals cuts, scratches, burns, takes the sting out of insect bites and relieves the discomfort of sun-burn. Toiletine is also good for colds, coughs, croup and all throat troubles.

NON-SUPPORT CASE

Was Heard in the Police Court

This Morning

The greater portion of this morning's session of the police court was taken up with the hearing of the complaints of neglect of wife and child preferred against Ernest Poulin.

Mrs. Poulin testified that she left her husband about three months ago owing to his abusive treatment, and at that time took her 18 months old child with her. She said she was willing to go back and live with her husband, but that he did not want her.

The defendant, who is employed in a local laundry, said he has a good home and is willing to provide for his child. He stated that he did not want to live with his wife.

The court after considering the evidence in the case ordered the defendant to pay \$1 per week for the support of his wife and \$2 per week for support of the child. Judge Hadley after making the decree suggested that the couple make up their differences and live together. Poulin appealed.

Had An Unlicensed Dog

Patrick H. Owens charged with keeping an unlicensed dog entered a plea of guilty, but owing to extenuating circumstances the case was placed on file. Judge Hadley was informed that Owens had owned the dog in question for 11 years and had paid for a license every year until the present. Owens was of the opinion that he had until the first of May to pay the license. Last week a police officer called at his home and said he would have to have the dog licensed. Mr.

Owens went to city hall, paid the license fee and two days later he was summoned into court on a complaint charging him with keeping an unlicensed dog.

Drunken Offenders

There were but two persons arrested for drunkenness during the past 24 hours. One was in such a condition that it was deemed necessary to send him to the city hospital for treatment. The other, Mary A. Carney who was under a suspended sentence of three months in jail, violated the conditions of her probation by getting drunk and the suspension of her former sentence was revoked.

TURNED THE TABLES

Lowell Got Square With Brockton Team Yesterday

Batted Two Pitchers For 11 Hits Netting 9 Runs—Dugan and Wright Showed Up Well—Visitors' Outfield Showed Some Class

Lowell turned the tables on Brockton at Spalding park yesterday afternoon hitting two Brockton pitchers for 11 safeties and netting nine runs and the game. Quinn, the recruit pitcher who came here with Wolfgang was on the slab and he made good, holding Brockton to seven hits but scattered enough to prevent the visitors realizing much on them. Errors were as much responsible for Brockton's runs as were the hits.

On account of Fluharty's injury Dugan played right field and Wright, the Panama recruit, was on first. Both were very much in the game. Dugan dropped a fly after a run, which was excusable but he made two fine singles that brought in three runs. Wright looked very good on first. Boutles played third again and was fine in spots and not fine in others.

Smith, Brockton's left fielder, and McLane in center field showed some class in fielding. Stankard, the heavy hitting first baseman of the visitors, was there with two singles and a three sacker.

Umpire Stafford umpired faultlessly. The game in detail:

First Inning
The visitors started off in the first inning by scoring a run. Hendrickson flied to Boutles and Connaughton hit to Wright and was out at first. Stankard flied to Dugan, but the latter dropped the ball and the runner went to second on the error. Stankard scored on Boardman's single to center field. Boardman tried to make second on the play but was thrown out by Huston.

In the latter half of the inning Moulton hit to Loneragan and was out at first; Barrows went to first after being hit by a pitched ball. Conney flied to Loneragan and Barrows went out while trying to steal second.

Second Inning
Nothing doing in the second inning. Smith flied to Dugan, McLane flied to Magee and Loneragan hit to Boutles and failed to reach first.

With the bases filled in the latter part of the inning Lowell failed to score. Magee drew a free pass and Dugan followed with a sacrifice. Wright hit to Adams who in trying to get Magee at second allowed Wright to reach first. Boutles flied to Boardman. Huston walked and the bases were filled but Quinn fanned the batters.

Third Inning
The visitors went out in one, two, three order in the third inning. Wade hit to Quinn and was out at first. Adams struck out and Hendrickson hit to Conney and was out at first.

Lowell scored two runs in the latter half of the inning. Moulton opened with a base on balls. Barrows hit to Adams and was retired at first. Moulton going to second. Conney singled to center field and Moulton went to third. Moulton and Magee attempted a squeeze play, but Magee failed to connect with the ball and Moulton was caught between third base and home, but Wade hit to third and Moulton scored. Magee hit to Loneragan and Conney walked home and was thrown out. While four of the Brockton players were trying to tag Conney Magee reached third. Dugan singled scoring Magee. Wright flied to Smith.

Fourth Inning
Connaughton hit to Moulton and failed to reach first. Stankard followed with a single to left field. Boardman hit to Boutles and was out at first. Stankard going to second. Smith singled to left and Stankard scored. McLane closed the first half with a fly to Barrows.

Lowell started a batting carnival in the latter half of the inning and descended on Adams with both feet. Every member of the local team went to bat and when Wright was retired on a fly five runs had been scored.

Boutles opened with a single and went to second on Huston's sacrifice. Quinn hit to center field for a single and Boutles scored. Quinn going to second on the throw home. He went to

DIAMOND NOTES

At Worcester today and tomorrow.

There appear to be others besides Brockton who can wallop a pitcher.

Wright appears to be all right, all right, on first bag.

P. John Dugan is certainly some stick artist. Dugan is a candidate for first base but he filled in at right field yesterday on account of Fluharty's disability. At first it was thought that he could get back into the game tomorrow, but it seems that he must stay off a while.

Klondike Smith and Eddie McLane of the Brockton team showed some class in fielding yesterday.

Fred Lake who is scouting through the New England colleges for the St. Louis Americans was at the game looking the boys over.

Quinn showed up finely against Brockton and while they made seven hits off him he kept them fairly well scattered and errors contributed to the run making as much as the hits made off Quinn. The boy looks to be all right.

Wheeler, a pitcher from Vermont, joined the Brockton team in this city. Manager Flanagan has a big crew of pitchers. One of them, Ward, promises to be a corker. He has the distinction of pitching the first no-hit, no run game of the season.

Smith made a beautiful running catch off Moulton's bat in the fifth and speedily made a double out of it. Smith is a Lawrence fellow but the management of the Lawrence team overlooked him and Brockton snapped him up.

Boutles got eight chances out of nine at third base, but the fans still handed it to him.

Dugan batted in three of Lowell's runs which isn't bad for a recruit. Dugan doesn't handle himself as well as Wright at first base but he can handle a bat like a veteran.

More canning is in order by tomorrow night and here is where the management will have to do some tail thinking for there are some who must be canned who look pretty good.

WON TWO HEATS

"ARLINGTON BELLE" VICTOR IN HORSE RACE

The horse race held on the boulevard yesterday afternoon, attracted a large number of sports, and great enthusiasm prevailed while the race lasted.

The contest was between Henri Dubois, "Arlington Belle," and Arthur Lacombe's "Malamute." Both had warm partisans. The first start was driven by its owner, while the other was driven by Ernest Pelletier. "Arlington Belle" came out victorious, winning two heats out of three.

known young men from the south end of the city and that they are popular with their many friends was attested last night, for one of the largest crowds that ever assembled in the hall was present.

The festivities opened shortly after 8 o'clock with a concert overture by Gilmore's orchestra. At 8.30 o'clock dancing was started and continued till 10.30 when a short intermission was held, dancing was again resumed and continued until midnight.

Those responsible for the grand social and financial success of the affair were: General manager, Thomas Fay; assistant general manager, John Hannigan; floor director, Alce McCartney; assistant floor director, Walter McLaughlin; chief aid, Warren Rogers; assistant chief aid, John Hannigan; Charles Emerson, William Hartley, Thomas Spencer, John Higgins, Charles Crowley, David Coleman, William Sullivan, Joseph Reidy, George Mangum, James Dillon; treasurer, Thomas J. Fay.

MONSTER CONCERT

TO BE HELD IN OPERA HOUSE, SUNDAY NIGHT

Joseph N. Weber in the International Musical, says regarding the recent concert by the Boston Musical band of 400:

"It may be imagined that no matter how roomy an auditorium suited for concert purposes may be, a band composed of such a number of musicians would have as a result such powerful shrillness of sound as would make it

questionable enjoyment for the 1911-1912 season.

"Nothing further from the truth. The multiplication of instruments does not increase the strength of the sound waves, it simply results in the increase of the volume thereof. Said volume at these Boston concerts is of such a pleasing and musical nature as to offer real enjoyment to all. The audiences at these concerts are always rewarded by a musical treat indeed. The clearness of an army of flutes, the nobleness of the sound of three scores or more claimants, the beautiful tone of numerous French horns, the clear-voice of three score or more cornets, the martial sound of a half hundred trombones, together with tubas, all had as a result a tone coloring never to be forgotten and ever to be remembered."

The Lowell local will follow suit on Sunday evening, when it will conduct a monster concert at the Opera House in aid of the relief fund under the direction of Prof. P. J. Burleigh.

ARTHUR LEVELLE

SURPRISED BY NUMBER OF HIS FRIENDS

An agreeable surprise was caused Mr. Arthur Leveille last night, when a number of his friends gathered at his home, 64 Butterfield street, and presented him with a beautiful gold watch and a fine pair of gold cuff links.

Mr. Leveille is the popular window trimmer of the A. G. Pollard Co., and also a member of the Cerele Rotary. His numerous friends gathered at his business, try The Sun "Want" column.

BIG RACE MEET

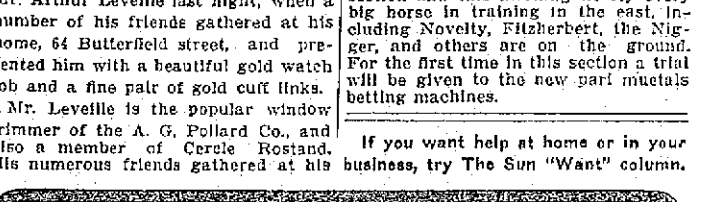

BALTIMORE, April 28.—What is expected to be the greatest race meeting ever held by the Maryland Jockey club at the old Pimlico track begins tomorrow afternoon and will continue until May 17. For weeks past horses have been coming into the track from every section and this morning nearly every big horse in training in the east, including Novelly, Fitzherbert, the Nigger, and others are on the ground. For the first time in this section a trial will be given to the new pari mutuels betting machines.

PREMIER ASQUITH

Favors Adoption of Anglo-American Arbitration

LONDON, April 28.—What Premier Asquith described as "this venerable guild hall without whose deal of approval no popular movement in London is really launched," witnessed today a meeting for the adoption of resolutions pledging the city to the support of Anglo-American complete arbitration.

The lord mayor of London, in his scarlet robes and with the mace in front of him, held the center of a temporary stage. On his right was the prime minister, leader of the opposition in the house of commons, while massed about the mayor were the archbishop of Canterbury, the archbishop of Westminster, Lord Leighton, the high commissioner of Canada, Sir Joseph G. Ward, premier of New Zealand, and other notables. Over their heads the Union Jack and Stars and Stripes were entwined.

Mr. Asquith and Mr. Balfour spoke eloquently of the treaty first proposed by President Taft, declaring that it would mark a new era in civilization but both pointedly disclaimed that a peace pact between Great Britain and the United States providing for the submission of all differences to arbitration would mean an alliance between the two countries. Mr. Balfour warned his hearers, then, that while none in the world felt more the burden of preparing for war, that the treaty would not mean the immediate reduction of armaments.

The meeting represented the democracy of England rather than the aristocracy. Others on the platform were the bishop of Hereford, the earl of Aberdeen, lord lieutenant of Ireland, Sir George Read, high commissioner of Australia, and agents of all other British colonies along with representatives of the banks, the railways and the steamship companies of England.

Premier Asquith said in part: "The unique situation which we have met to recognize and welcome has not been organized or engineered by the apparatus of diplomacy. The steel which the president of the United States cast fell on ground prepared to receive it. That which a few years ago, even a few months ago, might

have been regarded as the dream of idealists has not only passed into the domain of practical statesmanship but has become the settled purpose of two great democracies. The profound significance of the new departure is that between Great Britain and the United States, whatever the gravity."

100 YARDMEN

HAVE JOINED RANKS OF THE STRIKERS

COLLINSVILLE, Conn., April 28.—One hundred yardmen joined the ranks of the strikers at the hardware plant of the Collins Co. today, making a total of 300 now out because of dissatisfaction over wages. The men, practically all Poles, say they will insist on their demands but the company insists it will not grant them. It is thought that unless the trouble is adjusted shortly the plant, which employs between 1100 and 1200 men, may be forced to shut down.

Cooking without fire? Wonderful, marvelous, simple as A B C. Call and see the Caloric Fireless Cooker at the Thompson Hardware Co.

MAN WAS ROBBED

He Was Held Up by Three Men

BOSTON, April 28.—While walking along Warren street in the South End early today, William White, of Rumford Falls, Me., was held up, beaten and robbed by three men. White lost \$5.50 which he had in his pocket book. One of the alleged assailants, Michael O'Neill who resides near the scene of the robbery, was arrested, but the others escaped.

LEGAL NOTICES

MORTGAGEE'S SALE OF REAL ESTATE

By virtue of a power of sale contained in a certain mortgage deed in and to the County of Middlesex and Commonwealth of Massachusetts, Charles E.
